demas emphatically the broadly these points.

Another movement of immense for war. In times plenty, prepare commercial importance has sprung for all emergencies. Austria may mean more than she expressed by the mere failure of the recognition of Mr. Keiley. Not a great many years ago she was humbled before all Europe by the practical enforcement of an American principle. The rights of an American citizen, even in a foreign country, were declared at the cannon's mouth to be a real right, and Martin Kostzta was restored to the land of his new citizenship by the determined courage of an American Admiral. It was a humiliation not easily forgotten. It is one not likely to be forgiven. Austria might not venture openly to declare that she had forgiven the humiliation or that she still cherished her resentment. But it is probable that

would humiliate itself by any effort to appease Austria by substituting Louis, Chicago and New Orleans.another Minister for Mr. Keiley. It Nashville American. should not consult what would be pleasing to that power. It might have other objections equally offensive and untenable thrust upon it sent age, as to have lost claim to res. by the chains of religious bigotry. she is the unfit associate of nations that yield to the beneficent influences of the widest religious liberty. Let her grope her way alone in the dark. Let her live in the solitude of the darkness with which she pleases to clothe herself. We have by race or religious prejudices. We mands of the people. can very well do without Austria Our country, young as it is, is in all i ts vigor, and with all its growing of the national revenue law means greatness and power. With its "free whiskey and tobacco" shows grand and ever opening future they do not comprehend the stands out in striking contrast to the situation or the scope of the demand. power that was once among the In several of the States whiskey is foremost of the nations, now hoary taxed high now; but remove this in age, rusty in prejudice, loaded national tax, and the States could down with debt, feebly and vainly levy a higher tax than is now done,

the rejection of Mr. Keily.

The United States government

CATTLE INTERESTS OF TEXAS.

The Treasury Department has issued a report on the internal commerce of the United States prepared by Joseph Nimmo, chief of the Bureau of statistics. This report embraces a great variety of valuable information concerning the cattle trade of Texas and other Western States. The raising of cattle in Texas was carried on successfully long before its admission into the Union. The native cattle are of Spanish or Mexican origin and have long horns, large and vigorous lungs Virginia especially, will lose to

They exhibit some of the self reliant traits of wild animals. They A HUNDRED LIES NAMED. have the instinct of taking care of themselves, seeking food and water away from Haywood White Sulphur and protecting themselves against the inclemencies of the weather with a marvelous sagacity. They are said to be good "rustlers"—that is, they know how to make a living under the most adverse circumstances.

Thirty years ago, Texas was a HERALD, WORLD, TIMES, SUN, TRIBUNE, Vast feeding ground where the cattle, horses and sheep ranged in un restricted liberty over its 274,000 square miles. The cattle were branded as now. Twice a year they are "rounded up" that is "rounded up" that is, gathered in The DAILY CITIZEN for sale also at Esclose herds-when the calves are branded; and such as are fit for market selected out, and the remainder furned loose upon the Mainder furned loose upon the H. TESTIMONIALS.

True Merit Wins Where Practical Men an Said About JELLICO MOUNTAIN COAL.

WATER WORKS, ATLANTA, GA., September 25th, 1883 too pounds of coal, 21 006 gallons; water pressure maintained through test, 140 pc head, in feet, 323 to which the water was pumped; total number of pounds 323 feet, 25225,737,6; millions pounds raised one foot with 100 pounds coal, 75,07 which is more than the builders guaranteed the engines to do with the best coal. Terry reports only 760 pounds ashes taken out, and no clinker and that the fires were not cleaned during the whole 24 hours. From the result of the above test I must pro-

nounce the J. M. an excellent steam coal.

W. G. RICHARDS, Supt. Water Works.

N. B.—Since the above test another has been made in which 28,773 3 gallons water we raised to 100 pounds of coal, instead of 21,606 in the first tests. This shows an increase of ov 7000 gallons over any other coal, a fact of itself worthy of note.

W. G. R., Supt.

CHATTANOOGA, TRNN, June 9, 1884

NORFOLK & WESTERN RAILROAD COMPA Y, Office Superintendent Western Division,
LYNCHBURG, VA, 16th. April 1884.

We have obtained reports from the engineers who have used your coal which are of the most satisfactory character. They speak well of the coal in every respect. They all say that it is the best coal they have ever used coming from the line or your roap.

FRANK HUGER.

We burned the Jellico Mountain Coal on the steamer Water Lily during last winter and think it referable to other coal — It burns up without leaving so many clinkers as other coal. We are well satisfied with the Jellico Mountain Coal, after thoroughly testing it at our mill. We onsider it the cheapest coal we buy owing to the fact that there is less waste.

TP McDANIEL & CO. There is less dust and ashes from Jellico Mountain Coal than any we have heretofore used.

C. B. WOODWARD.

I find there is less waste in the Jellico Coal than any I have used. It burns free and leaves bu little ashes We find that there is less dust and ashes in our houses when we burn Jellico Mountain Coal, than when using other coal.

We are very well satisfied with Jellico Mountain Coal. Countain the best on the market:
