FROM RALEIGH.
County Commissioners Discussed—
The State Agricultural Department
Bill Passes the Senate—an Inter-
esting Debate in the House on
the Rutherfordton Railway
Company, &c.
(Special Dispatch to the Citizen.)
RALEIGH, N. C., Feb. 11.
In the Senate to-day the chief bills
introduced were all on Craven and
Vance counties to levy a special tax; to
compel County Commissioners to account
for monies coming into their hands by
virtue of this office.
As special order the Senate took upon
its third reading the bill to provide for
the support of the Agricultural Depart-
ment, which as it passed second
reading appropriated \$20,000. There
was a very hot debate. Mr. Fields offered
an amendment to make the salary of the
Chemist \$2,000. Mr. Locky moved
to make the salary of the Commissioner
and Chemist \$1,500 each. After a long
discussion, in which the Department
was both attacked and supported, the
Senate voted to reduce the Chemist's
salary to \$2,000; but the proposition to
reduce the salary of the Commissioner
to \$1,500 was lost. The bill then passed
by 33 to 8.
The Senate then indefinitely postponed
the bill to give Vance county a
representative.
In the House Messrs. York and Turner
introduced bills to give the people the
right to elect county commissioners.
The House took up as special order the
bill to ratify the consolidation of the
Rutherfordton Railway Company and
the Rutherfordton, Marion & Tennessee
Railway Company with the Charlotte-
Cincinnati & Chicago Railway Company.
The debate was prolonged. Some mem-
bers attacked the road and alleged that it
did not intend to keep its promises. Mr.
Crawford, of McDowell, offered an
amendment that the work should begin
this year in that county. After Crawford,
Turner, Pearson, Suttin, Miller and
Worth had spoken, the House came to a
vote. Mr. Crawford's amendment was
lost. The bill then passed its second
and third readings by a unanimous vote.
The Committee made an unfavorable
report on the bill to relieve ex-Governor
Holden of his disabilities.
The following were the principal bills
introduced: To incorporate the town of
Whittier; to allow Transylvania county
to levy a special tax; to provide for the
care of the insane; to incorporate
the County Railway.

The Discussion in the State
Senate on the Buncombe
Fence Law.
The State Senate having passed the
substitute to the Pearson Repeal Bill,
which bill we have already published,
many of our readers will feel an interest
in the discussion in that body on the
question. The substitute for the original
bill passed its second reading on Wed-
nesday, (passed its final reading on
Thursday), and we quote from the News-
Observer the following debate on the
matter:
Mr. Fox of Madison: I do not think
the substitute will meet the wants of the
people. It requires a majority of the
voters to petition the county commis-
sioners before an election can be had.
We urge the passage of the original bill.
The majority of the citizens of Buncombe
county want an election, and they con-
sider themselves qualified to exercise
their own judgment. They want nothing
unreasonable.
Mr. Kerr, of Sampson: In consulta-
tion with representatives from Buncombe
county, the majority of the committee
found that to repeal the law would work
great hardship. The opposition has con-
sented to let the law stand in the
districts can vote on the question and
get relief under the substitute.
Mr. Fields, of Alleghany: In six
townships it is admitted that it would
be better not to disturb the existing law. It
seemed to us after consulting Buncombe
members and the delegation of farmers,
that the substitute is the proper course
that the adoption of the original bill
would be very detrimental, where fences
have gone down, or have been burned.
Buncombe county has spent more than
\$10,000 in two years in fencing in the
county, and this would be lost if the
county commissioners of Buncombe were
in error, we are not to be blamed, we
must treat the case as before us. We have
offered a just and fair compromise by a
very large majority of the committee.
Mr. Haver, of Haver: There are
the committee here, every farmer dele-
gate was an original stock law man,
without exception. The Senator from
Buncombe has already been carried to an
extreme. We have got to look to the
interests of the people. Living in a county
that has such a law, and being a prac-
tical farmer myself, I know that an
abrupt change will be a virtual con-
fiscation of property. Are the people to
be made foot-balls merely out of courtesy
to the Buncombe representatives? It takes
money to put back fences, as well as tim-
ber. The law has taken the fences down.
I don't want to see the people of this
county by our enactments. I shall vote
for the substitute. You can't borrow
money easily or get it, and those people
having to rebuild fences would be set
off as at the close of the war. Can two
wombs make a right?
Mr. Fox: I shall not misrepresent
anything. It has been stated that the
bill passed would injure four-fifths of the
people in parts of the county, and I think
the statement a big error.
Mr. Kerr (to Mr. Fox): Didn't this
county government question have very
much to do with the election majorities
last fall?
Mr. Fox: It did.
Mr. Shober: If this measure was left
to the tax-payers only, what would be
the result?
Mr. Fox: I think there would be about
an equal division. On the stump I
pledged to vote for the repeal of the
stock law government law. Every farmer
delegate here voted against the success-
ful candidates.
Mr. Turner believing further discus-
sion unnecessary, moved the previous
question.
The substitute was adopted by a vote
of 23 to 14.
The substitute, as an original bill, on
second reading passed by a vote of 20
to 16.
The following is the vote on the sub-
stitute:
Ayes—Adams, Alexander, Arthur,
Bryan, Clark, Collier, Crouse, Fields,
Harrison, Kerr, McCormick, Pemberton,
Purcell, Saunders, Shober, Simpson,
Spencer, Stevens, Thorpe, Tall, Turner,
Webb, and Williamson, all Democrats
but one, Mr. Arthur—23.
Noes—Cook, Eaves, Epps (colored),
Fox, Jenkins, Lackey, Mingo, Cox, Char-
lton, Mason, O'Connell, Munro, Sutton,
Taylor (colored), Terrell, Williams,
Davidson, Williams of Pitt, all Republi-
cans, except Mason of Chatham (indep-
endent), Williams of Davidson and
Williams of Pitt—14.

Excitement in Texas.
Great excitement has been caused in
the vicinity of Paris, Tex., by the remark-
able recovery of Mr. J. E. Corley, who
was so helpless he could not turn in bed,
or raise his head; every body said he was
dying of consumption. A trial bottle of
Dr. King's New Discovery was sent him.
Finding relief he bought a large bottle
and a box of Dr. King's New Life Pills;
by the time he had taken two boxes of
Pills and two bottles of the Discovery,
he was well and had gained in flesh 30
pounds.

COMPOUND OXYGEN.
As a significant fact, merchants
here cannot obtain goods from the
Western markets at guaranteed
freight rates. The Western dealers
are afraid to quote rates for the future
until the effects of the Inter-
State Commerce bill shall have been
seen.
Messrs. Dickson & Watson's loss by the
recent fire, we are glad to learn, is not
quite as heavy as was at first supposed.
They are already engaged in resuming
business, and in a short time
will be on their feet again. They possess
both energy and pluck.
The indefinite postponement by the
House of Representatives of the Railroad
Commission bill effectually puts an end
to any legislation of this kind during the
present session of the Legislature. This
will give ample opportunity to test the
merits of the Inter-State Commerce bill.
The setting of the County Govern-
ment question by the House of Represen-
tatives on Thursday, by a decided
vote, relegates the whole matter back to
the people. The Republicans in the
next campaign will ride their hobby to
their hearts' content—but only to defeat.
The day is still distant when the white
people of North Carolina will relegate
the Eastern counties to negro domina-
tion.
Says the News-Observer: The joint leg-
islative committee appointed to visit the
Western Insane Asylum at Morganton
has returned more than pleased with
all they saw in that institution. They
are practically unanimous in the opinion
that no State institution could be
better conducted and are agreed that
the accomplished director of the Asylum,
Dr. Murphy, is the right man in the
right place.
We heard many expressions of pleasure
yesterday over the defeat of the
Pearson bill repealing the Buncombe
Stock Law. The substitute adopted by
the Senate will please the large majority
of the people of the county, as those sec-
tions mostly opposed to the old law
under this substitute will be allowed to
stay out from its provisions. Now let
the House concur in the substitute, and
end the matter forever.
The News-Observer says, and we en-
dorse its remarks:
"We note with pleasure the disposi-
tion to meet the needs of the State
Guard. That organization ought either
to be kept up in efficiency or it ought to
be abolished. The latter alternative is
not to be thought of. The former there-
fore appeals with all the greater force
because of this fact. The importance of
the guard is conceded by all reasonable
men. The influence of its simple exist-
ence is a great power on the side of law
and order. Let it be maintained in as
full efficiency as the state can afford."
"Mrs. and the Misses Lyons from Rich-
mond, who have taken the house No.
1410 N. street, Washington, D. C., had a
very large reception. Miss Payne, of
Warrenton, who inherits much of the
beauty of that distinguished family,
assisted the gracious hostess and her
three lovely daughters in receiving.—

Mrs. Lyons and her daughters spent

pronounced beauties of a high type.

TELEPHONIC.
The telephone system of Ashe-
ville is gradually expanding itself,
embracing now seventy-odd subscrib-
ers, covering about seventy miles
of wire. Mr. J. H. Woodcock,
of the West End Pharmacy, has a
phone at his drug store, no. 9. Dr.
Fletcher has one at his office, No.
56. Mr. Lawrence Pulliam will
have one at his residence within a
few days. The probability is that
the subscribers will number 100 be-
fore the summer.

On account of the exceeding warm
and damp weather for the past few
days prices have fallen off a few
points. Buyers are shy in conse-
quence of the high case in which they
get it. Much on hand with them
for a short time in this condi-
tion might cause a considerable
loss. A cold spell would no doubt
cause a perceptible rise in prices.
A large quantity is coming in. The
planters seem in good spirits and
with few exceptions are satisfied
with sales; those who are not, invari-
ably have common offerings. It is
more apparent that those who
plant small crops and cure well
make the most money. The ware-
housemen are working hard, receiv-
ing and disposing of the crops.

The Southern Directory Company
is progressing well in taking the
census of the city and in numbering
the lots and houses. A few weeks
will be necessary to complete this
work. The indications, as far as
they have gone, are that the popula-
tion of Asheville will exceed the
expectation of almost any one—
forty-one citizens, white, colored,
adults and children, having been
found under one roof, and this not
a hotel or public house. In the
meantime they are taking orders to
furnish any one desiring with plate
numbers, of any variety or style,
at low rates. They have also just
completed arrangements with an
Asheville painter to have any num-
bering done in this style, and at the
lowest figures.

If it will be poisoned we be to those
who drink thereat. It is worse to poison
the fountain of life for one's self, and for
posterity. Often by carelessness, or mis-
fortune, or intemperance, this has been
done. Ayer's Sarsaparilla frees the
blood, the vital stream, and restores ap-
petite, strength and health.

No other medicine is so reliable as Ayer's
Cherry Pectoral for coughs, colds and
all derangements of the respiratory or-
gans tending toward consumption. In all
ordinary cases it is a certain cure, and it
affords relief for the asthmatic and
consumptive, even in advanced stages of
the disease.

Stickness in the Country.
Reports from the country indicate that
there is at this time more than the usual
amount of sickness prevailing. Most of
these troubles seem to arise from an im-
pure condition of the blood, caused by
an excessive secretion of bile. This
causes fevers of a bilious character, and
we regret to say that in some places it
has proved very fatal. We therefore
offer this gratuitous advice to those not
yet afflicted: Keep your liver in a
healthy condition, and your blood rich
and pure. Good blood means good
health, while bad blood had health.
Ayer's Blood and Liver Pills are entirely
vegetable and are just the pills needed
at this season of the year.

Excitement in Texas.
Great excitement has been caused in
the vicinity of Paris, Tex., by the remark-
able recovery of Mr. J. E. Corley, who
was so helpless he could not turn in bed,
or raise his head; every body said he was
dying of consumption. A trial bottle of
Dr. King's New Discovery was sent him.
Finding relief he bought a large bottle
and a box of Dr. King's New Life Pills;
by the time he had taken two boxes of
Pills and two bottles of the Discovery,
he was well and had gained in flesh 30
pounds.
Trial bottle free at H. H. Lyons' Drug
Store, large bottles \$1.
