COMPOUND OXYGEN.

Drs. Hargan, Stone & Gatchell,

SPECIALISTS,

OFFICE—Pulliam Building, Main St.

ASHEVILLE, N. C

We use in the treatment of Chron[illegible] Diseases,

COMPOUND OXYGEN

and Medicated Vapor by direct inhalation. Those who suffer from diseases of the Respiratory Organs—such as Consumption, Catarrh, Bronchitis, Asthma, Chronic Sore Throat, Loss of Voice, etc., and who have failed to be cured by the ordinary treatment of Cod Liver Oil, Hypophosphites, Pocket Inhalers, and the like, may be permanently cured by our new treatment; since we have cured and are curing cases which had resisted all other means and which had been pronounced incurable by the best physicians.

The Compound Oxygen Treatment is not only valuable in diseases of the respiratory tract, but is working prompt and permanent cures in all diseases depending upon an impoverished or impure condition of the blood, such as Debility, Epilepsy, Rheumatism, Chorea, Neuralgia, Paralysis, Diabetes, Bright's Disease, Anæmia, Scrofula, and all Diseases of the Skin.

The Only Treatment

which will permanently cure NASAL CATARRH! The only Specific for Asthma!

The treatment is pleasant to take, and cannot aggravate any case however delicate and sensitive.

Special attention paid to diseases of the Rectum, such as Piles, Fissure, Fistula, Prolapsus, etc.

A NEW TREATMENT,

painless and invariably successful. No loss of time from business or pleasure during treatment.

For those who cannot come to our office, and who need the Compound Oxygen, we have a Home Treatment, which in many cases is as valuable as the Office Treatment. We will send the apparatus and chemicals to last two months for $12.00

We acknowledge an invitation to attend the anniversary exercises of the Euzelian and Philonrathesian Literary Societies of Wake Forest College. to be had on the 11th of February.

The farmers of the county are much excited over the pending Pearson Stock Law bill. Shall it be, or shall it not be, is now the question of the hour.

The Asheville Military Academy is one of our institution of which our citizens are justly proud. The dress parade this summer will prove very attractive.

Don't lose your chance to get the one dozen cabinet size photos made by Mr. Lindsey, by guessing at the population of Asheville. Register open at Grant & Roseberry's.

Mr. L. C. Ford, who ten years ago went from this place to Colorado, where he has prospered and accumulated property, expects to return in the Spring and build a large Flouring Mill on the French Broad near Asheville. Success to his enterprise.

The Board of Aldermen Friday night ordered that work be begun on the relaying of the sidewalks as soon as the weather permitted. The whole work is to be done under the management of a competent engineer.

Says the last issue of the Franklin *Press*: "Hon. J. L. Robinson recently sustained quite a serious accident near Osage reservation. He was thrown from a buggy, it seems, and came near fracturing several of his ribs. We did not get full particulars. We are glad to know that he was not detained many days, and is now doing well."

Pratt & McIntyre have just received one hundred and fifty five hogs. Among the lot are some 3 month old shoats that will suit farmers. They also have 2 fine steers, which they will kill Monday, weighing 4,400 lbs.

The new water works are rapidly approaching completion. As soon as the weather permits the work of laying the pipes on the various streets of the town will be commenced. It is the purpose of the Board to place the water in or convenient to every portion of the city.

Some say "Consumption can't be cured." Ayer's Cherry Pectoral, as proved by 40 years' experience, will cure this disease when not already advanced beyond the reach of medical aid. Even then its use affords very great relief, and insures refreshing sleep. t24

CROCKERY AND GLASS.

Prices lower than ever now and all orders large or small promptly filled. Will soon open an entire new line of White Granite or Iron Stone China and C. C. Ware. Our line of Glassware is large and complete, and prices very low. The stock of Solid Silver and Plated Ware, Cutlery, etc., is one of the best in the State. J. H. LAW,
South Main street.

A meeting of the opponents of the Pearson Stock Law was held in town yesterday, and a public meeting to protest against the passage of the same was called to meet here Wednesday next. See notice elsewhere.

The Board of Aldermen Friday night ordered two more electric lights on Depot street. This will prove of great convenience to the passage to and fro the depot, as the principal travel at present is done after night.

The Battery Park extension is progressing rapidly towards completion, and will be ready by the first of May for the accommodation of guests. From the many requests for quarters now coming in this popular hotel will be crowded. The season in Asheville, next summer promises to surpass any that has ever been known before in this popular mountain resort.

Much interest is felt in the county over the possible fate of the Pearson Stock Law bill, which has passed the House and will be considered by the Senate committee on Friday of this week. Should the present law be defeated as a whole it will work untold hardship on a large number of farmers in the central townships who have torn down their fences and cut their bridges down behind them.

The anniversary debate of the Cliosophic Literary Society of Weaverville College will be held at the college on the 28th inst. A cordial invitation is extended to the general public. The following is the programme for the occasion:

First Declaimer—E. B. Phillips, First Orator—H. L. Morris, Subject—Liberty and Morality. Query—Should the United States prohibit the manufacture and sale of intoxicating liquor within her territory? Affirmative—G. L. Morgan and C. M. Dickens; Negative—T. F. Reeves and A. J. Fletcher. Second Declaimer—J A. Ramsey, Second Orator—C. E. Chambers; Subject—The Power of an Idea.

THE CAROLINA CENTRAL ROAD

As we announced, Col. Coleman left yesterday to meet Mr. Moncure of the C. C. Road, with the purpose of making a preliminary survey of the route between this city and Rutherfordton. The work will likely comsume ten days or more, and at the expiration of this time we will then be in an attitude to talk business with the authorities of the road. Our people are fully alive to the completion of this connection and no one need doubt their doing the full measure of their duty in the matter.

We are glad to learn that the good people along the line are much concerned about the extension to Asheville, and that leading gentlemen at Wilmington have pledged assistance, if it be needed, to have the connection made. Wilmington should be much concerned and would be justified in giving more for extension to Asheville than they would in assisting the Cape Fear & Yadkin, which they are very properly assisting in a material way.

We will be able within the next few days to give the views of the engineers as to how the line looks.

The Southern Directory Company have nearly completed their canvass of the city for business cards and advertisements, and we are glad to know that only two or three business houses will fail to be represented in their advertising columns. All should come in as their rates are very reasonable, and make the Directory as it should, represent completely the business of this city and section.

The large safe of the Belmont Savinge Bank at Belmont, Mass., was blown open Thursday night and robbed of two negotiable bonds for $1,900 and $500 respectively, a large quantity of non-negotable personal notes add a small sum in cash.

Captain White of the Post Office Department received a telegram from Fairburg, Ill., saying that the post office at that place was entered by burglars Thursday night and that all the money and stamps were stolen.

No sufferer from any scrofulous disease who will fairly try Ayer's Sarsaparilla, need despair of a cure. It will purge the blood of all impurities, thereby destroying the germs from which scrofula is developed, and will infuse new life and vigor throughout the whole physical organization. t24

THE STOCK LAW MEETING.

All parties opposed to the Pearson Stock Law, now pending before the State Legislature, will notice the call published elsewhere for a public meeting in this place on Wednesday next at 12 o'clock. The call is made in pursuance of a meeting held yesterday.

THE JESSICA THOMAS COMEDY COMPANY

Makes its first appearance here to-morrow night in the play of "Daughter of the Regiment," to be followed by the "Loan of a Lover." Both of these plays are capital within themselves, and this company wherever they have rendered them have won unstinted praise. The motto of the company is popular plays at popular prices. Reserved seats at Sawyers at 30 cents.

The Raleigh *Visitor* says of the rendition of these two plays:

"Two beautiful comedies were presented by the Jessica Thomas Comedy Company at Metropolitan Hall last night. The 'Daughter of the Regiment" is a sterling old comedy in two acts, and is always welcomed upon the boards when well performed. The character of Josephine was assumed last night by Miss Jessica Thomas, and well did she render the caste, ably supported by Mr. Joe Physioc. Their duets, songs, &c., brought down the house, eliciting frequent encores. The 'Loan of a Lover,' a standard comedietta, closed the performance with Miss Thomas as Gertrude, and Mr. Joe Physioc as Peter Syke, both of which characters were admirably rendered. All of the other castes in both plays were performed well."

The improvements contemplated and now in progress in our city are many and of the most substantial character. Visitors who were here last year will be astonished upon their return this season Water supply now abundant to allay the dust, gas light to illuminate the darkness, good pavements to facilitate pleasant walking, street cars to bring remote places together, a new and splendid hotel at the Sulphur Springs, a beautiful drive from the city to this new resort, many new places to stop at with all modern improvements, and at more reasonable prices than heretofore, finer and larger stores, with greater variety of goods—in short, Asheville has moved to the front and is now abreast with the age and with the march of improvement going on throughout the new South.

Miss Van Zant has to thank the pres of Chicago for saving her from and act of sentimental folly which she would have regretted all her life. A unanimous newspaper protest against her marriage with Spies, the condemned anarchist, has prevailed upon the Sheriff to put such obstacles in the way that the nuptials cannot take place except in spirit. The young woman seems a fit subject for a writ *de lanatico inquirendo*.

There is now being formed in New York a combination of Republicans who are to place Chauncey M. Depew in the field as a Presidential candidate in 1888. Blaine is trying to offset this deal by throwing his influence in favor of W. Miller in his Senatorial contest. The scheme includes the nomination of Ex-Congressman Burleigh for Governor and Speaker Husted for W. M. Evart's successor in the United States Senate.

STOCK-LAW MASS MEETING.

There will be a grand mass meeting of all the stock law men held in the court house in the city of Asheville, on Wednesday, Jan 26th, to protest against the passage of the law now before the General Assembly, known as the "Pearson Stock Law Repeal Bill."

Let every person in sympathy with the movement attend.

THE STOCK LAW QUESTION.

I see from the proceedings in the Legislature that one of the members from this county has introduced a bill, calling for an election on the stock law or no-fence question. Would it not be well for the conservative and law abiding citizens to speak out? and let the members of the Legislature know the true feelings of the people on this vital question to them at this time, and save us from another exciting election, for one, I do not believe that a majority of the farmers desire that an election should be held; we all know that this question entered into the last election to a certain extent, but it must be admitted and is well known that many votes were cast for the anti stock law candidates that were no-fence or stock law men. I have heard of many saying that they are now in favor of the law.

There is one other issue in this case to be made. We now have the law in operation in a large portion of the county, and the farmers have taken their fences from around their lands, and many of them have hauled the rails off, and sold them for wood, so I am informed, and many farms at this time have not sufficient rail timber on their land to fence it.

This bill now before the Legislature, to my view, was not presented in the interest of the farmers, but in the interest of the man that [illegible] and only to redeem his "pledge to the voters." You will permit me to say that I have never advocated the "stock-law."

But I am candid to say that I do not see how any one at the present time, and has the good of his county at heart, can enter any objection to the law, when he considers the hardship it would now entail on many of the farmers, by repealing it. JUSTICE.

The New York *Star* thinks that the Senators should be elected by the people.

A petition has been presented to the West Virginia Legislature "asking the passage of a bill providing for physiological temperance instruction" in the public schools.

Humphrey Moore, a lately deceased Baltimorean, made $100,000 by dealing in second hand books. He left it all for benevolent purposes, the major portion being for the establishment of an institution for public discussions, entertainments and other popular educational gatherings.

A report prevailed in railroad circles Friday that the Norfolk and Western Railroad Company would extend its line to Chattanooga, Tenn. This, it was declared, had been made necessary in order that the company might secure through business, as the traffic of the East Tennessee Railroad having passed into the hands of the Richmond Terminal Company would diverted to the Richmond and Danville Railroad.

Twenty States in which State elections were seriously contested in 1886 show a net Democratic plurality of 45,138 votes. In 1884 the same States gave a net plurality of 246,612 votes. This Democratic gain of nearly two hundred thousand is an indication of the increased strength of the Democratic party under the administration of President Cleveland. We commend these figures to the serious consideration of the friends of Mr. Blaine.

The Philadelphia *Record* says: "The 'New South' is stirring, tapping huge veins of coal and subterranean lakes of petroleum in Texas, digging for iron ore and coal in Mississippi, building railroads in Georgia and factories in Alabama, and urging Tennessee to the development of her wonderful mineral resources. The American must work, and in the fresh fields of labor offered below Mason and Dixon's line, he is finding at present the richest rewards."

The New York *Star* says: According to the gossip one hears, the French ball on Monday night became a scene of drunkenness and riot without precedent in the history of the town. All the fast women of the place was there, and most of them got as drunk as their opportunities would permit.

One woman seated herself in a tub of ice water and salt, which had been used as a champagne cooler. She was so drunk that she could not get up. Another woman had her dress torn off in one of the boxes. About twenty per cent were respectable, and that most of them left before the orgy was at its height.

Wonderful Cures.

W. D. Hoyt & Co., Wholesale and Retail Druggists of Rome, Ga, say: We have been selling Dr. King's New Discovery, Electric Bitters and Bucklen's Arnica Salve for two years. Have never handled remedies that sell as well or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by H. H. Lyons.

STATE NEWS.

The State printing will be given to the Raleigh *Chronicle*. The contestants were P. M. Hale and the *News-Observer*.

The Fayetteville *News* has changed hands, J. H. Benton and W. M. Decker have purchased the paper from Stephen G. Worth. Mr. Worth will go elsewhere to engage in business.

The feeling in Raleigh is tha the State Agricultural Departmen will be eliminated of much of its power by the present Legislature. It may not be abolished as a whole, but the feeling is largely against a continuance of the management as heretofore.

The present House of Representatives, as a whole, is said to be, in point of intelligence and general appearance, far behind any House for the past fifteen years. It is wholly non-progressive in policy, and will spend its time principally in making political capital for the Republicans and their allies in 1888.

Says the Wilson *Advance*: We see with pleasure that there is a strong probability that Gen. W. R. Cox will be made minister to Turkey. He would maintain the dignity of the nation—and that is about all a minister to a foreign country has to do—at the Turkish Court. The proverbial "luck" of the General will hardly desert him at this late day we hope.

The Fayetteville *Observer Gazette* throws out the following suggestions for legislators to act upon. It says: "Do away with the crop lien law, preserve the present system of county government, pass an act providing for convict labor on the public roads, pass Mr. T. H. Sutton's mechanic's lien law—do these things, legislators, and we believe your fellow-citizens will rise up and call you blessed."
