Mr. J. M. Alexander, North Court Square, is ready to supply the public, not only over the present four railroads we have, but over the four new ones when they are completed.

Capt. Bolow Erwin returned yesterday from Greenville, where he has been in attendance upon his wounded children.

The rail road from Statesville to Taylorsville in Alexander county is complete, and a celebration of the event is to be had on the 1st of November.

The main trunk lines in this state are pursuing the wise policy of constructing short lateral branches as feeders, which largely benefit the main lines.

The News Observer has information of the death of Alfred Morehead, formerly of the U. S. Army.

At the outbreak of the civil war he resigned from the army.

Of him the Philadelphia Times says: "The death of Major Alfred Morehead will be widely lamented."

Ex-Senator Conking is reported as expressing a contempt for politics and saying: "I never realized what the phrase, 'to live like a gentleman,' meant until I banished public affairs from my mind."

We have thought that some thing, frequently.

The President's train reached Reidsville, this State, just as he and party were at supper.

The Reidsville Democrat says: "Mrs. McDowell, of Asheville, who was killed in the railroad accident on the Piedmont Air Line last week, formerly lived in Reidsville."

We think our friend is mistaken. We do not think Mr. and Mrs. McDowell ever resided elsewhere than in Asheville.

The Florida travel, which begins early because so do the Northwest winds has had somewhat of a setback by the outbreak of yellow fever at Tampa and its possible appearance elsewhere in Florida.

When the tide begins to flow, we suppose the route through this section will be largely followed, as the connections are now close between Louisville and Cincinnati and Charleston, and the accommodations are as full and excellent as on any rival route.

A correspondent of the Lynchburg Advance, writes recently from London, giving the following among other items of interest:

"The south of Ireland is in a woe-ful condition, while the north, or Protestant portion of the country is as prosperous as any part of our own dear land."

Speaking of Mr. Cleveland's passage through North Carolina, the Greensboro' North State says: "The trip through North Carolina was made on time and was enjoyed by the tourists."

At Asheville there was a well arranged programme which was carried out in good taste and with fine tact.

It is pleasant to note the good feeling and the good taste expressed by the Republican papers in connection with the President's visit.

There is the total absence of the partisan and the respect shown to the President of the United States here and elsewhere in the South.

It appears to have been shared equally by Republicans and Democrats.

AN OUTLAW KILLED—YELLOW FEVER STILL ON THE INCREASE.

Telegraphic Rates to be Advanced—Another Railroad Goes to a Receiver.

OTHER INTERESTING TELEGRAMS. Yellow Fever Still on the Increase.

WASHINGTON, Oct. 28.—The Marine Hospital Bureau is informed that there have been seven new cases and four deaths from yellow fever at Tampa, Fla., since last report.

Strike on the Sugar Plantations. NEW ORLEANS, Oct. 28.—Later information in regard to the strike on the sugar plantations is to the effect that all difficulties with laborers have been adjusted and they have agreed to resume work to-day.

The Receiver Still to the Front. RICHMOND, Oct. 28.—In a suit in the Circuit Court of the city of Richmond, instituted by C. H. Huntington against the Newport News and Mississippi Valley Railroad Company, for \$1,700,000 due him, the treasurer confessed judgment.

An Advance in Telegraphic Rates. NEW YORK, Oct. 28.—Officials of the postal telegraph company have formally announced that as a result of the conference yesterday the rates of the Postal Company will be advanced to Western Union standard on all messages under 25 cents, and when the standard is higher than that figure competing companies will make a slightly lower rate.

The Chicago Anarchists. CHICAGO, Oct. 28.—A special from Springfield, Ill., says: "It is a curious fact that among all communists and anarchists who have reached the Governor for and against clemency for the Anarchists there is but one formal petition and that is mailed from a small interior town in New York."

Election of Missionary Bishops. PHILADELPHIA, Pa., Oct. 28.—The House of Bishops of the Protestant Episcopal Church to-day elected Rev. Abiel Leonard, of Atkinson, Kansas, Missionary Bishop of the new jurisdiction of Nevada, Idaho and Utah.

Don't hawk, and blow, and spit, but use Dr. Sage's Catarrh Remedy.

As to the requirement that application must be made by the party under conviction, it seems pretty clear that when another person acts for the person so convicted he must act as attorney or agent, and at the solicitation or request of the party

condemned. In other words, the petition must represent the actual will of the party under conviction.

A letter to the Governor, written by Parsons which was printed in several of the newspapers was never mailed to him or at least, he never got it and therefore officially knows nothing of it.

WASHINGTON, D. C., Oct. 28.—When the Supreme Court opened to-day Attorney General Hunt stated that he had practically finished his argument when the court adjourned yesterday and would not resume to-day, but would give way to Mr. Grinnell.

When he concluded Gen. Butler arose and said "that the introduction of all this new matter referring to Grinnell's recital of circumstances which were taken from the records and which is a part of the case where in print would compel him to ask for more time than had been allotted to him."

This extraneous matter must be popular with the court or its introduction would not have been permitted.

The Chief Justice remarked that the court did not know whether these matters were in the record or not but as they were stated by State's attorney the court must assume that they were.

Gen. Butler said he had not examined the 500 pages but he knew and could demonstrate that some portion of this extraneous matter was very different from what appeared in the record and he must ask for more time to speak with reference to matters of which he had not before heard.

He and his associates had been taken by surprise and the lives of three clients had thus been put in jeopardy.

Grinnell, interrupting, said that he indicated counsel on the other side to make complaint to the court that there was an indication of unreasonable search and seizure.

Their printed brief showed that a great many things had been seized and he, Grinnell, had simply added that other things had also been seized.

After a great deal of rambling talk about the composition of the jury, dissatisfaction with the record, lack of time for preparation, sentencing of prisoners in their absence, and that of their counsel, injunctive done them by unreasonable search and seizure.

Gen. Butler said, that if all these things could be done, the question was to be debated whether this government would not be a little better if it were overturned than if it were carried on in this fashion.

Had no fear, he said, "of being misunderstood upon this question. I have the individuality of being the only man in the United States that continued and executed men for undertaking to overthrow law. There were thousands of them and for that fact, please your honor, a price was set upon my head as though I were a wolf and the sum of \$25,000 was offered to any man that could capture me to murder me by Jefferson Davis and his associates, and who if they were here at your bar trying to exact a price for their lives, they would stand by me and all that I might defend them. That is history of law, if I understand it, and I think it is not of much consequence for you, quite easily and quickly passing away."

A French Boudier. PARIS, Oct. 28.—A number of newspapers have asserted that Wilson has not got the amount of 40,000 francs to cover postage on matter he backed with President Greys' stamp during the time he resided at the palace of Elies.

Wilson has taken a private house and is removing his effects from the Palace.

Good for the Express Messenger. ST. LOUIS, Oct. 28.—A dispatch from Austin, Texas, says: "J. E. Smith, the express messenger who recently killed two train robbers near El Paso, was paid \$2,000 yesterday by order of Governor Ross as a reward for his act, and will probably get \$2,000 more from the Express Company, and \$1,000 from the Railroad, making a total of \$5,000."
