POWELL & SNIDER'S COLUMN

THE **Wonders of Science**

are somewhat startling though we need not fear the final result if we will unite in trying to stop the wholesale adultera tion that is being practiced in the manufacture of cheap goods.

Allow us to offer a few suggestions in regard to purchasing food products and the tests for adulteration in same. We can only mention a few ir this short space and will begin with

COFFEE.

As very few of our friends buy ground coffee it is hardly necessary to give the adulterations practiced by cheap dealers by using chicory, beans, peas, carrotsetc., all of which may be detected by stirring in clear water, the greasy nature of the coffee causing it to float on top while the adulterating materials will sink and rapidly discolor the water.

Always buy whole grain coffee-choo ing large light uniform grains for a mild drink and dark green for strong. Avoid bright colored coffees.

WE DO NOT SELL GROUND COF-FEES AND OUR STOCK OF WHOLE REAN COFFEES IS ABSOLUTELY PURE AND OF THE BEST GRADES TO BE HAD.

TEA.

A WORD TO FARMERS.

NEWFORD FARM, N. C.; June 14: 1886. Editors Citizen :- The farmers in this part of the county are getting desperately While we find a great many who are not | An election for county commissioners. near done planting, the corn crop is held yesterday, resulted in the choice out the first time, and the prospects are gloomy for this season of the year. But it is decidedly better to plow, and dig the grass away from the corn between the grass away from the corn between the conditions and the grass away from the corn between the conditions are considered to a sense of duty.

ase two years ago.
An old adage is: "Plow deep while sluggards sleep, And you will have corn to sell and to

the grass and words and still make corn. So it is in a tobacco crap, if it rains every day it does not hurt tobacco to scrape out the grass.

The wheat crop never was finer in this part of the county, and the sprediction among some of our best farmers is that Flat Creek Township will make the largest yield of wheat for years; this will be a great blessing to our people. We should always make wheat for our own what we use. Buncombe county is a fine wheat and clover county; why not take pains in raising as fine wheat here as any where on the face of the globe. I cannot see why such a county as ours should not be a self-sustaining country, and if our farmers will only reflect, and see the folly of trying to over do the thing in cultivating so much tobacco, and raise wheat, corn, potatoes and everything else to eat, this section of country would soon blossom as a rose, and you would soon see every farmer well to do. There would own supplies the better. The mortgage turn round and buy another cow or horse than under the present system and I be

Dukes, a kind of petty sovereign in his domain. treasurer, bookkeeper-and when he has time, humorist and poet. -Rickey, who is the reverse of rickety, always hard of work, except when he has time to "play," which he does so well and on so many different instruments that he might set out for "a trip around the world" with better prospects of success than he who sometime ago enter-tained the people of Asheville. There is Ed Brown who good naturedly and assiduously knows so well how do up things "brown." There is Jasper Smathers who is as expert in coaching customers as he used to be when he rattled them along behind his spanking teams. And there is Clarence Sawyer who is verifying the injunction, "train up a child in the way he should go, and when he is old he will not depart therefrom, Clarence is no longer a child, nor is he yet old," but in that happy medium between youth and mature years, is walking along steadily in the pathway to which he was early made accustomed.

Interesting Experiences. Hiram Cameron, Furniture Dealer of Columbus, Ca., tells his experience, thus: "For three years have tried every remedy on the market for Stomach and Kidney Disorders, but got no relief, until I used Electric Bitters. Took five bottles and am now cured, and think Electric Bitters the Best Blood Purifier in the world."—Major A. B. Reed, of West Laberty, Ky., used Electric Bitters for an old standing Kidney affection and says: "Nothing has ever done me to much good as Electric Bitters." Bitters."
