Many handsome residences are to be built in Asheville this year.

The work of laying the water pipes on Patton Avenue is progressing rapidly.

We regret to learn that Dr. M. L. Nelson has been confined to his room for the past week by severe indisposition.

The Sunday-school in the church building on Bailey street, under the management of Rev. Mr. Carroll, has increased the membership of its scholars to 103 - a pretty good month's work.

The Senate on Saturday passed the bill incorporating the Atlanta, Asheville & Baltimore Railroad Company, and the bill now goes to the House for concurrence.

Our Republican friend, Mr. Pritchard, has made a mark in the House as a leader of men and ideas.

Col. Sol. Hampton, of Leicester, and Mr. N. Plumadore were of the delegates that went to Raleigh last week in the interest of the citizens of Buncombe opposed to the repeal of the Buncombe stock law.

The failure of Mr. Richmond Pearson last Friday to vote for the Republican measure - the repeal of the present form of county government - created quite an indignation with his allies the Republicans.

MATHERS THIS AFTERNOON. The Howarth Double-Show Company, which performed the "Two Dams" here last night to a splendid house, in a most satisfactory manner, having to remain over here until to-night, will give a matinee to-day, at 2:30 p.m., for the benefit of ladies and children - prices being 15 cents for children and 25 cents for adults, no reserved seats. We would advise all to go, as the performance last night gave more than satisfaction.

THE SHERIFF'S COURT. Last week was productive of much good in relieving the jail and the criminal docket of the county. Judge Sheford and Solicitor Carter worked assiduously to this end, and they succeeded well; the fines inflicted during the week will doubtless pay the cost of the prisoners.

SEVERELY HURT BY A SHOT. Robert Campbell, col., had a difficulty a few days since with a colored brother, the fidelity of a wife being the cause, and on Sunday night the matter found a solution in the accused party assaulting Campbell as he came out of the church located just west of Smith's bridge, a pistol was placed at Campbell's head, when he threw up his left arm and received the ball in his arm above the wrist, fracturing one of the bones and damaging an artery.

NUMBER PROMPTLY. At their meeting last Friday night the Board of Aldermen passed an ordinance requiring every owner of real estate in the city to place their numbers upon their doors, or in some conspicuous place, within thirty days after being notified by the Southern Directory Company what their numbers are to be. Place your numbers on promptly, and save yourself trouble, inconvenience and extra expense, as the city will otherwise place them on your door, and charge double the same in your taxes for the ensuing year.

JUDGE JAMES H. MERRIMON. This gentleman returned home Sunday night from Franklin court, which he held last week, having a week's holiday before the opening of his next court. The Judge is looking remarkably well, his ride from Raleigh, which he has done some hard work since going on the bench. He has seen no place in his travels he likes so well as his native hills. Of course we are glad to see him back, and regret that the exigencies of public business will prevent his remaining only a week with us.

WOULD HAVE JUST SUITED JUDGE CLOUD. The Omaha World tells the following, and it reminds us forcibly of the late Judge Cloud's opposition to the peculiar art of whistling: Lawyer - "I wish I knew where I could get a good office boy, sir; Janitor - "I've got a nice boy, sir; just the kind of a boy you'd like, but he's one fault, and I'm afraid it's one you can't put up with."

THE TOBACCO MARKET. The breaks yesterday were good, with prices well maintained, even better than last week. The following are some of the sales: FARMER'S WAREHOUSE. T. N. Langford, 4 lots, 27, 24, 18 50, 15 50; T. O. Roberts and Black, 4 lots, 24 50, 19, 27, 25; J. C. Fitzgerald, 3 lots, 23 50, 20, 16; C. C. Logan, 4 lots, 24, 23, 24, 17; Smith & Roberts, 3 lots, 25, 24 50, 18; Devon and B. H., two lots, 28, 29; Devon and L. D., 3 lots, 21, 23 50, 19 50; T. N. Massey, 3 lots, 20, 40, 20; Devon and Sexton, two lots, 21, 27; J. W. Hawkins, 3 lots, 23 50, '95, 16 50; Deaver & Hampton, 3 lots, 18 50, 20 50, 24 50; G. W. Ramsey, 3 lots, 21, 29, 22; J. G. McCreary, 3 lots, 25, 30, 17; J. J. White, two lots, 33, 38; White Bros and Brown, 4 lots, 24, 34, 31, 59; Brown and Conley, 7 lots, 34, 50, 24 50, 19 50, 33, 31 and 18 50.

Captain Edward Unger, the burly, stolid-looking, middle-aged German who is charged with the murder of August Bobbe and with having sent the headless body of his victim to Baltimore in a trunk, maintains a sullen and half-defiant demeanor, and denies his guilt.

The Nashville (N. C.) Courier says: "A man living in the lower part of this county swapped wives with another man, giving \$1.50 to boot. The officers of the court now insisted upon his trading back or securing a divorce, and he wants to know if this is not a free country."

Ayer's Sarsaparilla is the most potent blood purifier, and a fountain of health and strength. Be wise in time. All baneful infections are promptly removed by this unequalled agent.

REAL ESTATE IS NOW MOVING rapidly - Atkinson & Cocks, Real Estate Dealers of this city, sold 8 lots last week, and three on yesterday. How things will rattle when the spring opens. Better buy your lots now while they are reasonable.

Now is the time for bargains. Go to Whitlock's.

LEGISLATIVE.

SATURDAY'S PROCEEDINGS - CONDENSED. Bill to incorporate the Atlanta, Asheville & Baltimore R.R. Co., passed its third reading and was approved.

The bill relating to the drawing of jurors was passed, and the bill for the relief of the trustees of the Swain county, passed its second and third readings and was approved.

HOUSE. The judiciary committee reported favorably on a bill to drain the swamp lands of Mud Creek, in Henderson county.

Mr. McClure, a bill to levy a special tax for Clark county, to be used for the purpose of paying the interest on the bonds of the W. N. C. Land Company, passed second and third readings.

The House concurred in the Senate amendment on the bill to incorporate the town of Murphy.

S. B. 56, H. B. 258, to allow the free passage of fish in the French Broad river and its tributaries, passed second and third readings.

S. B. 5, H. B. 262, to regulate the challenge of jurors in capital cases was taken up.

Mr. Overman explained the object of the bill and thought it should pass.

Mr. Lindsey opposed the bill and said that the trial of capital cases was too slow, that a jury law was becoming common and that there were not enough criminals hung in this state. If this bill provided for hanging more men he would support it.

Mr. Parsons favored the bill and would favor any measure looking to doing away with those "professional jurors."

Mr. Parsons thought the object of every challenge should be to give every man a fair trial, and the law now gives that to every defendant, and therefore opposed the bill.

Messrs. Doughton, Turner and Lyon spoke in opposition to the bill.

Mr. Overman explained the object of the bill and thought it should pass.

S. B. 56, H. B. 158, to allow the free passage of fish in the French Broad river and its tributaries, passed second and third readings.

Mr. Pritchard introduced a resolution in regard to the enormous expenditure of money by the present administration in the prosecution of offenders of the Internal Revenue law which was ordered printed and placed on the calendar.

S. B. 84, H. B. 359, to repeal chapter 245 laws of 1878, to allow the county commissioners of Buncombe county, and not the question of the stock law. He hoped Mr. Ewart's amendment, exempting certain eastern counties from the provisions of the county government bill, would not prevail.

Mr. Holt favored the present system of county government, because it is just and right. He sent forward the following amendment: "That any county is shown by the census to have a majority of colored voters, it shall be exempted from this act."

Mr. Brogden read a long speech from manuscript, he refused to be interrupted. His speech caused much laughter.

Mr. Parsons warmly endorsed the present system, thought Mr. Ewart's amendment was clearly unconstitutional. Mr. Mason favored Mr. Oakley's amendment.

Mr. Ewart said he expected every Republican to vote against his amendment, he attacked the Democratic party for not bringing its criminals to justice and mentioned Littlefield.

Mr. Overman said that the Democratic Governor had sent both to Florida and New Jersey for Littlefield, but had each time been refused by the Republican authorities of both States.

Mr. Sutton thought the only object of Mr. Ewart's amendment was to make party capital out of the amendment, they admit that the law is just and right. All counties under Republican rule were plundered and ruined. Under the present system they had become much improved, and cited his county as an instance.

The previous question being called, the question was upon the adoption of the different amendments. Mr. Holt's amendment was adopted - 104 to 1. Mr. Lyon with drew his amendment. Mr. Oakley's amendment was accepted by the introducer of the substitute. Mr. Ewart's amendment was lost - 107 to 0.

Ayer's Hair Vigor improves the beauty of the hair and promotes its growth. It imparts an attractive appearance, a soft, bloom, the hair grows faster, sheds less, and is just and right. While it stimulates the roots, cleanses the scalp, and adds elegance to luxuriance, its effects are enduring; and thus it proves itself to be the best and cheapest article for toilet use.

(For the Asheville Citizen.) A WORD TO MOTHERS.

Editors Citizen - Your paper goes to so many homes that I can never reach in any other way, that I would beg for space therein to say a few words to Mothers - I have no eloquence, no gift of speech or writing, but I have a heart full of love for little innocent, helpless children, and it is in their behalf I would write. Oh, mothers as you gaze upon your little darlings do you realize how sacred is your trust? God has given them to us and we act as guardians to their bodies and souls. A child is influenced by its surroundings, and the good and bad, and the impressions made are as lasting as life. What a glorious mission to train these little immortal souls for happiness and peace.

When we do not train our children to be good, we are training them to be bad. Let a mother be all she should have her children be. Let her fill their minds and souls with the love, good and beautiful. Commence early in teaching them about Jesus and the sweet old story. Seed thus sown will never die. Make use of their childhood days, do not delay. Buy good books for them - it is poor economy not to. Obey the power of a book for good or evil. I do believe we to surround our children with pure good reading, it would be one of the strongest arguments against Satan and his enticements. Their minds must be filled and if they cannot do not have this reading at home, be sure, elsewhere they will find reading, but what kind? Think in other things as you may, but provide good reading for your homes and children. Let us commence the new year with a fuller realization of our trust, remembering to whom we must give an account for the manner in which we train our children. A MOTHER.

STATE NEWS. W. H. Powell's gin, near Battleground, was burned a few nights past, with fifteen bales of cotton therein. The loss is about \$1,000. It was an accidental fire.

Mr. Lucian Burnett's residence, in Chatham county, was burned a few days ago. The loss is about \$5,000, with no insurance. A remarkably small percentage of houses in the county are insured.

The stockholders of the North Carolina Midland railroad met at Winston January 10th. At that time it is expected that the plans of the Richmond and Danville road with regard to the Midland will be formulated and announced.

Telegram received from Wadesboro announce that Associate-Justice Thos. S. Ashe was dying.

Mr. Wadesboro says that such statements were inaccurate, and that while Mr. Ashe is very sick, his physician hopes to see him recover speedily. His condition shows considerable improvement, though he is very weak and his stomach is greatly disordered.

The architect and warden of the penitentiary has just returned from a trip over the route of the proposed railway from some point on the Raleigh and Augusta Air Line to Carthage, the lively little county seat of Moore county. Work on the grading of the road is expected to begin in the next thirty or sixty days. By next autumn the new line will probably be completed. Convicts have been promised. They are to be paid for by the railway company.

San Francisco's county clerk is credited with this novel sign in his office: "Ladies applicants for positions will please weep in the anteroom, as the clerk suffers greatly from damp feet."

A sensational story comes from Birmingham, Ala. to the effect that a newspaper reporter was knocked down, chloroformed and robbed of \$55. What in the world does this mean? The fact that a newspaper man had this amount of money about him is a new feature in journalism.

A novel and most alarming instance of the possible encroachments of labor upon capital came to light Saturday. From the far-away mountains of Montana the news was received that young Mr. Seligman of this city had been seized by a band of miners and held as a hostage for the payment of wages due from the company which he represented. It seems that Mr. Seligman was on his wedding tour, and the miners no sooner seized upon this fact than they seized upon the bridegroom himself, constituted themselves his uncle, put him in pawn, and sent the ticket - the amount of their claim against the company - to the horrified bride at Helena. The back pay was forthcoming at once, Mr. Seligman was redeemed, and restored, frightened, but unhurt, to his frantic wife.

The last ballot for U. S. Senate in Texas, recalled Resgan 54, Maxey 50, Ireland 38. It is hard to say who will elected.
