years, was buried at the public come tery at this place Friday. The fun-eral aervices were held at the M E churck, conducted by Rev W I Shared The subject of this sketch was

Larisdo, Texas, is a storm swept section. On the morning of April 29th more than 150 persons were killed and many more injured. Twenty-fice in one hotel were killed; 50 railroad coaches were blown away. The damage was not confin-ed to Laredo, but there was much damage across the Rio Grande river in Mexico.

any town in the State. If you don't believe, come go with us round and lock for yourself. The mills in Asheboro give steady mploymen and good -wages. The school is as good as any in the State. It is a healthy place. That is enough. These things are like mag netzs—they attract. Yes, the Australian ballot with come but not until the public school nave pavel the way. When every voter, like Sootchmen claim to be, can read and write, then we can and ought to have the Australian ballot with shave pavel the way. When every voter, like Sootchmen claim to be, can read and write, then we can and ought to have the Australian ballot with site. It is in what is known as the principles of morality with them, in State. It is in what is known as the present the world, and the fact that this is probably the best farm ing and idling away his time, you wonder what their well-to and contitions not be improved by im-pressing on the public minot to state and tollars, calls to mind the fact ing and idling away his time, you wonder what their well-to and contitions not be improved by im-pressing on the public minot to state and the gublic minot with state and the most is known as the parent what their well-to and wonder what their well-to and contitions not be improved by im-pressing on the public mind the fact in grant idling away his time, you wonder what their well-to and contitions not be improved by im-pressing on the public mind the fact is tateal a prime fight than to visit is atteal a prime fight than to visit in the community is represented by a time and its establishment has worked J C Linney, who left Statesville hast November taking with him his baby, which was at that time only baby, which was at that time only ten months old, was arrested in Spartaoburg, S. C., last Saturday on a charge of assault upon his wife with intent to kill. Linney was for a short time editor of the Carolina Mascott. There ware differences be-tween him and his wife which was street talk. These differences cal-minuted in Linney seizing his child from its mother and made off with it. A writ of habeas rorpus was ob-tained for the possession of the child but Linney could not be found and nothing was heard of him until ar-rested in Spartanburg Saturday. He will be hrought back to Statesville for trial.

Secure a Home. b D. A. Tourskins, of Charlotte by 0. A Tompkins, of Charlotte. For working people, the difference between prosperity and poverty may depend upon slight differences in the systems of education, labor or savings which have been afforded them. The object of this writing is to discuss the best system of savings institutions which has been devised, and to show how to use it. The most successful and most

The most successful and

advantageous system for working peo-ple is that of co-operative institu-tions, whereby working people may help themselves and make their own

help themselves and way to prosperity. The most important conditions which I conceive to be necessary for the maintenance of a successful co-the maintenance of a successful

(1). The development of a high respect for Christian principles. This work is naturally, to a large extent, in the hands of the ministers of the intervence.

in the hands of the ministers of the different Chrustian denominations. (2). The development of intelli-gence and skill by education and training. The development of in-ledigence rests upon the system of by all those who knew her. Besides education provided by the State. The execution of the system is in the lands of the teachers. The development of skill reats upon the system of industry or labor fostered by the State. The execution of the system freats, in industrial pursuits, with the cultural pursuits, with the farmer, rolload of about 700 Hs of meat and

employer and the workman; in agri cultural pursuits, with the farmer.

Advance, Davie county, has pur-obased a large distillery in Salabury and will remove his distillery molarity approximate with the farmer. These preliminary conditions are fairly well fulfilled in almost all communities in the United States Wherever they are well fulfilled bunna labor, when aggregated, is a Wherever they are well fulfilled bunna labor, when aggregated, is a most excellent basis of oredit. At some time in the past some body discovered that human life, ago from the same cause and was of charlotte physicians. Laredo, Texas, is a storm swept killed and many more injured. Twenty-fire in one hotel were killed; bor milroad conches were blown away. The damage was not confin-ed to Laredo, but there was more used to rated, but there was more away. The damage was not confin-ed to Laredo, but there was more to Merico.

a get life of 5000 men having normal aurroundings. So also an agreement with one workingman is an uncertain basis of credit. One workingman might be dubnest, might lose his job, might get sick, or might die. Five hundred or a thousand workingmen together, however, have a certian average cen-dition of continued work and pay. If one drops out, another can take his place. This makes the very best basis of credit, superior to all other forms of security. All accumulated property, except

other forms of security. All accumulated property, except land, is the result of past labor. Even iand would have no value ex-cept for labor. Buildings depreciatu. They become ald and obsolete. Cor-porate securities are uncertain and inaurdons. Even land itself depre-ciates under changed conditions. But the labor of a country is always is the most modern form and of the fullest value. Current labor-the labor ot today-labor in the aggre-
