INTERESTING READING MATTER ON FOURTH PAGE.

Smith's Planetary Almanac for 1887 for sale at West End Pharmacy, Patton Avenue. 12c.

See the play "Camille" by the McDowell company to-night.

Mr. Sawyer returned last night from a meeting of the Board of Directors of the Western Insane Asylum.

Plum Levi has moved his barber shop into the old office of the Western Hotel, where he would be pleased to serve the public.

Mr. Jas. Batrick is building a new house on his place west of the French Broad, and intends improving his work on the new store buildings on Patton Avenue is progressing rapidly, and soon a half-dozen new stores in that locality will be in full operation.

A Splendid Grand Orchestral Musical Instrument.

which cost \$124, is to be raffled off at Turner's restaurant.

A "Henry George Club," Charter No. 1 for the State of North Carolina, has been organized here. The George idea is to tax land alone.

The McDowell company has won a splendid name wherever they have played, and their rendition of "Camille" is highly complimented.

Notwithstanding "Big Tom Wilson" was not in town yesterday, the weather changed, and we were visited with a somber day, a slight rain falling throughout the day.

THE ATTENDANCE AT THE OPERA HOUSE.

The attendance at the Opera House last night was good, notwithstanding the inclement weather, and the performance was all that had been predicted of the McDowell Company. Give them a rousing home-to-night—they richly deserve it.

Dr. Isaac M. Taylor, of Rowan, was yesterday elected Assistant Physician of the Western Insane Asylum, vice Dr. Sommerell resigned.

All necessary steps are being taken looking to the establishment of a cotton factory here the coming spring. The stock is guaranteed, and the work of erecting the building will commence at an early date. We predict that this is only the beginning of a goodly number of manufacturing establishments that will spring up in our midst in the near future.

The following were among the sales at the Anchor Warehouse on Wednesday:

THE INDUSTRIAL FAIR.

Of the Asheville Knights of Labor, which commenced at the Court-house last night, reflected great credit on the ladies who were instrumental in arranging it. A walk through the room showed much handiwork of a handsome nature, principally the work of the ladies, though there were a number of good specimens of work some of the Knights of Labor themselves. Aside from this, a substantial supper was served, of oysters and other good things, gracefully and deftly presided over by those who knew their business. We were pleased to see that the attendance was good. The Fair will be continued to-night.

HEALTH IS IMPOSSIBLE WHEN THE BLOOD IS IMPURE, THICK AND SLUGGISH.

When the blood is impure, thick and sluggish, or when it is thin and impoverished. Under such conditions, boils, pimples, headaches, neuralgia, rheumatism, and one disease after another is developed. Take Ayer's Sarsaparilla, and it will make the blood pure, rich, warm and vitalizing. 114

Mr. Robert Saunders died at the Hot Springs Wednesday morning of pneumonia. He was about 30 years of age, leaves a wife and several children. He had for several years had charge of the business of Col. J. H. Rumbough.

A PLEASANT PARTY.

The party given at the residence of Mrs. Dorcas Reynolds Wednesday evening was one of the most enjoyable affairs of the season. It was given to buy an organ for the Temperance Hall at Balm Grove church. It was well attended, and the receipts were very gratifying to the ladies who got it up.

THE SCOTCHMAN ASSOCIATION.

The Scotchmen of this section will have a meeting in this place on the 29th, Burns' birthday, for the purpose of organizing an Association, and we learn the meeting will be largely attended. The occasion will be celebrated by an entertainment, in which the ladies will participate. There are no more sturdy citizens in this section than the Scotchmen, and we wish them much pleasure on the occasion of their reunion and organization.

MILLINEY NOTES.

The following may prove of interest to some of our lady readers:  
Bonnets are smaller than ever, and seem to be only the frame upon which the high trimming is arranged.  
Velvet bonnets are worn this season with cloth and fancy wools suits, especially when velvet or velveteen forms part of the costume.  
A bonnet of brown velvet is trimmed with feathers and ribbon loops of golden brown. A bird with fancy feathers of the same that completes the trimming. The strings are of brown ribbon.  
Hats have high crowns, and are not very different from those of last season. The Gainsborough is here again. Young people realize its artistic effect, well to put it aside because it is not "new."  
A deep-red velvet toque has the brim of black velvet covered with cut jet beads. It is trimmed with large red sash-pompons arranged on the left side, and loops of watered ribbon, which fall over the crown.

RATHER WORK OUT HIS OWN REPUTATION.

We have often wondered why our young friend, Mr. T. B. Doe, one of the firm of the firm of W. B. Williamson & Co., furniture dealers, did not advertise. But the matter was explained to our satisfaction yesterday when we heard a party say that he was the most experienced merchant in town, and had come here with the intention of working out his own reputation; and as a compliment from the CITIZEN, we wish to say that he has certainly succeeded, for we know of no man in our midst to-day with a better trade and in whom there is more confidence placed.

THE MURPHY AND CHATTANOOGA RAILROAD.

The Chattanooga Times of the 10th inst. says:  
The announcement in last Saturday's Times that the company which proposed building the line of railway from Chattanooga via Cleveland to Murphy, N. C., would in a very short time seek to ask the city of Chattanooga to subscribe \$100,000 toward building the line was received with much pleasure throughout the city. The fact that Chattanooga was the objective point for another railroad which she has within her grasp by simply subscribing \$100,000, for which the city will receive the same amount of stock in the road, was the cause of much delight and in every circle the good news contained in the Times was the subject of discussion. The company are now maturing all their plans for the incorporation of the work, and they will soon make a formal request of the city to subscribe \$100,000, to aid in the construction of the road. The money is not payable under the conditions of the contract which they propose to make with Chattanooga until the line from Chattanooga to Murphy, a distance of ninety-six miles is under operation. The company will also bind themselves to have the road finished within a reasonable specified time after Chattanooga and Cleveland guarantee the subscriptions of money named. The company means business and will ask the city named to take definite and immediate action.

LEGISLATIVE.

[Compiled from the News-Observer of yesterday giving Wednesday proceedings.]

SENATE.

Committee recommended the charter for the G. & N. C. R. R. Co., and bill passed.  
Mr. Williams introduced a bill to pay mileage to persons summoned on special venire.  
Bill passed final reading putting the discretion of punishment in the power of the magistrates, when assault was made with intent to kill.  
Also bill to regulate challenge of jurors in capital cases. (To allow the challenge of jurors in capital cases the same rights as in minor ones.)  
Consistent discussion ensued on the bill to incorporate the Concord Female Academy. The word "white" being used in bill caused the Republicans to oppose it. Passed.

HOUSE.

Bill in reference to live stock in Haywood county reported favorably.  
Mr. Ewart introduced a resolution to protest against the repeal of the civil service bill.  
Mr. Pritchard a joint resolution looking to the welfare of the laboring men. Mr. Ewart introduced a resolution of Jackson county to levy a special tax, was taken up and passed third reading, eyes 100 nays none.

LET THE FRIENDS OF TARIFF REFORM HOLD A MAMMOTH MEETING IN NEW YORK ON WEDNESDAY.

The friends of tariff reform held a mammoth meeting in New York on Wednesday. The most active promoter and speaker at the meeting was Jackson S. Schultz, a prominent republican, largely interested in the manufacture of leather in Pennsylvania. He has found that protection does not protect, and the necessity of enlarging the markets for the native products.

THE DEFENDERS OF PERPETUAL WAR TAXES ARE ENGAGED IN AN ATTEMPT TO PROVE THAT THE TARIFF DOES NOT INCREASE THE PRICE OF DUTIABLE ARTICLES.

If the tariff does not enable the manufacturer to get more for his goods than he otherwise could, it fails to protect him. If it does enable him to charge more, the consumer pays him a bounty. The cheapening of goods within the past twenty-five years is chiefly due to the wonderful development of machinery, and it affected non-protected more than protected articles.  
In all the laws that impose tariff duties and internal revenue taxes there is not one line to protect the men that work in the field, at the forges, in the factories, or in the shops; and it is as true as holy writ that it is wrong to protect capital that grinds its employees and cuts down their wages.

THE DAVENUE (Va.) TIMES DRAWS THE FOLLOWING CONTRAST:

"Up North, they have had and are having riotous meetings, in some of which, the speakers advocate bludgeoning to relieve the distresses of the poor; but all is quiet here the laborers suffer, but have no idea of any unlawful proceedings. Our capitalists see this and appreciating it, have helped them along. If the Northern people would let us alone, and if our people will let Northern notions of government alone, labor and capital will continue to get along well together."

CHICAGO HEARD:

On a pinch, Senator Ingalls, of Kansas, is willing to admit that the negro has a legal right to vote the Democratic ticket, but he is positive that one who does that thing, is an ingrate who does not deserve his freedom. The negro who would suit Ingalls, then, would only be about half emancipated. The men who are running the Republican party now are not those who freed the negro.

FOR THE SAFETY OF THE UNION IS THE SAFETY OF THE STATES.

We want no strong consolidated government to wreck the State, on any pretext whatsoever. The integrity of the State must be preserved by having the State to stand as the constitution says it should. "That all that is not directly granted to the general government is reserved to the States and to the people." That is democratic government, and we propose to stand by it. The independence of the citizen, the independence of the State, can only and must be preserved by the Democratic party.

LET THE MEN OF NORTH CAROLINA, GOOD AND WHO ARE NOT PROFESSIONAL POLITICIANS, BUT THE BONE AND SINOW OF THE STATE, WHO HAVE THE INTELLIGENCE TO UNDERSTAND THEIR RIGHTS AND THE COURAGE TO VINDICATE THEM, NOW THAT THEY ARE ASSAILED BY ENEMIES IN THEIR MIDST, WHO WOULD TAKE FROM "THE PEOPLE THIS STATE THE ILLUMEN" SOLE AND EXCLUSIVE RIGHT OF REGULATING THE INTERNAL GOVERNMENT AND POLICE THEREOF; WHO DENY THAT ALL POLITICAL POWER IS VESTED IN AND DERIVED FROM THE PEOPLE, IS FOUNDED UPON THEIR WILL ONLY, AND IS INSTITUTED SOLELY FOR THE GOOD OF THE WHOLE; AND WOULD ESTABLISH A PARENTAL GOVERNMENT OVER US MAKING THE CREATURE GREATER THAN HIS CREATOR.

THE RECEIPT FROM THE INTERNAL REVENUE WEDNESDAY WERE \$625,750, AND FROM CUSTOMS \$561,641.

The time has come when the farmer, the ploughman, the man that works in the workshops, should be protected as well as the manufacturer and the capitalist.

HOME RULE FOR IRELAND IS BY NO MEANS A LOST OR A LANGUISHING CAUSE.

In the opinion of such vigilant observers as Labouchere, its triumph at the next parliamentary election is virtually assured. Indications grow daily clearer that the next parliamentary election will not be long postponed.

A LARGE FORCE OF SKILLED LABORERS IS NOW ENGAGED IN REBUILDING THE LIGHTHOUSE AT THE MOUTH OF ROANOKE RIVER.

DEATH OF COL. B. M. JONES.

We are pained to learn of the death of Col. B. M. Jones, at Reidsville, N. C., yesterday. Col. Jones, who was well known in our community, has been suffering for some time with paralysis, and his many friends had anticipated his death. He was a gentleman in his strict sense, and his demise will be deeply regretted by those who knew him. He was father of Messrs. Thos. A. and B. M. Jones, of this place, and they have our sympathy in their affliction. They were both with their father at his death.

ANECDOTE OF GEN. GRANT.

General Grant, on his return to this country, is said to have been severely afflicted with a cough, contracted while crossing the ocean, and which he laboriously refused to yield to any treatment. A friend procured for him a bottle of Symplyx, and by its use he was in a few hours entirely relieved. He remarked to his friend: "Men look upon me as a great soldier, but this bottle of Symplyx is greater than I. My calling has been to destroy men's lives, but this medicine is a victorious savior of men. I at all never be without it again."
