

M. M. FURMAN, JORDAN STONE, J. D. CAMERON, EDITORS.

THURSDAY MORNING, JUNE 16, 1887.

The Financial Chronicle in speaking of Judge Bond's recent decision says:

"As the United States Supreme Court has always steadily upheld that provision of the United States constitution which forbids an action against a State, there is little probability that any tax will ever be laid to pay these bonds or that they will ever be recognized."

The News-Observer in connection with this says: "The special tax bonds have jumped from 3 cents to 17 cents. They are doomed to tumble again. We hope nobody will be bit by the rise."

The crop prospects so far are as fine as ever known, and all crops seem equally favored. The cotton crop everywhere except in South Carolina is reported at above an average, the standard being 100, North Carolina is 101 and South Carolina, 57, all other cotton States above 100. The condition of tobacco is good, with a smaller crop planted. Wheat is generally fine, with some local exceptions. All the other grains and the grasses are exceptionally good. The fruit is the only crop that shows deficiency in this State.

Everything encourages to the hope of better times for the country. It is not alone the favorable condition of the crops that gives this hope. It is a revolution begun in the modes of thought and action of the people. There is more industry, more thrift, more thoughtfulness, more calculation. The dependence upon staple crops is being shaken off; farms are being made self-sustaining, and they are being made productive of more than one money crop. The use of fertilizers, the source of a heavy drain of money, is being discouraged; and so is dependence on the other States for meat and bread being discouraged. The purpose is to keep the profits of labor among those who make it. The contrary course is the cause of existing exhaustion of a circulating medium.

TRANSFER OF THE CHARLOTTE OBSERVER.

In the issue of the above paper, of Tuesday, Col. Charles R. Jones announces that, with that issue, he surrenders the proprietorship of the Observer to Mr. Harvey A. Deal; and Mr. Deal in the same issue makes his announcement of his assumption of such proprietorship.

Mr. Deal had been connected with the Observer, in some way, for several years.

Col. Jones says from his debtors payment will be demanded at once; and he expects to pay to his creditors every cent he owes; so that it may be presumed that business troubles were at the bottom of the movement.

Col. Jones, during his control of the Observer, for twelve or fifteen years, had displayed great energy and business capacity, and had built up what seemed to be one of the most prosperous journals of the State. It cannot be said that he ever showed conspicuous editorial powers, but it had large influence with the Democratic party until political ambition of presumed higher aim and broader field than journalism possessed the editor; and the pursuit of that ambition made the turning point in the influence and fortunes of the editor. Col. Jones was defeated in all his aspirations, and we suppose lost patronage to the extent of his embarrassment.

He, however, has an abundant energy and untiring perseverance which we hope will speedily bring about the retrieval of his fortunes.

LOANS ON WESTERN FARMERS.

Eastern money has been loaned at the west on farm mortgages during the last three years literally to the extent of millions of dollars. From inquiries made by the Boston Journal, in New Hampshire it appears that many depositors are withdrawing their funds from the local savings bank in order to place them in Kansas, Iowa and elsewhere, at the higher rates offered beyond the Mississippi. The treasurers of all the savings banks in Concord say that the withdrawals are larger than usual. One of them declares that during no spring since his institution was organized have they been more frequent or in greater amounts. The New Hampshire savings banks themselves are extensive lenders on real estate abroad. Investments of this description have been greatly promoted and strengthened, not to say occasioned, by the creation of the western loan companies which have become so numerous of late. These concerns must be reckoned

an important addition to the financial machinery of the day.

The Journal might have added that some of this capital has begun to come South for a similar purpose, but, as yet, the stream is not large enough. A few years ago it was stated that there were deposited in the various New England savings banks over four millions of dollars, the accumulation of laborers, drawing from one to two per cent. per annum, much of it nothing at all. There are still many millions in these same banks. This money could be loaned with absolute safety to Southern farmers at six per cent., not only in safety to the lender, but to the great benefit of the borrower and thus to the section and country. We wish we could see these loan companies all through the South who could reach these owners of idle millions, and secure a portion at least to aid in rehabilitating and energizing our section. At six per cent. an intelligent farmer can afford to borrow a reasonable sum for five or ten years, and do so with absolute safety to all concerned. Farming in the South has been a no less bitter than heroic struggle since war. Under all the circumstances the results have been marvelous. But with all the efforts there has constantly been sadly wanting that great lubricating agency, money, to make the machinery run smoothly and successfully. There are millions in the North now, comparatively idle and unremunerative. Let the owners send much of it South. It will be, in fact, an act of patriotism as well as one of personal interest.

The Durham Tobacco Plant wants to know what is the mystic meaning of "31"? Durham went wet last year by 31 majority; Oxford went wet wet this year by 31 majority; Raleigh went dry this year by 31 majority. "Let the superstitious begin to superstitious."

Wonderful Cures. W. D. Hoyt & Co., Wholesale and Retail Druggists of Rome, Ga., says: "We have been selling Dr. King's New Discovery, Electric Bitters and Bucklen's Arnica Salve for two years. Have never handled remedies that sell as well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced Consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by H. H. Lyons."

RICHARDSON BROS. ma 23 dt

FOR SALE.

Very low 2 pairs of good sound young Mules inquire of E. J. ARMSTRONG, at Roper Springs. ma 17 dt

Durham correspondent of the News-Observer says: With the construction of the street railway and the erection of buildings travel along Main street has been almost obstructed. It has looked as if preparations were being made to build the town anew. The track of the street railway on Main street has been nearly completed. In the space of two squares on Main street there are going up ten brick buildings, and preparations are made for others.

Almost a Miracle.

We were very much surprised yesterday to see 'Squire Davis' out upon the street again looking as though he had taken a new lease of life. Considering that the 'Squire' has been for years a confirmed invalid with what was supposed to be consumption, his recovery seemed but little short of a miracle. When questioned as to the cause of his restored health, he said, 'Symphyx, sir, Symphyx did it, a few bottles have stopped my cough, restored my lungs to health, and made me a well man. There is no cough medicine equal to it.'

HOW TO MAKE MONEY BY DEALING IN STOCKS, GRAIN, PROVISIONS, OIL, ETC.

EXPLANATORY PAMPHLET MAILED FREE.

HOME :-: AGAIN NEW YORK!

Where I secured some of the best bargains I have ever bought, "genuine sledgehammers," below rock-bottom prices, bought twenty per cent. under market value. I am now prepared in all departments with new and seasonable goods and would call special attention to my large stock of gents', youths' and boys' clothing at all prices. Ladies' dress goods, consisting of embroidered robes, all wool goods in all shades and colors, satines, batiste, zephyr cloths, gingham, muslins, lawns, nainsook, checks, piques, chambrays, calicoes, &c. My stock of linen goods, table cloths, towels and napkins, is cheaper than ever. Full line of Ladies', gents' and children's hosiery, handkerchiefs and gloves. Hamburg edgings enough to cover half of the house, at prices never heard of before. Laces and white trimmings until you can't rest. Shoes, hats, shirts and drawers in endless variety. Thousands of other goods too numerous to mention. These goods are bought right and will be sold cheap, all we ask of you is to come and examine goods and prices. Do not forget the place, No. 15 Patton Avenue, near public square.

Respectfully, James P. Sawyer, Asheville, N. C., May 7, '87.

DESMOND'S OLD STAND South Main Street.

Cure for Piles.

Piles are frequently treated by a sense of aitch in the back, loins and lower part of the abdomen, causing the patient to suppose he has some ailment of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. A moisture like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind Bleeding and Itching Piles yield at once to the application of Dr. Ross's Pile Remedy, which acts directly upon the parts affected, absorbing the tumors, allaying the intense itching, and effecting a permanent cure. Price 50 cts. Address the Dr. Ross's Medicine Co., Piqua, O. Sold by H. H. Lyons. daw 1/2
