Particulars of the Railroad Accident.

CHARLESTON, S. C., Oct. 20.—A freight train from Spartanburg and a passenger train from Atlanta, collided at Greer's, 12 miles east of Greenville this morning. Both engines were killed, and the total killed is variously estimated at from three to ten. The Morgan Riles of Spartanburg were on the passenger train returning from Atlanta. No other particulars received.

ATLANTA, Oct. 20.—The accident at Greer's, S. C. to day was caused by the freight train running off schedule time. Mrs. McDowell of Asheville, N. C., and engineer B. T. Wall are among the killed. Ten are said to be seriously wounded.

CHARLESTON, Oct. 20.—The collision occurred three miles west of Greer's, and was caused by the freight train not siding-tracking at Greer's to let the passenger train pass. The passenger train passed Greenville four hours late. Both engines were wrecked; also the postal, baggage and express car of the passenger, and the first three of the freight. Engineer Harris and conductor Beyville of the freight train have disappeared. A negro saw them running through the woods. The killed are Mrs. Hanp McDowell of Asheville, and Robert Ward the passenger train engineer. The injured were J. B. Erwin of Asheville, leg broken and other foot badly mangled, Ed Harnett, fireman of passenger train, arm amputated and badly scalded, expected to die; J. L. Webster of Columbus, Ga., trainman, right arm amputated, and otherwise seriously injured. James Kinyan, Greenville, S. M. Dykeman and W. R. Wilson, Atlanta, mainly bruised; Misses Mary and Nannie and Willie Erwin, of Asheville, bruised, and Phillip Black, negro brakeman of the freight train, concussion of the brain, very serious.

More of the Yellow Fever.
(By telegraph to the Asheville Citizen.)
WASHINGTON, D. C., Oct. 20.—Dr. King Wylie, president of the State Health Protection Association telegraphs C. H. Jones, editor of the Times-Union as follows: The Mayor of Tampa wired me that they are in need of money in Tampa. Will you please through the Associated Press and your columns ask different counties and communities to send such amounts as they can to either the cashier of the First National Bank of Tampa to be used as may be deemed expedient for the relief of the suffering, caring for the sick, and taking care of the large number of persons thrown out of employment. The suffering falls especially on the laboring class. White and black are now out of work who must be provided for.

Protective Association, President Florida Health Association.

Burning of a Wilmington Steamer.
(By telegraph to the Asheville Citizen.)
WILMINGTON, Oct. 20.—The steamer *Regulator*, an iron vessel of about 650 tons, belonging to the Clyde line, and running between New York and this city, was burned at her wharf here about 1 a. m. today. Her cargo consisted of 930 bales of cotton, navel stores, and lumber, valued at \$50,000, was entirely destroyed. The vessel also is a total loss. Both vessel and cargo were insured.

Collision at Sea.
(By telegraph to the Asheville Citizen.)
LONDON, Oct. 20.—The steamer *Uppa* collided with, and sunk, the German bark *Plantour* of Beahy Head Tuesday. Eleven persons were drowned and the Captain of the bark has since died. Only two of the crew of the bark survived.

Yellow Fever at Tampa.
(By telegraph to the Asheville Citizen.)
WASHINGTON, D. C., Oct. 20.—Surgeon-General Hamilton today received a telegram from Deputy Collector Spencer at Tampa, Fla., saying that there have been two deaths and four new cases since last report.

Have you a cough? Sleepless nights need no longer trouble you. The use of Ayer's Cherry Pectoral, before retiring, will soothe the cough to quiet, allay the inflammation, and allow the needed repose. It will, moreover, speedily heal the pulmonary organs, and give you health.

One very interesting feature of the programme to-day will be about two dozen ladies on horseback who will be in the procession directly next to the President and Mrs. Cleveland. Mr. J. H. Herring is marshal of this corps.

Notice.
All mounted men from neighboring counties are invited to take part in the horseback escort to-day, and will report at the Fair Grounds at eight o'clock, or to Col. W. R. Young, JONNSBORO JONES, Chief Marshal.

The delegation of the Knights of Labor in to-days reception have tendered General Johnstone Jones and his staff of marshals a review. It has been accepted and will take place at the Public Square, on the return of the procession from the depot. All mounted organizations are invited to join us in honoring the grand marshal and his aids.
W. F. RANDOLPH, Marshal.

ANOTHER SERIOUS ACCIDENT.
We learn from friends who came in from Hendersonville last evening that news had reached that place yesterday that Mr. W. M. Davies had been run over in Atlanta by a railroad train and killed. We could not verify the rumor, and sincerely hope it is not so.

"On Thursday night," says the editor of a Mississippi newspaper, "while we were writing an editorial on the financial condition of the country, some fiend in human shape threw a brick through our window and struck us on our head. We fell to our floor and lost our senses. How long we remained in our condition of unconsciousness we know not. The first thing we remember was being taken up by Major Gibner, our good friend. We were taken to a drug store, where our wound was dressed. Our wife and children soon came, and we were taken to our home. We are naturally indignant over this cowardly attack upon us, and we offer a year's subscription to our paper to the man who discovers who it was that hit us."

And how hopeless and how inadequate is the man of loose principle and of carnal life! He can do nothing for us; he shrinks away; he shrivels up. Amid sorrows, and by beds of sickness and of death, he is profoundly useless; he is utterly out of place. Goodness alone lasts more delightful and more interesting the longer we abide in its company. The bad, as Plato nobly said, may go off at the start of life's race with more promise and hope than the good; but then they come in so badly outran before the close.—Canon Holland.

The western editor boomed the boom. In fact, he boomed it with a bang. But oh, the boom it backward swung; And he fell cold! the boom he rung! Turned out the boom—errang!

An exchange says Gettysburg is becoming a summer resort. So it was in 1863, but it was much warmer then.—New Orleans *Picayune*.

Toadyism appears to have reached its uttermost limit in England. It is cabined from London that, owing to repeated appeals for chips from trees felled by Mr. Gladstone at Hawarden, a printed circular has been issued, fixing a uniform charge of eighteen pence for a small block, or three shillings per cubic foot, exclusive of carriage.

Breaking a Window.
If a tree were to break a window, what might the window say? Tremendous comments on Taylor's Chamberlain's Remedy for Coughs, Colds and Lung Troubles.

The shortage of Kennedy, the Secretary of the Jasper Loan Association of Savannah, is finally accounted for. He will not be prosecuted, and says he will pay up.

The Wealth of a Home is dependent upon the happiness therein. If sickness is there, what a shadow falls upon it! Taylor's Chamberlain's Remedy for Coughs, Colds and Lung Troubles.

"You must be very polite to succeed in this business," said a barber to his young apprentice. "Always wear a pleasant smile and try to flatter everybody." "I'll do my best, sir," replied the apprentice; "but how am I to flatter a bald-headed man?" "Easy enough," replied the barber, "just ask him if he doesn't want his hair cut."

"Doctor, why do so many people look pale and weary, and feel languid and listless?" "Because their liver does not act."
Take the old reliable Dr. Hart's Liver Pills and you'll feel like being made anew. Your appetite will improve, your sleep will be sounder, your indigestion will be cured, your complexion will clear up; in fact, a transformation of the whole system will take place, and you will feel that life is worth living. All for the sum of 25 cents per box.

How's Your Liver?

Is the Oriental situation, knowing that good health cannot exist without a healthy liver. When the liver is torpid the bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headaches ensue; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons' Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.
As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc. I hardly ever see anything else that has more been pointed in the effect produced. It seems to be almost a panacea for all diseases of stomach and bowels.
