And Job Work of all kinds done with  
promptness and at low prices.

POWELL & SNIDER'S COLUMN

## THE Wonders of Science

As applied to modern food products are somewhat startling though we need not fear the final result if we will unite in trying to stop the wholesale adulteration that is being practiced in the manufacture of cheap goods.

Allow us to offer a few suggestions in regard to purchasing food products and the tests for adulteration in same.

We can only mention a few in this short space and will begin with

## COFFEE.

As very few of our friends buy ground coffee it is hardly necessary to give the adulterations practiced by cheap dealers by using chicory, beans, peas, carrots, etc., all of which may be detected by stirring in clear water, the greasy nature of the coffee causing it to float on top while the adulterating materials will sink and rapidly discolor the water.

Always buy whole grain coffee—choosing large light uniform grains for a mild drink and dark grain for strong. Avoid bright colored coffees.

WE DO NOT SELL GROUND COFFEES AND OUR STOCK OF WHOLE BEAN COFFEES IS ABSOLUTELY PURE AND OF THE BEST GRADES TO BE HAD.

## TEA.

This is extensively adulterated both in China and this country by the means of exhausted tea leaves and leaves of other trees. Mineral matters are also used for coloring or facing teas; clay sand etc. are extensively used. The tests for these are by infusion; this is poured off the leaves and examined for color, taste and odor, all of which are easily detected.

Our teas are bought from the best tea importers in this country and we can furnish testimonials from the best judges in this section as to their purity.

## FLOUR.

Flour is now being adulterated with plaster, potato starch etc., all of which can be detected by the use of the microscope. Old fashioned as it may be we still prefer flour made from wheat.

WE SELL FLOUR IN ORIGINAL PACKAGES AS PUT UP AT THE MILLS AND HAVE THE GUARANTEE THAT THEY ARE MADE FROM WHEAT.

## GROUND SPICES

Should be closely examined with the microscope.

PEPPER GINGER, CLOVES, CINNAMON

etc. are largely adulterated with gypsum, lumps of starch, sugar meal, ground rice and brick dust, all of which can be easily detected by the use of the microscope.

## Baking Powders

We sell the best ground spices to be had in New York.

We are agents for Prof. Horsford's bread powders which are guaranteed to be absolutely pure.

We will have more to say on this subject in another article and in the meantime would like our friends and customers to call and examine our stock and we will take pleasure at all times in posting you both as to quality and price.

Our aim is to sell absolutely pure goods at a fair profit, and will always try and give you the worth of your money.

Our goods are open for inspection both as to quality and price.

## DAILY EDITION.

### THE DAILY CITIZEN

Will be published every Morning (except Monday) at the following rates—  
One Year, \$3.00  
Six Months, 1.50  
Three Months, .75  
One Week, .15

Our Carriers will deliver the paper every Morning in every part of the city to our subscribers, and parties wanting it will please call at the Office.

Send your job Work of all kinds to the Citizen Office, if you want it done neatly, cheaply and with dispatch.

Arrival and Departure of the Trains.  
SALISBURY—Mail train arrives 6:14 P. M. Departs 6:19 A. M.  
TENNISSEE—Arrives 9:30 A. M. Departs 10:01 A. M.  
WAYNESVILLE—Arrives 4:30 P. M. Departs 4:35 P. M.

The Waynesville train reaches that point at 12:19; returning, leaves Waynesville at 7:25.

Mr. J. T. Patrick, State Commissioner of Immigration, called on us Monday evening.

Yesterday was as quiet as the Sabbath. The election was over, and excitement died down.

Messrs. Moore & Roberts will today open their restaurant and ice cream saloon. See notice elsewhere.

The article in yesterday's issue, entitled "The Negro and Prohibition" should have been credited to the Lynchburg Advance.

At a meeting of the County Commissioners held on Monday the recent election held to put a portion of Avery's Creek township into school law territory was declared valid.

The corner round tower on the First National Bank building is going up rapidly. A feudal structure will soon displace the plain old Sawyer building.

Mr. Theodore V. Terrell, of Sonoma, Hayward county, with his father called to see us yesterday. The young gentleman is on his way to attend a course at the Eastman Commercial College, Poughkeepsie, New York.

Gen. Johnstone Jones left yesterday for Raleigh to attend a meeting of the heads of regiments, and arrange for the annual encampment of the State troops. We presume such will be held, though not fully assured of the fact.

Mr. Carrier, formerly of Michigan, now a summer resident of this vicinity, and the owner of a farm near the Sulphur Springs has recently returned from Kentucky some of the valuable property which he took to stock his farm. This is a move in the right direction. If we can get plenty of good Alderney butters, they may make as much oleomargarine as they please, or tax it as high as the law allows.

Mr. A. A. Banks—Joe Roby—reached here from Hendersonville yesterday. Speaking of the election held on Monday he says the prohibition ticket carried by a majority of 34 but owing to the irregularity in having only three, instead of the legal number of judges of election present, the result is thought to be invalid.

The Female College Commencement exercises for Monday evening were confined mostly to illustrating the proficiency of the undergraduates, and small children. The exhibition of these in recitations and music, vocal and instrumental, were very pleasing to the audience, and creditable to the pupils. One remark is made as suggestively valuable; the enunciation of the children was uncommonly clear and distinct. A very large audience was present, the chapel being full to overflowing.

TOBACCO BARN BURNED.  
Mr. H. L. Herren informs us that he was on way to the city yesterday morning he saw a tobacco barn on the Hartsell place belonging to Mr. W. H. Roberts, in full flame. The damp weather had made the tobacco "too high" for market, and the owner had applied fire to dry it out, and the tobacco accidentally caught fire. Of course the loss is total.

THE CHAMPION PLANTER.  
Mr. J. A. Gwaltney, of this county living near Alexander's, yesterday surpassed all previous prices of the season, having obtained for a portion of his tobacco at the rate of \$81 per hundred. The highest price heretofore of the season was \$64. Mr. Gwaltney sold at the Farmer's, and also at the Banner yesterday upwards of 2,000 pounds his averages being high for the whole.

Mr. G. tells us that the fly has not troubled his young plants very fully. The damp weather has been unusually destructive, though he thinks he will be able to secure a stand. In some instances in his neighborhood replanting has been necessary five successive times.

He says the wheat crop is the best he ever saw in Buncombe. He has 40 acres which promises to average nearly 30 bushels to the acre. Harvesting will begin next week.

NOT DISAPPOINTED.  
You may need nothing in this line, but a visit to Law's Silver and China store is not time wasted. The line of Stone China, Porcelain and Glassware is very large and is sold at bottom prices. In Silverware, Cutlery, French China and Pottery there is no finer stock or more reasonable prices in the State. All are invited to call and inspect.

Another invoice of 25 ct. Silk Scarves, Underwear and Hosiery, just in. At W. H. Terrell's.

## A SHOCKING RAILROAD ACCIDENT IN SOUTH CAROLINA.

Three Persons Killed and Several Injured.

CHARLOTTE, N. C., June 8th.—The Santa Fe train, on the N. E. R. R. which runs between Charlotte, Florence and Charleston, passed this morning while a passenger train was passing over it, the train going through, killing, instantly Miss McVee and Mr. Hendock, of Charleston, and Miss Wilson, of Chesapeake. Mr. Fitch, express messenger, was fatally and two others severely injured.

EXTRAORDINARY RAINFALL.  
On Monday evening, long after the sun went down, the clouded northern horizon was heavily fringed with white flocculent masses of vapor, evidently in a state of violent agitation. Above them were heavy banks of black angry clouds, from which came the low deep muttering of distant thunder. The appearance and the sounds gave note of heavy elemental warfare, and yesterday we learned that appearances were not deceiving. From Alexander's ten miles down the river from here to Warm Springs, how much farther we have not learned a perfect deluge of rain fell. It was almost in the nature of a water spout, and the rain was so heavy that it submerged almost in an instant. The railroad track was under water, and slow progress of the train was made as a train to detect places of danger. The train did not get to Warm Springs not even as far as Marshall, but was hung up in the dark and flood not deeming it safe to move ahead. The next morning it was impossible to proceed further down. Its return was impeded by broken trees, and it was only able to reach Asheville about 7 o'clock last evening.

BATTERY PARK HOTEL.  
One of the most refreshing reminders of coming summer comforts is the descriptive pamphlet relating to Battery Park Hotel and its surroundings. Mr. Southwick, the accomplished landlord of the coming house, placed on our table yesterday copies of the brochure, its pictorial and literary merit being fine complements of each other. The vignette illustration on the title page is artistic and striking, suggested by the military associations of the locality; a plumed Knight in full armor, visor open, breastplate and gorget and shirt of mail, holding erect a halberd to which is appended a streaming banner, with the legend playing to the wind "Battery Park Hotel." On the first page is a lithographic picture in color of the hotel, a picture which many featured "rambling Queen Anne structure, with lower any gables and balcony and lattice window and portico and all the elements of the quaint antique mingled with the practical modern. We will give full description of the house at some future time.

The publication besides containing descriptions and plans of the building, has also much that interests Asheville generally. It contains a table of places of interest, of climate and temperature, rainfall &c., time table, schedules and such other matters as make a publication of interest and value, and also one of such form and make up as to make a pretty ornament for the center table.

A GOOD SALE.  
Yesterday a tract of land containing fifteen acres, lying in North Asheville, belonging to Mrs. S. M. Daniels, was sold. It was divided off into lots, and brought the snug sum of \$11,801.50. This property lies partly on the corporate limits; its value far beyond the centre of the town; and is considered the best sale yet made here.

ASHEVILLE TOBACCO MARKET.  
Yesterday was a marked day in the history of this season. The sales have been larger at some period; but yesterday the animation was greater, the averages better than they have been and the highest price yet obtained was for a lot sold at the Farmer's by Mr. J. A. Gwaltney of this county—\$1 cents a pound.

We quote as follows:  
Farmer's.  
Sales 9670 lbs. J. H. Edwards, 3 lots, 23, 25, 40; M. F. Forrester, 4 lots, 15, 15, 23, 24; Carter & Cudd, 4 lots, 11, 14, 20, 25; Wm. Cudd, 4 lots, 14, 14, 17, 30; J. H. Metcalf, 3 lots, 15, 10, 24; J. A. Gwaltney, 5 lots, 11, 22, 23, 38, 81.

ASHEVILLE.  
Sales 2,000 pounds, Burnett & Benenson, 3 lots, 14, 17, 31; Robt. McCarty, 3 lots, 14, 19, 17.

BRONCOKS.  
Sales 10,583 pounds, M. B. McClain, 2 lots, 104, 15; S. C. Curtis, 3 lots, 15, 24, 24; Harkins & Ramsey, 3 lots, 11, 13, 14; Miss Millie Rowlin, 3 lots, 91, 101, 21; W. S. Parker, 4 lots, 101, 107, 27, 39.

BASKETS.  
Sales 15,372 pounds, Austin and Gwaltney, 7 lots, 32, 22, 50, 19, 22, 31, 16, 50, 17, 50; Alex. West, 7 lots, 17, 50, 13, 25, 10, 16, 50, 14, 15, 50, 14, 25; S. M. Redman, 3 lots, 50, 18, 50, 13, 15, 50, 31, 20, 30, 30; Aikens and Kambanthal, 5 lots, 15, 20, 13, 18, 50 and 19, 50.

REMARKABLE AND TOP-CREAM SALOON.  
Our Restaurant and Top-Cream Saloon will be opened TODAY in the Deacons' Society building, South Main street. The public generally cordially invited to call and see us.

We shall run a Bakery in connection, and will be prepared to deliver bread by Wednesday of next week.

NOTICE.  
Application will be made at the August session of the Superior Court of Buncombe County, in case of notice in Hinesman Township from Seth March to Arden.

## OBITUARY.

COOL JOHN T. L. PRESTON.  
[It is the Asheville Citizen.]  
To the Editors of the Citizen—  
Dear Sir:—You copy in your paper of today an extract from a Virginia paper some comments on a letter by Col. John T. L. Preston, of Lexington, Va., on the late prohibition election in that State from which it might be inferred that Col. Preston was a man of extreme views and reckless in his statements. This would be a great misapprehension of the man. Grave, dignified, cautious, upright, there is no man whose statement would be less questioned where he is known than Col. Preston. He belongs to a family that were once illustrious in our Southern history, and in elevation of character he is equal to any of his name. June 8th, 1886.

[For the Asheville Citizen.]  
ANOTHER NEW TOWN.  
A very interesting and important subject has been discussed in Asheville and Lexington in another magnificent little town started up. As the people were so far away from town it were thought expedient to start up one in this vicinity. The program has not been given yet. The proprietors are studying out a good one. There is one store about to be completed and a full stock of fancy goods are expected soon. They say there is already a telephone attached to the store and hotel, and is agitated that it will be connected with Scraperville—Owenby. It is thought also that ere long a railroad will be running to the town, which it is thought will add greatly to the building up of the town. Where will Buncombe's next town be?  
DRUMMARD MOUNTAIN.

A CARD.  
It having been currently reported on the streets on the day of the Election that I had promised certain parties to vote against prohibition if they would vote for the bonded debt, and that I also promised certain parties not to take any part in the election for prohibition if they would vote for the bonded debt, I take this method of stating that all such reports are lies manufactured out of the whole cloth.

My position on this question is one of principle and not of sale.  
Geo. S. Powell.  
Asheville, N. C. June 8th 1886.

Two Episcopal Bishops, McLaren, of Illinois, and Littlejohn, of Long Island, have had their salaries raised to \$6,000 this year.

"Do you have any trouble in raising money in your State?" was asked of a resident of Arkansas.  
"Well, sometimes."  
"That is when the crops are short, I suppose?"  
"Oh, no. That's when the fellows who coin our quarters and fifty cent pieces get out of solder and have to wait for a new supply."

Good News in Every Case.  
Dr. A. B. Bedford, wholesale dealer of Chattanooga, Tenn., writes that he was seriously afflicted with a severe cold that settled on his lungs had tried many remedies without benefit. Being induced by Dr. King's New Discovery for Consumption, did so and was entirely cured by use of a few bottles. Since which time he has used it in his family for all Coughs and Colds with best results. This is the experience of thousands whose lives have been saved by the Wonderful Discovery.  
Trial Bottles free at H. H. Lyons Drug Store.

Woman was business: A Chicago woman entered the office of a loan agency the other day, and said: "I want to raise \$1,500 on \$3,000 worth of furniture. What is your lowest rate of interest?" "On such loans we generally ask ten per cent."

Very Well. Send your examiner up to the house. It is a speculation with me." "Going into business, ma'am?" "Yes, sir. I'm going to take my three daughters to the seashore, and either marry 'em off or drown 'em."

Interesting Experiences.  
Hiram Cameron, Furniture Dealer of Columbus, Ga., tells his experience, thus: "For three years I have tried every remedy on the market for Bronchitis and Kidney Disorders but got no relief, until I used Electric Bitters. Took five bottles and am now cured, and think Electric Bitters the Best Blood Purifier in the world."—Major A. E. Bess, of West Leno, Ky., used Electric Bitters for an old standing kidney affection and says: "Nothing has ever done me so much good as Electric Bitters."  
Sold at fifty cents a bottle by H. H. Lyons.

New stock of White Goods just in at WHITLOCK'S.

Try our Barefooted and Baldheaded Corn, to be found only at original Bob Jones' Pioneer Bar.

Musquito Net and Tarlatan, new stock, just received, at WHITLOCK'S.

Berger & Engle's Bock Beer on draught to-day at Bob Jones' Saloon. It is claimed to be the finest American drink. Delivered in bottles to any part of the city. ap20-dm

TO RENT, with board, handsomely furnished room near center of town, suitable for two. Address, Box 172, City. 4-tf

How SHOULD ATMOSPHERIC ELECTRIC CONDUCTORS BE CONSTRUCTED?  
They must be composed of metal, they must have sufficient capacity to discharge the heaviest stroke to which they may be liable. They must be free from all obstructions. They must be fitted with sharp points to receive the electric fluid with facilities. They must have ample contact with moist earth, to enable them to freely discharge all currents received. They must be strong and durable, and erected in such a manner and with such number of points as the height, size and form of the building to be protected may render necessary.

Upon application Mr. W. C. Gorham will give you the protection. Office at A. C. Davis' store, near the Courthouse, if desired.

CRINKLED SHIRTMAKERS, 4 in hand Corns, duds etc.—Gingham, Lawn, White goods, Baggy Biceps, Walkers' hand Shoes, Straw Hat Clothing.

BEARDEN, KASKIN & CO.

## THE PROHIBITION ELECTIONS MONDAY.

As far as heard from, the following places voted "Prohibition" on Monday: Raleigh, Winston, Salem, Concord, Oxford, Kinston, Henderson, Warrenton, Lenoir, and Apex, Beaufort.

And the following voted "License": Charlotte, Asheville, Statesville, Goldsboro, Durham, Franklin, Randleville, Holly Springs, Morehead City, Littleton.

The following dispatch last night says that Durham voted "License" by 31 majority.

Babyhood: When Georgiana was a child she said one day, after long quiet: "Mamma, where do the to-days go when they get to be yesterdays?" About six months later, sitting one evening at the opening door, she saw for the first time a shooting star. "O, mamma!" she exclaimed, "I saw God take a star in."

A Wise Husband: Wife (at the head of the stairs)—"John Smith, what in the world are you going down there in the dark? It's after 2 o'clock. Come right up stairs to bed." Husband (who has been detained at the office)—"I'm tryin' to get (hie) this fry in a box out of an overcoat pocket." Wife—"Well, you'll get the overcoat to put in a pickle."

## Wonders for Those About to Marry.

They who marry for physical characteristics or external considerations will fall of happiness.

Never be angry at once. Never taunt with a past mistake. Never allow a request to be repeated.

Let a kiss be the prelude of a rupture.

Let self-abnegation be the habit of life.

"A fagot" is never an acceptable excuse.

A good wife is the greatest earthly blessing.

If you criticize, let it be done lovingly.

Make marriage a matter of moral judgment.

Never make a remark at the expense of the other.

Give your warmest sympathies for each other's trials.

Never talk at one another, either alone or in company.

If one is angry, let the other part the lips only for a kiss.

Neglect the whole world besides, rather than one another.

Let each strive to yield oftenest to the wishes of the other.

Always leave home with loving words, for they may be the last.

Marry into different blood and temperament from your own.

Never speak in loud tones to one another unless the house is on fire.

Never deceive, for the heart, once misled, can never trust wholly again.

Never find fault, unless it is perfectly certain a fault has been committed.

It is the mother who molds the character and fixes the destiny of the child.

Do not herald the sacrifices you make to each other's tastes, habits or preferences.

Let all your mutual accommodations be spontaneous, whole-souled and as free as air.

WANTED  
An energetic business man to sell  
MIDLAND GIRDWOOD  
Pipes and fittings, and also to sell  
these goods in the most extensive  
territories and also to sell them  
over the past ten years, which  
with their superior quality, has  
largely done for them. They are  
the best of the kind, and any body  
who will give him time and energy  
to call on them, will find them  
build up a permanent and profitable business.  
They are not sold by merchants, but  
directly to the consumer. They are  
sold in the most extensive territories,  
thereby giving the agent entire control  
of these superior quality goods. We  
have a large number of agents who are  
making a grand success selling these goods, and  
we desire such in every town. Address  
MRS. GARDWOOD & CO., 50 Broadway, New York.

NOTICE.  
WHEREAS, M. W. Robertson and wife B. L. Robertson, of the county of Buncombe
