By a strict party vote the Republican Assembly in New York has refused to ask the State Board of Arbitration to take part in the settlement of the coal and freight strike. The Republicans never lack nerve to serve the monopolies that own them. They, too, stand on a "point of etiquette" when they are asked to aid in terminating a situation of deadly embarassment to labor, capital and the consuming masses.

In New Jersey one Democrat is consorting with the Republicans. In Indiana one Democrat is in the Labor camp. Both of these men were elected as Democrats, and are in honor bound to go with their party. It is of small consequence to most people, but the Democrats are to be commiserated on always having some crank, self-seeker or traitor in their camp. They never never fail. A legislature with a Democratic majority of only one or two is good enough Repulican IN THE CITY 1 Legislature for most purposes.

The report of President Battle, of the North Carolina State University to the board of trustees, shows that FR the University is of great benefit to poor young men. There are now at the institution, Dr. Battle says, more than a hundred youths, "with hands brown with toil, some cooking for themselves, others hiring their own cooks, some or county appointments free of tuition, others going into debt for it, with threadbare clothes, in the coldest weather without overcoats, hovering over scanty fires, but with the flames of noble resolutions burning in their breasts.'

Dr. Ford shot one Kirkpatrick of Shreveport, Louisiana. The case came up for trial in New Orleans on Tuesday, when the prisoner's counsel addressed the court as follows:
