EDITORIAL BRIEFS.

Capt. Dan'l Rogers, of Buffalo, N. Y. tried the experiment of killing moths by closing the house and pouring gasoline on the floors. In the night the gasoline exploded, demolished the house and killed the moths, and also Capt. Rogers.

N. Y. World (Dem.): The one bright spot of the commercial situation last week, and for that matter for some time past, was the sale of 20,000 packages of domestic cotton fabrics, manufactured by mills which are represented in this market by Messrs. Bliss, Fabyan & Co. The announcement of such an enorterror by their half human cries at ed peace, she has good excuse to night around the humble cabins. maintain it. She has humiliated city a host of buyers from western BILLOF FARE and southern trade centres, all could be obtained. The result of the sale was as astonishing to these representatives as it was to the local trade. In view of the dullness which has characterised affairs here, it was naturly inferred that the auction room would cause a sharp drop in prices and produce an unfavorable effect on business general-

FOR FINE Yellow Tobaccco Bright THE CITIZEN SONS COMPANY'S OBER and SPECIAL COMPOUND FOR TOBACCO MANUFACTURED AT Baltimore. Md., by G. Ober & Sons Co. The almost unparalleled success that has attended the use of our Fertilizer in the past, shows that our "Special Compound for Tobacco"

is just the food required for growing GOOD, FINE, and FANCY BRIGHT YELLOW TOBACCO. We claim that our

"Special Compound for Tobacco"

is especially adapted to the production of a Tobacco of Large Size, Smooth Leaf, Fine Texture, and Bright Lemon Color; and, further, that Tobacco grown by it Retains Color, after Curing, Unusually well. Superior, not only in the production of Tobacco of Better Size Leaf, Smoother Texture and Brighter Color, but that it can be applied to land Much Easier, with Less Expense, and with more uniformity; thereby insuring a much more uniform crop, which Greatly Lessens the Cost and Labor in cutting and housing crop of Tobacco.
