## COMPOUND OXYGEN.

## Home Treatment.

WE ARE PERMANENTLY LOCATED IN flice on Main Street, Pulliam House, first floor. We make a specialty of treating Consumption, Asthma. Bronchitis Rheumatism, Paralysis, Chorca, Neuralgia, and, in fact, all chronic discases, and all diseases resulting from an impover ished condition of the blood.

If you are able to walk to the office, you CAN be CURED, as many are being cured by our new treatment. We use in addition to the Oxygen, the Medicated Vapor.

in this way we can treat the lungs locally, as we vaporize all medicines; and the patient in hales the vapor, holding it for a short time in the lungs—thus the medicine held in suspension in the vapor is deposited in the air cells, where it is taken up by the blood. It not only produces the local effect desired, but A CONSTITUTIONAL EFFECT.

If you have any kind of Lung disease, come and consult us. We will not charge you anything or consultation. THE OXYGEN GAS, brenthed two or three times a day, will restore you to perfect health, though you may think yourself beyond the reach of remedies. There is not the least danger connected with the treat-ment. The effect is pleasant, and the result
