Mr. Pearson's Attempts to Trifle With the People.  
Mr. Pearson's course is utterly inexplicable to us and many of his friends. At Swannanoa on Wednesday, in his speech, he took occasion to reflect severely upon the town authorities and people of Asheville and charged upon them an attempt to have passed a law which would shift all county taxes upon the country people, really repeating his circular letter No. 1, which was exposed in the CITIZEN on Wednesday. In addition to this, he actually attempted to take advantage of what he knew to be a typographical error in the House Journal, and imply that he did not introduce the measure to amend the charter of the city of Asheville, but that Mr. Pou did. When Mr. Gudger asked him the question whether or not he, Pearson, introduced that bill, he tried to evade it and referred to the Journal which he stated "rarely made mistakes," but when pinned down by Mr. Gudger upon the point Mr. Pearson finally reluctantly admitted he introduced it. He could not be made to do this until Messrs Jones and Gudger had produced the record showing that the bill, as per Mr. Pearson's own endorsement, was introduced by himself. He also relied upon his attempt to deceive the people into believing that he had the objectionable section struck from the bill when it was under consideration by the House, yet Messrs Jones and Gudger showed from a certified copy of the original bill as originally introduced, that section was marked out before it was ever introduced, therefore was never before the House, and the amendment offered by Mr. Pearson to strike it out was not only unnecessary, but was trifling with the House. Mr. Jones read from Mr. Pearson's pamphlet of last Spring that he therein claimed that he ran his pen through it, which shows that, last Spring he remembered no such section was ever introduced and therefore must have known when the bill was before the House that his amendment which he helpfully placed about now was entirely out of place.

Mr. J. B. Bostick of Shelby is in the city.  
Senator Zeb Vance speaks in Asheville on Monday next, 18th. Be sure to give our Zeb Vance a grand reception in Asheville on next Monday.  
Let all good people who want to hear something good come out next Monday and hear Senator Vance.  
Three of the electric light towers are up, ready for use, one near Academy street, one on Merrimon Avenue, one on Woodfin, near College street. The 'baskets' are very high up, and will throw light both far and near.  
Mr. J. S. Jones, special agent of the Provident Savings Life Insurance Company, who has been in Asheville during the past month, and who has written up some \$100,000 worth of policies here, left yesterday for Raleigh, where he intends establishing an agency for his company. Mr. Jno. Childs is agent for Asheville. See card on 4th page.  
We learn from Mr. C. P. Bryson that the recent report of the sale of the Georgetown gold mining property is a total mistake, and that the statement that it was or could be bought for two dollars per acre was given by our informant with an intent to do injury. This property is considered very valuable, we know, and we would certainly be surprised to know it would sell for any such price.  
We get good news from the west. Democrats are rapidly falling into line. Mr. Ferguson, candidate for Solicitor, is making an unusually able canvass, in which he is bearing aloft, proudly and triumphantly, the banner of pure democracy.  
Our candidates for the Senate are doing noble work in their respective districts. The efforts of our old enemy to slip into power through dissensions in our ranks, and with aid of traitors and deserters have aroused our people and the democratic column will come marching up squarely, shoulder to shoulder, on the day of election, and will triumph as before.  
REMEMBER, Senator Zeb Vance speaks in Asheville next Monday, 18th. Let every body be at the Courthouse, and give "Our Zeb" a rousing reception. Remember the 18th, next Monday.

THE BARNETT HOMICIDE IN HENDERSON COUNTY.  
The CITIZEN has already referred to this matter. The coroners jury returned the following verdict:  
"J. R. Barnett came to his death by a pistol shot from the hand of one James Thomas, who feloniously killed and willfully murdered the said J. R. Barnett."  
The Times of Hendersonville gives the following account of the affair:  
"Mr. Barnett had been working this summer in Transylvania county. He left that county with the intention of coming to this place. His home was near the Bollison gold mine in this county. He intended to go by home, and on the way there stopped at a house on a road near Bradley's. His father-in-law, while at this house Thomas and two other men came across the field, and Barnett seeing that they were inclined to be fussy went on to Bradley's. Mr. Barnett's wife was at Bradley's. While standing in the yard talking to his wife he saw two of these men coming back to Bradley's, when, to avoid them, he and his wife started up the road on the way to his house. When Thomas saw this he went across the field to meet them. The other man, named Kayler, waited near by. When Thomas came up with Barnett he was flourishing his pistol in the air. Barnett told him it was dangerous to handle a pistol that way, and asked him what he had it for, to which Thomas replied: "D—n you, I've got it for you," and slapped Barnett's hat off. Barnett stooped to pick up his hat, when Thomas fired three times, none of the shots taking effect. Barnett then picked up a stone with which he knocked Thomas down. Thomas fired again, the ball this time striking Barnett's middle finger. The latter knocked Thomas down with another stone, and as he rose he fired again, the ball taking effect in Barnett's abdomen. Barnett then picked up another rock and knocked him down the third time. The deceased then became so weak from the wound that he could stand no longer and fell into the arms of a young man named Hamlin, who accompanied him from Brevard.

A CARD FROM MR. TILSON.  
It has been circulated in Asheville that I would not have a man in my employ who would vote for Richmond Pearson. This is a falsehood and done to injure my business. I am a democrat and expect to vote the democratic ticket; but am no politician and never talk politics in my business. I never ask a man what his political or religious opinions are, recognizing, he has a right to them. My purpose in business is to treat every body right regardless of his principles. I want to see the man that circulated this lie on me. I will make everything satisfactory to both parties.

COMPOUND OXYGEN.  
WE ARE PERMANENTLY LOCATED IN Asheville, N. C.,  
Office on Main Street, first floor.  
We make a specialty of treating Consumption, Asthma, Bronchitis, Rheumatism, Paralysis, Chorea, Neuralgia, and in fact, all chronic diseases, and all diseases resulting from an impoverished condition of the blood.  
If you are able to walk to our office, you CAN be CURED, as many are being cured by our new treatment. We use in addition to the Oxygen, the  
Medicated Vapor.  
In this way we can treat the lungs locally, as we vaporize all medicines and the patient inhales the vapor, heating it for a short time in the lungs—thus the medicine held in suspension in the vapor is deposited in the air cells, where it is taken up by the blood. It not only produces the local effect desired, but  
A CONSTITUTIONAL EFFECT.  
If you have any kind of Lung disease, come and consult us. We will not charge you anything for consultation.  
THE OXYGEN GAS, breathed two or three times a day, will restore you to perfect health, though you may think yourself beyond the reach of remedies. There is not the least danger connected with the treatment. The effect is pleasant, and the result permanent.  
For Asthma, it is a specific as much as Quinine is for Malaria. If you have Asthma, it will cure you, and the relief is almost instantaneous.  
NASAL CATARRH, any treatment will permanently cure you.  
We have been using the  
OXYGEN AND THE MEDICATED VAPOR for some years, and in that time we have cured hundreds of cases of Consumption after they had resisted all remedies. We do not use the knife or ligature, or the caustic acid injection. We CURE you, and are willing to INSURE a CURE, if you desire.  
NO CURE, NO PAY!  
We send the HOME TREATMENT with chemicals to last you one month for \$10. We do not publish Testimonials, but on application will furnish any number of post office checks, names of patients who have been cured under our treatment. Consultation free.

OFFICE OR Home Treatment.  
WE ARE PERMANENTLY LOCATED IN Asheville, N. C.,  
Office on Main Street, first floor.  
We make a specialty of treating Consumption, Asthma, Bronchitis, Rheumatism, Paralysis, Chorea, Neuralgia, and in fact, all chronic diseases, and all diseases resulting from an impoverished condition of the blood.  
If you are able to walk to our office, you CAN be CURED, as many are being cured by our new treatment. We use in addition to the Oxygen, the  
Medicated Vapor.  
In this way we can treat the lungs locally, as we vaporize all medicines and the patient inhales the vapor, heating it for a short time in the lungs—thus the medicine held in suspension in the vapor is deposited in the air cells, where it is taken up by the blood. It not only produces the local effect desired, but  
A CONSTITUTIONAL EFFECT.  
If you have any kind of Lung disease, come and consult us. We will not charge you anything for consultation.  
THE OXYGEN GAS, breathed two or three times a day, will restore you to perfect health, though you may think yourself beyond the reach of remedies. There is not the least danger connected with the treatment. The effect is pleasant, and the result permanent.  
For Asthma, it is a specific as much as Quinine is for Malaria. If you have Asthma, it will cure you, and the relief is almost instantaneous.  
NASAL CATARRH, any treatment will permanently cure you.  
We have been using the  
OXYGEN AND THE MEDICATED VAPOR for some years, and in that time we have cured hundreds of cases of Consumption after they had resisted all remedies. We do not use the knife or ligature, or the caustic acid injection. We CURE you, and are willing to INSURE a CURE, if you desire.  
NO CURE, NO PAY!  
We send the HOME TREATMENT with chemicals to last you one month for \$10. We do not publish Testimonials, but on application will furnish any number of post office checks, names of patients who have been cured under our treatment. Consultation free.

THE BARNETT HOMICIDE IN HENDERSON COUNTY.  
The CITIZEN has already referred to this matter. The coroners jury returned the following verdict:  
"J. R. Barnett came to his death by a pistol shot from the hand of one James Thomas, who feloniously killed and willfully murdered the said J. R. Barnett."  
The Times of Hendersonville gives the following account of the affair:  
"Mr. Barnett had been working this summer in Transylvania county. He left that county with the intention of coming to this place. His home was near the Bollison gold mine in this county. He intended to go by home, and on the way there stopped at a house on a road near Bradley's. His father-in-law, while at this house Thomas and two other men came across the field, and Barnett seeing that they were inclined to be fussy went on to Bradley's. Mr. Barnett's wife was at Bradley's. While standing in the yard talking to his wife he saw two of these men coming back to Bradley's, when, to avoid them, he and his wife started up the road on the way to his house. When Thomas saw this he went across the field to meet them. The other man, named Kayler, waited near by. When Thomas came up with Barnett he was flourishing his pistol in the air. Barnett told him it was dangerous to handle a pistol that way, and asked him what he had it for, to which Thomas replied: "D—n you, I've got it for you," and slapped Barnett's hat off. Barnett stooped to pick up his hat, when Thomas fired three times, none of the shots taking effect. Barnett then picked up a stone with which he knocked Thomas down. Thomas fired again, the ball this time striking Barnett's middle finger. The latter knocked Thomas down with another stone, and as he rose he fired again, the ball taking effect in Barnett's abdomen. Barnett then picked up another rock and knocked him down the third time. The deceased then became so weak from the wound that he could stand no longer and fell into the arms of a young man named Hamlin, who accompanied him from Brevard.

A CARD FROM MR. TILSON.  
It has been circulated in Asheville that I would not have a man in my employ who would vote for Richmond Pearson. This is a falsehood and done to injure my business. I am a democrat and expect to vote the democratic ticket; but am no politician and never talk politics in my business. I never ask a man what his political or religious opinions are, recognizing, he has a right to them. My purpose in business is to treat every body right regardless of his principles. I want to see the man that circulated this lie on me. I will make everything satisfactory to both parties.
