if a Cow gave Butter mankind would have to invent milk. Milk is Nature's emulsion—butter put in shape for digestion. Cod liver oil is extremely nourishing, but it has to be emulsified before we can digest it.

Scott's Emulsion combines the best oil with the valuable hypophosphites so that it is easy to digest and does far more good than the oil alone could. That makes Scott's Emulsion the most strengthening, nourishing food-medicine in the world.

WASHINGTON LETTER. Our Washington Correspondent Don't Believe in Rate Reduction by Law. The President Turns off Printer Palmer.

Washington, D. C., Sept. 18.—Occasionally a man gets rid of a poor horse by trading it off for one that is a good deal worse. Then he gets sore with everything. There isn't anything very striking in that statement, but it seems to apply just now to this matter of railroad rate regulation that is coming up for discussion again now that the silly season of summer is over.

I have come to this conclusion after looking over the cards pretty carefully and think on the whole we have got a hand that it will pay to stand pat with. One reason for this conclusion is the recent action of James J. Hill, President of the Great Northern Railroad, and unquestionably one of the greatest railroad men of the country, in voluntarily reducing grain rates so that the growers of grain along the line of his road can put their goods into the market more cheaply and with better advantage than they have ever before had.

The action of the President in turning off Public Printer Palmer has brought to a crisis the trouble in the great printery. Mr. Palmer has determined to ask for a Congressional investigation when the Congress meets in December and air the whole thing. If he gets the victory who are the holders of stock in the Mergenthaler Linotype machines. It is going to show up how the Mergenthaler people first got the permission of Congress to ask the Public Printer to use his own discretion to place in the Government Printing Office the linotype machines and put hand workers out of a job.

There is much interest manifested in the coming of President Roosevelt to Raleigh four weeks hence, Thursday of Fair week. The indications are that the crowd at the State Fair this year will break all records.

OUR RALEIGH LETTER. Board of Asylum Directors Adjourn. Asylum Attendants Released on Bond. Opening of Colleges.

Raleigh, N. C., September 18.—The "official" investigation into the insane asylum "sensation" has not been concluded, the board of directors after being in session two days having adjourned to meet again the last of this week, when they will formulate their report to the Governor.

The coroner of this county, Dr. T. M. Jordan, and Dr. Taylor of Chatham, who made the autopsy, had declared that death resulted from the blood clot on the brain and the coroner's jury so found, after hearing the evidence of witnesses who swore to the rough treatment the patient received at the hands of the four attendants. Hence their arrest for murder. They will be tried at the October term of Wake court, but probably on a minor charge.

There are to be several changes at Southern Pines and Pinehurst the coming season. The trolley line between those points has been sold to the Page Railroad and will be discontinued. The electric cars will no longer ply between Pinehurst and Southern Pines. The passengers bound for Pinehurst over the Southern will be carried by High Point, Salisbury and so on over the Page road, and those by the Seaboard will go by Aberdeen and the Page road. This news will interest all of those who are in the habit of visiting high popular winter resorts. The electric car line was one of the attractive features. It ran six miles through the sand-hill country, and by the pretty orchard of Mr. J. Van Landuyt—Sanford Express.

The banner county has been known for its aggressive Sunday School work for some years, and its history is such to be with them in one of their Conventions, just to show how they bring things to pass. The third and fourth of August, I had this privilege, and I wish to say a few things about the work and the workers there. The meeting was well attended, large delegations from nearly every township and so far as I could learn of all denominations. This I found was brought about by a lot of persistent work on the part of their most excellent president, Prof. J. M. Way, and the best secretary I have ever seen, Miss Doris Redding. It was delightful to see the joy these two were having at the good results of their harmonious efforts. The program was one of the best, and those selected to speak or lead conference were in nearly every case present when called, and they were men or women who had experience and capacity along the line of work they were called upon to discuss. Randolph is strong in her men and the good women are also in her ranks as well as beauty. It was a pleasure to see the lawyers, educators, merchants, doctors, politicians as well as ministers in the very front in Sunday School work.

Among those who addressed the Convention at some part of the proceedings were: Prof. J. M. Way, Chas. Ross, Esq., Rev. L. L. Lassiter, Dr. C. C. Hubbard, Rev. J. H. Bowman, L. D. Mendenhall, Mr. J. Rom Smith, L. E. Brady, Esq., Mr. J. M. Varner and other brothers, whose names I do not now recall. The sisters too were heard upon appropriate subjects, and their readiness to lead or follow in any good work proposed, was delightful to a stranger. Without hesitancy I pronounce this the best County Convention I have ever attended. Two new lines of work were proposed which in my opinion will prove of much value in any county, they propose to have a dispensary or organization committee of three and place at their disposal \$100 for a year. They also suggest that township presidents be relieved from any duty in their own school, that they may give their Sundays to visiting and strengthening weak schools in their township.

When the roll of townships was called for pledges to the support of the work, I confess to considerable surprise at the readiness and liberality of the delegates and townships. The amount subscribed was more than \$300. The hospitality of the people of the good town of Liberty, was all that could be desired. The people of all denominations seemed to enjoy the meetings, for the attendance day and night was large.

Go to the County. Fresh county air is wholesome and a sovereign remedy for many of the ills that afflict the weary city dweller. The tendency in this country has been too much to crowd into the great cities and many of the poor of the slums and overtaxed tenements would be greatly benefited if they could be removed to the farms. The magazines that encourage the love of rural life are doing a great work and not the feature of their mission is the cultivation of the aesthetic quality. They promote a love for the beautiful in nature that will result in the preservation of much of the natural loveliness of the country that has been too ruthlessly dealt with by the unappreciative utilitarian in the past.—Louisburg Times.

MONTGOMERY NEWS. The News of Our Neighboring County. Miss Maud Lanier, of Cid, is visiting the Misses Dickens this week. Mr. and Mrs. Daniel, Love, of Science Hill, Randolph county, visited their daughter, Mrs. I. C. Nance, the first of the week.

Mr. I. C. Arledge, who has been with Troy Drug Store during the summer months, left for Chapel Hill last Friday, where he enters the University of N. C. Mrs. W. J. Baldwin and children returned home Friday, after a ten-weeks visit to Jonesboro, Sanford and Pinehurst. She was accompanied by her nephew, Mr. Henry Loyd, of Jonesboro, who remained until Saturday afternoon.

Mrs. Catherine Baldwin is critically ill at the home of her son, Mr. W. J. Baldwin, at this place. She had a stroke of paralysis Saturday, and owing to her extreme old age, her recovery is doubtful. Mr. Lola Ewing, an employe at the Guilford Lumber Company, had his fingers painfully bruised in the gearing of some of the machinery at the Company's plant a few days ago.

The first bale of new cotton on the Troy market was sold here Saturday. Mr. Eli Woolley of Dry Creek, was the grower and Smithman Cotton Mill the buyer. The price paid was 10 1/4 cents. Mr. George Beaman and Miss Crete Russell were married last Friday at the home of the officiating Justice, Mr. Henry Reynolds. Mr. Beaman is a son of Mr. Jack Beaman who lives in the Shiloh community, and Mrs. Beaman is a daughter of Mr. Leach Russell of the same section.
