Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails to perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Kodol Digests What You Eat and relieves the stomach of all nervous strain and the heart of all pressure.

Ask for the 1905 Kodol Almanac and 200 year Calendar.

Standard Drug Company, Asheboro Drug Company.

Dr. S. A. HENLEY, Physician - and - Surgeon, ASHEBORO, N. C.

Offices over Speer & Hollings' store near Standard Drug Co.

Capital and Surplus, \$36,000.00
Total Assets, over \$150,000.00

My Work Pleases!

WASHINGTON LETTER.

President Talks One Way and Writes Another.

SPEAKS IN KENTUCKY ONE SENTIMENT, IN MASSACHUSETTS THE OPPOSITE.

Talk Sitting on the Lid The Chicago Election. Freight Rates Reduced. Rebates.

Washington, D. C., April 24.—Everybody has been reading the President's speeches on his trip through the great State of Texas and the Southwest. Some of them have been good and some have been indifferent, but nearly all of them have been inconsistent. The only consistent thing he has done or said is that he sticks to the text of war and the war spirit.

Education is a slow growth. It is gathered in small quantities and is acquired little by little.

Intelligence commands respect, whether the person who possesses it wears broad cloth or overalls.

The class of instruction is better where there is local taxation or a graded school for them only the best teachers are employed.

A tax of 25 cents on the \$100 valuation of property and 75 cents on the poll will cost three-fourths of the people several times less than paying tuition.

The growers have closed up for the present. We haven't heard any in ten days send up a wall of woe, but some people can only see the dark side.

The merchant who expects to jump to success at one bound will accomplish but little. A single advertisement will not make you known permanently but you should make a campaign of publicity.

Congressman Page tells the Raleigh Post he has found out how deep the Moore county sand is. Recently a well was bored in Aberdeen and after boring 210 feet through the sand there was found a layer of slate.

The spirit of progress is seen everywhere in this great Piedmont section. The biggest undertaking ever undertaken in this section is that of the Whitney Reduction in developing power at the narrows on the Yadkin. Development and improvement is seen on every hand.

The time has been in North Carolina when the children had no friends in the general assembly—not so now. Other interests were represented, but there was no one who saw the uplifted pleading hands and heard the small voices of the thousands of children. It is very different now, the children are not forgotten and their voices are heard and heeded.

The fresh air fad is the most sensible fad which has struck the country in a long time. It is now held by almost everybody that Dr. Ozone is the finest physician in the world. Fresh air is prescribed by physicians and everybody else as a cure for almost every ill. The fresh air cure is the most marvelous and consistently dependable of any of the fads which have prevailed.

The History of the First North Carolina Raucous, at Greensboro, N. C., October 11th, 12th and 13th, 1902, is the title of a beautiful and interesting volume compiled and edited by G. S. Bradshaw, Esq., of the Greensboro bar. Jos. J. Stone & Co. are the printers, and the printing and binding are done in the highest art. Mr. Bradshaw has prepared with care and ability this beautiful souvenir volume.

The commissioners of Wake county are compelling the collection of the merchant's tax for 1904. The clerk of the board of county commissioners has furnished a list of them in schedule "B," and taken the sheriff's receipt for the same. The merchants, as yet, have not listed their gross sales for 1904. The last Legislature abolished this tax. The trouble is that merchants have not paid for last year. They have not paid in Randolph. The commissioners here would do well to take the same course that has been taken in Wake.

Make the breath as sweet as a rose by curing indigestion, and Sour Stomach with Kodol Dyspepsia Cure. A pleasant, palatable, reconstructive tissue-building digestant. E. L. Babcock, Amherst, Minn., says: "I have taken a great many remedies for indigestion but have found nothing equal to Kodol Dyspepsia Cure." Kodol digests what you eat, cures indigestion, Dyspepsia, Sour Stomach, Belching, Heartburn and all Stomach Troubles. Great cure is used in the preparation of Kodol—the greatest digestant that has ever been discovered. Sold by Standard Drug Co. and J. T. Underwood.

NOTES AND COMMENTS.

Advertising is a system of education. Sunshine makes brain as well as brawn.

The time is past when a man can do just like pa did and succeed.

NORTH CAROLINA TEACHERS' ASSEMBLY.

The News of Our Neighboring County.

Some of those Who will Speak at the Next Annual Meeting, June 13 to 16.

Among the speakers at the Teachers' Assembly at Greensboro June 13th to 16th will be Dr. Walter Page, Editor of the World's Work; Dr. James E. Russell, of Columbia University; Prof. L. H. Bailey, Editor of Country Life, and Professor in Cornell University. Dr. Stetson, State Superintendent of Public Instruction of Maine; Hon. O. B. Martin, State Superintendent of S. C.; Mr. Dick J. Crosby of Washington, D. C.; Miss Adele Marie Shaw of Brooklyn, whose recent educational articles in the World's Work have had wide appeal abroad; and Miss P. H. Hill, Principal of Louisville Kindergarten Training School. A number of other distinguished educators have been invited to be present. This will be a great educational gathering, and will be continued for three days. We would be glad to see every teacher in North Carolina attend.

Judge Parker's Speech.

Judge Parker's speech at the Jefferson lay banquet of the New York Democratic club is full of good things. But the best pleasing of his utterances are his remarks concerning the Democracy of the south. Hear his tribute:

"Surprise is sometimes expressed that the south has remained solid, and yet, no student, whatever his prejudices, could overlook the fact, that in politics there is a sense of gratitude, not for favors expected, but for unselfish and commanding services to humanity. Indeed, nothing in all the recorded history of mankind has been more pathetic, more heroic, more deserving of admiration and sympathy than the attitude of the south since 1865. As late would have it, their defeat in war was the smallest of their woes because it could neither threaten nor bring dishonor. But the new contest, with its carnage, with its military power, with theft and robbery, with poverty and the enforced domination of a race lately in slavery—fought as it was without time for recovery and that, too, in their own homes, required a courage little less than superhuman."

"Maintaining the struggle with the great and almost insurmountable problem of our time, working under the most serious difficulties, contravening in the face of many disadvantages, these people have manfully represented the hopes, the ideals and the traditions of their country and the logic as well as the heroism of our national history. If any man is so foolish as to ask why the Democratic party has been true to the south, in its time of trial, and why this attachment has been required, it must be because he knows little of history and less of human nature."

High Point Graded School Commencement.

The Courier acknowledges receipt of invitation to the commencement exercises of High Point Graded School, the program being as follows:

Sunday, April 30th, 11:00 a. m.—Annual sermon by Dr. B. W. Battle, Greensboro, N. C.
