NOTES AND COMMENTS.

Things done in Philadelphia recently for good government should inspire men with more hope in the future. The triumph of Mayor Weaver in his fight against the grafters is due in a large measure to the invincible power of public opinion.

There is only slight cost in conducting the business of a building and loan association and all the profits which come from interest or otherwise are divided equally among all share holders.

We are no prophet nor the son of one, but mark the prediction that Marion Butler will take charge of the new daily in Greensboro in which Mr. Millikan and others have staked.

We talk about laying up for a rainy day. It is not such an easy matter for one who has an extravagant or large family.

We ask the question simply, is Asheboro to have any mail rural delivery route leading out from the town. It is not a matter in which this paper has attempted to take any stock.

Ayer's Hair Vigor. To be sure, you are growing old. But why let everybody see it, in your gray hair? Keep your hair dark and rich and postpone age.

White Hair. Too much tax was the cry—it is too little.

WASHINGTON LETTER.

Another Steal—Roosevelt Modifies His Position on the Rate Question—The Tariff Comes in for Another Lick.

Washington, D. C., June 19.—With the aftermath of the Post Office Department annual in "our midst," on account of the trial of several more of the grafters, we are confronted with more of the nastiness that is constantly coming to the front in this Republican administration of the public affairs of the United States.

The people of the country seem to be too busy to regulate these things by their votes. They seem to think they will regulate themselves, because they constantly vote the Republican ticket until that party, entrenched in power, seems to believe that the people are with it, no matter what it does.

In case that saying be true, then it is high time that the conservative, right thinking people of the country come to their senses and put a stop to this speculation, robbing and graft by turning the rascals out of office. Unless they do so our government will be swept from its moorings and we will enter upon the unknown sea of socialism to drift we know not where.

The railroad rate regulation problem and the refrigerator car service contention are still holding the boards here as matters of supreme interest, since it seems that the President has backed water on his intention to call the Congress in extra session in October for the express purpose of having it legislate on those very subjects.

Meets at Greensboro Next Year. Charlotte, June 14.—The Grand Lodge, Knights of Pythias, after a lengthy session today chose Greensboro as the meeting place for the next annual session.

Mr. C. W. Taft, of Mt. Gililand, is doing a well for Mr. J. C. Bruton at his crossarm plant just on the northern border of town. Mr. Taft is well equipped for the work, and will doubtless bore for others of the town before carrying his machinery back to Mt. Gililand.

The Block System. This morning at one o'clock past twelve the Southern Railroad completed the block system on their entire line between Washington and Atlanta and hereafter all trains between these two principal points will be operated upon this improved and modern method.

Writing of the famous hymn "Rock of Ages," in the July Delimitor, Allan Sutherland says, "When the hymn was written is not known, but we may be sure that it was nothing less than the voice of the Almighty that inspired the author to write words of such soul-stirring power."

Few will be found to dispute the spirit of the old Latin proverb, De mortuis nil nisi bonum. Is it not a pity, however, that so are all inclined to offer fulsome adulation of the dead, about whom, while living, nothing was too vile to say?

Hump Back. SCOTT'S EMULSION won't make a hump back straight, neither will it make a short leg long, but it feeds soft bones and heals damaged bones and is among the few genuine means of recovery in rickets and bone consumption.
