COMPOUND OXYGEN.

It is understood that the cotton factory which is to be certainly built here this coming spring, will be located at or near the old depot, immediately on the railroad.
Mr. Geo. W. Tilson will, about the middle of the month, open a grocery and provision store, on West Patton Avenue, in a new house, now being erected. Mr. Tilson is an energetic business man and will faithfully serve the citizens.
The abutments of the iron bridge at Guder's ford on the Swannanoa is being rapidly put in place. The iron has not yet arrived, but will in a short while, when the work will be completed without delay. The contract is in the hands of Messrs. T. K. Brown and A. B. Fortune.
We had a pleasant call yesterday from Mr. R. D. Gilmer, of Waynesville, who is here on legal business connected with the suits against Mr. Timberlake. He represents everything as quiet in Waynesville. The Christmas holidays passed off quietly but pleasantly, the usual enjoyments being participated in.
Much interest is felt here in the organization of the Legislature today, the interest centering generally on the House because of the fact that this body is in the power of Independents. It was at one time believed the Independents, who are Democrats, would act with that party, but this is extremely doubtful in our opinion, as we don't believe the Independents will go into either caucus, but simply stand aloof waiting for bids.

INTERESTING READING MATTER ON FOURTH PAGE.

WE INVITE ATTENTION TO THE ADVERTISEMENT OF N. PLUMMER, CONCERNING LANDS FOR SALE.

Smith's Planetary Almanac for 1887 for sale at West End Pharmacy, Patton Avenue. 2c.

THE WEATHER YESTERDAY WAS CLEAR, BUT STILL TOO COLD FOR COMFORT.

The Interior Court of Buncombe county will convene on the 4th Monday in this month.

Miss Laurel Saunders, of Waynesville, is visiting the daughter of Rev. Mr. Atkins, of this place.

Mr. Girldwood wishes us to say that he now has coal on hand, with the hope of having an abundance in a few days.

Some of our citizens are gathering ice, but it is not of very fine quality and not more than three inches in thickness.

The annual reunion and election of officers of the Asheville Club will take place Saturday night at the club rooms. It will no doubt be a most enjoyable affair.

It is understood that the cotton factory which is to be certainly built here this coming spring, will be located at or near the old depot, immediately on the railroad.

Mr. Geo. W. Tilson will, about the middle of the month, open a grocery and provision store, on West Patton Avenue, in a new house, now being erected. Mr. Tilson is an energetic business man and will faithfully serve the citizens.

THE ASHEVILLE GAS WORKS.

Capt. McCloud, who returned from New York a few days ago in the interest of several measures looking to the advancement of Asheville, among others that of establishing gas works here, has since his return secured \$15,000 of the \$27,000 stock to be raised, and the stock secured was taken by six gentlemen. Any one wanting stock will call on Capt. McCloud.

JUDGE MERRINON'S FIRST CASE.

The case of S. J. Shelton versus J. C. S. Timberlake, being an attachment on the part of Mr. Shelton on Mr. Timberlake's furniture at the White Sulphur Springs, will be heard at Chambers before Judge James H. Merrimon this morning. The case comes up on motion of defendant to dissolve the attachment. Messrs. R. D. Gilmer and G. S. Ferguson appear for the plaintiff, and Messrs. Norwood and Smithers for the defendant.

WITH MANY THANKS.

For the liberal custom given us, all last year and especially during December, we hope to deserve a continuance of the same. We have tried to carry a line of goods that would please all. Though whole of necessity the very new and choice articles would seem expensive, we have asked but a reasonable profit on them, and tried to offer a good variety at all prices. Knowing that articles of real merit or artistic beauty are duly appreciated here we hope to carry a better line than ever before, also in Crockery and Glassware in all trades.

Canned goods of every variety, prices reduced, call, very low at Moore and Robard's.

THE TOBACCO MARKET.

Notwithstanding the cold weather, the breaks at all the warehouses yesterday were quite good, while the prices obtained were even better than the prices of Monday. The better condition of the market, however, cannot be told until the weather shall open suitably to the handling of tobacco.

TEAR COTTON FACTORY.

We are informed that the proposed cotton factory project, to be established in this place this year, is an assured fact, and that the work of building the brick for the same will commence as soon as the weather will permit. The enterprise will be under the control of the best business men in Asheville, with plenty of capital, and it will prove a success we have no doubt.

A DOUBTFUL VALUABLE INVENTION.

Mr. Thomas E. Buckner, a mechanic of this place but formerly of Raleigh, has invented an automatic car coupler which is claimed to be superior to anything of the kind ever before seen. It is claimed that it is claimed for it and practical men say it will, it will outlast the 3,000 patents for a similar purpose which have preceded it. A patent has been applied for.

HAS HE GONE TO SOUTH AMERICA?

We have a deaf-dumb graduate of the Raleigh Institution in our office, who knows intimately, Bingham, the murderer of Miss Turlington. He is astonished to know how Bingham has succeeded in escaping the general police of the country; but he makes a suggestion that might prove of benefit, provided Bingham has actually left the country. Bingham has a deaf-mute schoolmate in the Andes Mountains, in South America, and our Mr. Crow thinks if he has gone on the waters that he will endeavor to reach his friend. We merely give his suggestion, thinking it might lead to some result.

THE RAILROAD MEETING AT FAIR VIEW.

The adjourned meeting of the friends of the Carolina Central Railway, or rather of the proposed extension of that road to Asheville, will be held at Fair View on Friday of this week. This is a matter of vital importance to Asheville, to Buncombe and to Western North Carolina, and as President Robinson, of the Carolina Central, has evinced a willingness and purpose to extend this road to Asheville if he can be convinced it will be of interest to the system he represents, it behooves the people of this section to take hold of the matter in earnest, and decide if possible this outlet to the sea-coast, to Baltimore and to the outside world. Let the meeting be well attended, and especially let the delegation appointed to represent Asheville attend.

THE FOLLOWING GENTLEMEN CONSTITUTE THE DELEGATION:

Messrs. J. E. Rankin, N. P. Chedester, H. H. Lyons, R. B. Johnson, G. A. Siler, W. H. Reed, W. R. Young, Thos. L. VanGilder, John McDowell, J. Edgar Fullenwider, W. H. Innes, M. E. Carter, J. B. Stone, J. A. Moore, J. H. Merrimon, V. S. Lusk, H. C. Hunt, W. C. Gwyn, T. C. Vestal, W. T. Pennington, M. J. Fagg, W. B. Williamson and S. R. Kepler.

THE IMPORTANCE OF THE CRANBERRY.

A New York correspondent of the News-Observer, who has recently been touring the South, has this to say of the future of the Cranberry mines:

"The greatest development North Carolina has ever known is the rapid construction of the three C's railroad (the Charlotte, Cumberland and Cincinnati road). Preceding letters have contained incidental mention of the marble, timber, iron ores and coals of the territory which that road is to traverse, but they have failed to convey an appreciable or an approximate idea of the richness of those various resources. Now, much the larger body of the Cranberry ores of the Cranberry district are in Mitchell county, in your State, and still nearer you are the very large and valuable deposits of hematite. At the same time coal is within cheap handling distance. Look for a development in Mitchell county, consequent upon the bringing together of ore and coal or coke, such as has never been in any other part of the State since the first Englishman landed on Roanoke Island. What Birmingham, Ansonia, Koskocho and Sheffield have done and are doing will be but at the beginning of what is compared with the future of some place (I cannot say where) in Mitchell county. But cheap iron and cheap coal mean very much more to the whole State, for in these are concentrated the whole of industrial development."

SUPPER AND ENTERTAINMENT.

Tuesday evening, Jan. 11, at the Opera Hall, the ladies of the Christian Church of Asheville will give a Supper and Entertainment for the benefit of their church.

The ladies will have the assistance of the talent of the city, and will give the most pleasant affair of the season. Songs, music, tableaux and readings will make up the programme. Supper of all manner of good things will be served in the court room from 6 to 8 and 10 to 12 p. m. This is the first entertainment ever given here by the Christian Church, and we hope our citizens will attend in great numbers, eat, much, enjoy the whole evening immensely, and at the same time help on this good work. Tickets may be had at the drug stores of Messrs. Pelham, Lyons, Carmichael and Roseberry and Grant. 43c.

ANECDOTE OF GEN. GRANT.

General Grant, on his return to this country, is said to have been severely afflicted with a cough, contracted while crossing the ocean, and which had stubbornly refused to yield to any treatment. A friend procured for him a bottle of Symplyx, and by its use he was in a few hours entirely relieved. He recommended it to his friends, and it has since been a great soldier, but this bottle of Symplyx is greater than I. My calling has been to destroy men's lives, but this medicine is a victorious savior of men. I shall never be without it again."

TO BUSINESS MEN.

If you desire to reach the largest number of the best people in Western Carolina and East Tennessee, use the advertising columns of the CITIZEN, Daily and Weekly. The CITIZEN has a much larger bona fide circulation in the Territory mentioned, than any other paper. Rates are low, considering circulation.

CHANGES IN BUSINESS.

Messrs. C. E. Graham and R. L. Graham have sold their control and interest in the Hagenot Mills at Greenville, S. C., to Mr. E. H. Fullenwider, lately connected with the house of C. E. Graham & Co
