DAILY EDITION.  
THE DAILY CITIZEN  
Will be published every morning (except Monday) at the following rates—  
One Year, \$2.00  
Six Months, 1.50  
Three Months, 1.00  
One Month, .50  
Our Carriers will deliver the paper every morning in every part of the city to our subscribers, and parties wanting it will please call at the CITIZEN OFFICE.

The dry, cool wind has begun to set the dust in motion.  
Buncombe's great staple, cabbage, came in yesterday in large quantity, and fine quality.  
Let us have peace to-day, full voting, but quiet exercise of the rights of free men.  
Dr. R. H. Reeves returns this morning from a visit to Tennessee, of which his patrons will please take notice.

Big Potatoes.  
Our friends Robt. Foster, Elias Janel, and W. H. Farham, brought us the past few days some magnificent sweet potatoes, many weighing over four pounds. As we have said before, this is a great country, and it has a great people in it, and many of them will remember their friends.  
OUR BEAUTIFUL CITY.  
It was remarked by a great many strangers who visited Asheville this summer how much the beauty and attractiveness of the city would be enhanced were the unsightly fences taken away that the narrowness of the streets would thereby be relieved, and with the planting of trees and shrubbery, the laying of good side-walks, with the electric lights the effect would be picturesque making the resident portion of the city a lovely park. Citizens of Asheville if you wish your beautiful young city, the healthful resort and centre of attraction to people from all parts of the country, turned into a common to be overrun with cattle, hogs and sheep, vote for the fences to-day.

STATE NEWS.  
The Wilmington Review says: The saw mill of Mr. S. M. Ferguson, near Allenton, Robeson county, together with a large lot of lumber, was burned on the night of the 26th inst. Loss estimated at between \$1,200 and \$1,500. No insurance.  
The fire was the work of an incendiary.  
A correspondent of the Star gives a few items of interest about the State Fair at Raleigh: "The total number of exhibits is 1,400, classified as follows: Field and cotton crops, 318; horses, 80; cattle, 99; sheep and swine, 41; poultry, 134; orchard products and floriculture, 55; pantry supplies, 140; manufactures, 56; mercantile displays, 9; ladies' work, 380; fine arts, paintings, etc., 72; agricultural implements and machinery, 26.  
"Plenty of side-shows. No drunkenness or gambling. Weather pleasant."

GENERAL NEWS ITEMS.  
The Old Dominion steamer Wyandotte came in collision with a coal barge, James River on the 30th, and was badly damaged.  
It is believed that the number burned to death in the Rio, Wisconsin, railroad accident will reach twenty-three. Most of the bodies are unrecognizable.  
The disabled steamer Pavonia has been towed into Boston harbor. Two large holes were stove in her bottom, and the forward compartments were filled with water. All the baggage was ruined.  
There were eight deaths on Yellow Fever at Biloxi, Mississippi, during the last six days. This is the only place the scourge appeared in the United States during the past summer. White frosts have visited the place, and danger is now over.

ASHEVILLE CHURCH DIRECTORY  
Methodist Episcopal Church—Church St.  
Rev. W. W. Bays—Morning services 11 a. m.; nine o'clock in the evening; prayer meeting Wednesday evening 7:30 p. m.; Sabbath school 9 a. m.

The general mail from the Post is received by the 9:55 a. m. train; the general mail from the Post is received by the 8:30 p. m. train. A mail from Washington and Charlotte, or from the same points, and to points between Asheville and Salisbury, inclusive, and forwarded by the 9:55 a. m. train going east.

White men of Asheville, who cannot be bought, will you endorse the methods of Mr. Pearson, such as you know he has resorted to to buy men to vote and work for him, by voting for him yourselves?  
As an indication of the increased population of Asheville, 501 new votes were registered by Mr. Sumner preliminary to to-day's election. Probably 5,000 votes will be cast in Buncombe to-day.  
The boys worked hard on yesterday, preparatory to to-day. Let every man keep cool to-day, work as his conscience tells him he should work, and democracy will again come out triumphant.  
Maj. Wilson informed us a few days ago that he was fully at work with his survey of the French Broad Railroad. The line runs down the right banks of the river as far as Newport.

Parties are watching the bribery business which has been going on the part campaign, and men have already been spotted for Judge Shuford's next court. Let all bribe-givers and bribe-takers beware.  
Until the nomination of Jones and Gudgeon when have the Democrats of the county insisted on men of their own choice? The farming interests are vitally concerned in this contest—and to elect Pearson and Wells is to give those interests a telling blow. Will Asheville merchants and business men do that?  
Mr. Pearson's paper the Advance said a few days ago that "Boodle" not brains, would control in this campaign. We only ask if honest men will allow "Boodle" candidates to carry Buncombe. Can it be possible?  
A good man heard a crowd at Warm Springs discussing Flodoodles, and upon hearing it explained what they were, replied with disgust, "Why I thought some of them soreheaded monkeys had got away from the circus, and the folks in Buncombe were trying to catch them." He was not so far wrong in his idea of them or of what they are like, after all.

AMUSEMENTS.  
The next show on the tapis is something new in the way of novelty. The show is the Zera Semon and Bell's Royal Marionettes from the Crystal Palace London England. They give Minstrels & Humpty Dumpty with life-sized automatons which go through their maneuvers with such accuracy as to make it hardly credible they are not human. The scenery which they carry is said to be something grand. They also give away at each show one hundred elegant and valuable presents. They show here at the Opera House, beginning next Friday night for four nights. The admission has been placed within the reach of all, 35¢ and 50¢, without extra charge for reserved seats.

THE WILMINGTON REVIEW SAYS:  
The saw mill of Mr. S. M. Ferguson, near Allenton, Robeson county, together with a large lot of lumber, was burned on the night of the 26th inst. Loss estimated at between \$1,200 and \$1,500. No insurance.  
The fire was the work of an incendiary.  
A correspondent of the Star gives a few items of interest about the State Fair at Raleigh: "The total number of exhibits is 1,400, classified as follows: Field and cotton crops, 318; horses, 80; cattle, 99; sheep and swine, 41; poultry, 134; orchard products and floriculture, 55; pantry supplies, 140; manufactures, 56; mercantile displays, 9; ladies' work, 380; fine arts, paintings, etc., 72; agricultural implements and machinery, 26.  
"Plenty of side-shows. No drunkenness or gambling. Weather pleasant."

COLORED CHURCHES.

Rev. Mr. Marshall—Services 11 a. m.; Sabbath school 9 a. m.

INTERESTING READING MATTER FOR FOURTH PAGE.  
We invite attention to the advertisement of N. Plunadore, concerning lands for sale.

SCHEDULE ON THE A. & S. R. R.  
The following is the schedule at present run on the Asheville and Spartanburg Rail Road:  
Leave Asheville 7 a. m.  
Arrive at Hendersonville 8:15 a. m.  
Leave Hendersonville 11:40 a. m.  
Leave Spartanburg 4 p. m.  
Arrive at Hendersonville 7:10 p. m.  
Arrive at Asheville 8:15 p. m.

RAILROAD APPOINTMENT.  
Capt. W. A. Turk authorizes us to announce that Maj. T. H. Hill has received the appointment of General Baggage Agent of the Richmond and Danville Railroad Co., with headquarters at Richmond, Va.

A HAPPY FAMILY.  
It is hard to tell which wears the happiest expression, the beautiful cluster of dolls that fills Sawyer's show windows, or the children who look on with covetous or wondering eyes. Some of these dolls are wonders of beauty and taste in dress, and surpass the most extravagant ideas of the little girls. There are dolls of all sizes and prices, from an arm full down to the tiny toy—from \$30 down to ten cents. How much happiness in that show window! or rather how much happiness can be shed there, from!

THE CHARLOTTE OBSERVER SAYS:  
On the plantation of Mr. J. C. Wallace, eight miles from the city, last Thursday, a little colored girl, aged six years, was accidentally shot and killed by her brother, a colored boy aged eight years. Both parties to the affair were the children of John Ross, and the shooting occurred while the children were alone in the house. The boy found a hired man's pistol, and thought it a good thing to play with. While he was handling the weapon it exploded, the bullet entering the stomach of the little girl, and producing a wound which resulted in death at the end of twenty-two hours.

COMPOUND OXYGEN.  
OFFICE OR Home Treatment.  
WE ARE PERMANENTLY LOCATED IN Asheville, N. C.  
Office on Main Street, Pullman House, first floor.  
We make a specialty of treating Consumption, Asthma, Bronchitis, Rheumatism, Paralysis, Chorea, Neuritis, and, in fact, all chronic diseases, and all diseases resulting from an impoverished condition of the blood.  
If you are able to walk to the office, you CAN be CURED, as many are being cured by our new treatment. We use in addition to the Oxygen, the Medicated Vapor.  
In this way we can treat the lungs locally, as we vaporize all medicines, and the patient inhales the vapor, holding it for a short time in the lungs—thus the medicine being in suspension in the vapor is deposited in the air cells, where it is taken up by the blood. It not only produces the local effect desired, but  
A CONSTITUTIONAL EFFECT.  
If you have any kind of Lung disease, come and consult us. We will not charge you anything for consultation.  
THE OXYGEN GAS,  
breathed two or three times a day, will restore you to perfect health, though you may think yourself beyond the reach of remedies. There is not the least danger connected with the treatment. The effect is pleasant, and the result permanent.  
For Asthma, it is a specific as much as Quinine for Chills. If you have Asthma, it will cure you, and the relief is almost instantaneous.  
NASAL CATARRH,  
our treatment will permanently cure you. We have been using the  
OXYGEN  
MEDICATED VAPOR  
for some years, and in that time we have cured hundreds of cases of Consumption after they had repeated hemorrhages, and were given up by the best physicians in the land.  
All diseases treated—come to our office and get NATURE'S MEDICINE.  
COMPOUND OXYGEN.  
We also pay special attention to RECTAL DISEASES,  
PILES, FISTULA, FISSURE, AND RECTAL ULCER.  
We have an entirely new treatment, that is painless; the patient need not lose one hour from business or pleasure, nor use the knife or ligatures, or the carbolic acid injection. We can CURE you, and are willing to INSURE a CURE, if you so desire.  
NO CURE, NO PAY!  
We send the HOME TREATMENT with chemicals in less than 24 hours for \$10. We do not publish testimonials, but on application will furnish any number of post office addresses, names of patients who have been cured under our treatment. Consultation free.

opposite Eagle Hotel.

THE LAW FORBIDS BRIBERY IN ELECTIONS.  
Watch the men who sell their votes.  
Let all democrats look well to-day. See that all are straight.  
Dr. Battle after the tenth of this month makes the Battery Park Hotel his permanent residence.  
"The man who would buy his fellow man would sell him again and is purchasable himself."—Dr. J. S. T. BAIN.  
Pearson hopes to carry Buncombe by the free use of money. If he does the manhood of the county is disgraced.  
The democracy of the county nominated Jones and Gudgeon. Will the Asheville democracy turn their backs on their former friends?  
We are glad to announce the return after quite a long absence to New York and elsewhere of Mr. J. Evans Brown.  
Gen. Clingman took conspicuous and useful part in the discussions before the State Agricultural Society in Raleigh.  
A large crowd was in the city yesterday, but everything was very quiet and orderly. Our stores did a good business, however.

THE SHOWY STOCKS OF GOODS NOW exhibited in Asheville attract, daily, large crowds. Asheville never presented such large stocks before.  
Richmond Pearson expressed surprise that Dr. Baird had not learned that a politician had to eat all sorts of dirt and crawl in the slime in order to attain success!  
Turner is satisfying every one. His cuisine is superb. The ten cent lunch house is rapidly growing in popularity. It must soon enlarge its borders.  
Sawyer's stock of gentlemen's and boys' clothing is something to astonish. It is large, elegant and varied, so that every one can be suited.  
Prof. C. D. Smith, Capt. Kelsey, Mr. Roggs and other visitors to the Raleigh Fair have returned, and some of them have passed on their way home.  
Mr. Natt Atkinson Jr.'s friends are proud of the fine exhibit he made at Raleigh. Northern visitors say they never saw anything like it in the display of apples.  
There are few better and smoother running roads in the South than the W. N. C. R. R. from Paint Rock to Salisbury, the section between Asheville and the latter point being especially fine. It runs without a jar or a jolt.  
The very many friends of Mr. U. Doubleday are glad to welcome his return to Asheville, on Saturday evening after an absence of several months. He returned from a summer visit to Europe in September, and is now from Bergen Point, N. J.

Among our visitors, and a guest of the Battery Park Hotel, is Miss Janet E. Richards of Washington City, and correspondent of the Post of that city. We shall republish some of her letters from this place. Miss R. is no stranger in Asheville, this being a second or third visit. Some years since she lost a sister here, and her present visit is connected with the erection of a monument to the memory of the deceased. Miss Gussie A. Snoffer of Maryland is also here, a very charming and cultivated young lady, whose personal graces and accomplishments have deeply impressed some young gentlemen we wot of besides making general favorable influences.

THE RALEIGH NEWS AND OBSERVER SAYS:  
The express went regularly to work yesterday morning and proved the excellence of its machinery by doing first-class packing. There are larger orders for work and Mr. Omega Foster said he had all he could attend to. He packed about 500 bales yesterday. Most of the laborers are experienced ones, from Norfolk and of course do rapid work. A crowd of people surrounded the immense machine all day. The noise of the exhaust is heard nearly all over the city. The glare of the fire at Franklinton was distinctly seen here by several persons.—There was a phenomenal hailstorm Wednesday in portions of Wayne county.  
Attached to the passenger train which left Charlotte Tuesday afternoon for the north, were ten extra cars, filled with people of both sexes and of all conditions, embarking upon the first stage of their journey to Liberia. The colony was raised by Rev. R. A. Assey, a colored preacher. Most of them came from about Curleton's Store, in South Carolina, but a number of them were from Mecklenburg county. They have no object in leaving there further than of making an effort to better themselves, Liberia having been pictured to them as a land of milk and honey. The Charlotte Observer says the colony numbered 100 grown people, to say nothing of the children. They sold out all their household goods to raise money for their tickets, and many of them will land in Liberia with but little clothing and no money.

MIRACULOUS ESCAPE FROM DEATH.  
A Catakill special says: A remarkable accident, particularly in regard to its results, occurred here to-day. Arthur Story was delivering a barrel of flour at a house near the east end of the bridge of the West Shore railroad which spans Catakill creek. The house is built near the brink of the rock, which has a precipitous descent of more than one hundred feet. The horse took fright and backed suddenly, and, to the indescribable horror of those who witnessed the accident, disappeared with its driver over the cliff. After falling about half the distance the wagon was caught by the limbs of a tree, the horse hanging head downward suspended in the air. The driver who had held on to the wagon, now descended the tree, and, by his struggles, broke the harness, and rolling over several times, brought up against the stump of another tree on a narrow ledge of rock. It was brought down with considerable difficulty when further assistance was obtained. Beyond some rather severe cuts and bruises no injury was suffered by either man or beast.

THE BATTERY PARK HOTEL.  
A family named Johnson living in Washington county, were all taken down with flux in a very aggravated form. Having seen a notice in one of the country papers in regard to Dr. Lytle's Elixir, the medicine was at once sent for, and although the delay in procuring it came near proving fatal to two of the cases, yet a faithful use of this well known remedy resulted in the speedy control of the disease and restoration to health of every member of the family. At a time when flux and all other bowel troubles are so prevalent Lytle's Elixir ought to be kept ready for use.  
Fresh Fish and Oysters to-day and tomorrow at T. J. Sumner's city market, under Powell and Snider's.  
A special bargain in Four in Hand Scarfs at 50¢.  
H. REDWOOD & CO.
