Parliamentary Matters.

(By telegraph to the Asheville Citizen.) LONDON, July 14.—The Unionists will abstain from voting on the bankruptcy clauses of the land bill if they are not abandoned. The New York Stock Market Agitated.

(By telegraph to the Asheville Citizen.) NEW YORK, July 14.—The Baltimore and Ohio deal was still the great topic in the stock market to-day, and Cincinnati, Hamilton and Dayton stock again attracted attention; the first bid for stock was 126, advanced up to 142, receded to 135, at which figures the last sale was made and closed at 152. The 3rd bid course of stock was accepted as evidence that the syndicate had obtained relief and buying assumed larger proportions, while feverishness of forenoon disappeared. Trading in Reading was specially heavy, but Western Union, Richmond and West Point, Omaha and New England were conspicuous for strength displays. The general market calls for no further comment. The opening was very irregular, changes from last evening's prices ranging from 1 per cent. below to 1/2 above. The market was very active and strong in early trading with Union Pacific and Reading in the lead. Reaction followed which wiped up the gains. The market continued feverish and irregular until noon when prices were generally slightly above opening, decidedly strong tone was developed in afternoon and made throughout list and although fractional recessions were established toward delivery hour the close was quieter but firm to strong, at or near best figures reached, and with few unimportant exceptions the entire active list was higher.

The Kennedy Murder Case.

(By telegraph to the Asheville Citizen.) WASHINGTON, July 14.—The Coroner Inquest was held to-day of the late Joseph C. G. Kennedy who was murdered in a street yesterday afternoon by John Dailey. The jury found a verdict in accordance with facts as follows: Dailey, the murderer, was present but manifested perfect indifference. Very little is known to police with regard to the latter's history. He is ignorant of low order of intellect and has been nursing a grudge against his victim for the last 25 or 30 years. He thinks Kennedy over-reached his father in a real estate transaction many years ago. His mother was once employed in Kennedy's family. His weapon was a case knife ground to a point and sharp as a razor which he had hid in his shoe when searched at station house. From his talk it seems that he had murderous intentions towards another man, but it is not known who this intended victim is. Dailey had only been discharged from the workhouse hospital yesterday morning; he has several times been inmate of corrective institutions for minor offenses.

The Nevada tribe of Piate Indians have increased in numbers nearly 2,000 since 1850. Evidently the contact with the pale face has not hurt them.

A thirty-foot whale, a few days since, wandered from his native ocean element into New York bay and up North river. The water conditions were so terribly different from that which he had been used to that the marine monster was seized with cramp colic and soon expired.

A floating paragraph says that King Otto of Bavaria is crazy on the subject of shooting people. Every day he is allowed to take a gun containing a blank cartridge and fire at a man who is purposely skulking among the grounds of the Nympheuburg Palace. The man falls as if killed, and the mad King's desire is appeased for the day. This shows that even the "didn't-know-it-was-loaded" mania is not confined to the humble citizens of the republic, but grabs royalty as well.

What a farce the Maine Law is in Maine is illustrated by the experience of Portland on the Fourth of July, as described by the Portland Advertiser: "Notwithstanding the fact that the sheriffs and police made large seizures Saturday night and Sunday, enough liquor was on sale Monday to make several hundred men drunk. In some parts of the city the scenes were disgraceful. Drunken men were laid up on the sidewalks and door-steps in all directions. In Deering's Oaks many of the benches were occupied by sleeping sots. Around the Custom-house it is estimated that fifty men were seen drunk during the night and day. It was even worse about Gorham's Corner and the adjacent parts of the city. The police made arrests Monday night until the station was full and could accommodate no more. Forty drunks were locked up at one time. Tuesday morning forty-one cases were before the court, and many were discharged without being brought up."

The Brooklyn Elevated Road strike seems to be nearing its end. The company have fourteen cars, with full complements, running.

About 800 workmen in Black Diamond Steel works, Pittsburgh, struck yesterday because the firm refused to reinstate a number of Union men recently discharged. The works are still running, but evidently crippled.

The Pennsylvania coke workers are still on a strike. The number returning to work increases daily, and operators are confident of having full forces of new men in a few days. Eviction of strikers from company's houses have begun. Thirty more Pinkerton men arrived, as Hungarian strikers are feared.

What True Merit Will Do.

The unprecedented sale of Bocher's German Syrup within a few weeks, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of Coughs, Colds and the severest Lung troubles. It acts on an entirely different principle from the usual prescriptions given by Physicians, as it does not dry up a Cough and leave the disease still in the system, but on the contrary removes the cause of the trouble, and the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the disease makes its appearance, will save doctor's bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75 cents, large bottles. d.w.l.w.

It is now alleged to be a settled fact that typhoid fever germs are carried almost wholly in water, and that while freezing does not destroy them boiling water always does."

"Over and Over Again."

Repetition is sometimes the only way to impress a truth upon the mind. Accordingly, take notice that Dr. Pierce's "Pleasant Purgative Pellets," (the original Little Liver Pills) continue to be wonderfully effective in cases of rick and nervous headache, constipation, indigestion, rash of blood, and all other ailments, and all ailments arising from obstruction of the bodily functions. Their action is thorough yet gentle, and the ingredients being entirely vegetable, they can be taken with impunity into the most delicate stomach. All druggists. d.w.l.w.

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always begins with a cold. Don't permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at H. H. Lyons' drug store. Large bottles \$1.

Almost every person has some form of scrofulous poison latent in his veins. When this develops in scrofulous sores, ulcers, or eruptions, or takes the form of rheumatism, or organic diseases, the suffering that ensues is terrible beyond description. Hence the gratitude of those who discover, as thousands yearly do, that Ayer's Sarsaparilla will thoroughly eradicate this evil from the system. 115

AN APPEAL.

The ladies of Asheville interested in the Mission Hospital are going to give a Bazaar for its benefit about the middle of July.
