We make the following extract most confidently expected. from Mr. Gladstone's speech to give an idea of its style and subject:

"Shall I now, in a very few words, sketch rapidly and slightly the out-lines of those patent and notorious urn is not yet emptied. facts? The starting point of our movement in this case is our obligation of honor to the Ameer, who vania, has a population of about stands between us and any other consideration of policy. But our obligations to him are not absolute. We are not obliged—God forbid we should ever be obliged—to defend him, or anybody else, were he mis-led into a course of tyranny against the just resentment of his against the just resentment of his subjects. We are not bound to sustain him in any course of evil, but finding out by the most terrible of Among the vessels recently taken is we have a contingent obligation to experiences that the sanitarians are the famous Alaska, the "greyhound give him our aid and support, and not all fools, and that nature has of the sea." think every one who hears me punishment in store for those who The British steamship Humber of will say that that obligation should be fulfilled in no stinted manner- violate her laws.
