We make a specialty of treating Consumption, Asthma. Bronchitis Ehoumatism, Paralysis, Chorea, Neurnalgia, and, in fact, all chronic diseases, and all diseases resulting from an impover ished condition of the blood.

In this way we can treat the lungs locally, as we vaporize all medicines: and the patient inhales the vapor, holding it for a short time in the lungs—thus the medicine held in suspension in the vapor is deposited in the air cells, where it is taken up by the blood. It not only produces the local effect desired, but

A CONSTITUTIONAL EFFECT. If you have any kind of Lung disease, come and consult us. We will not charge you anything for consultation.

THE OXYGEN GAS, breathed two or three times a day, will restore you to perfect health, though you may think yourself beyond the reach of remedles. There is not the least danger connected with the treat-ment. The effect is pleasant, and the result permanent.

For Asthma, it is a specific as much as Quinine s for chills. If you have Asthma, it will cure you, and the relief is almost instantaneous.

We send the HOME TREATMENT with chemicals to last two months for \$19\$. We do not publish Testimonals, but on application will surnish any number of post office address, maners of patient who have been cured under our treatment. Consultation free.
