Prof. F. A. Gully of the Mississ 7 sippi Agricultural College has been J v. Brows & co.. experimenting in feeding stock The Breeders' Gazette says:

"We wish every southern reader would study Prof. Gully's figures carefully, * * * * This ex periment is worth more to the South-to Mississippi alone-than her agricultural Callege has from its foundation cost her.

The result of the trial proves that raw cotton seed well boiled, fed with Reensilage and hay, not only cost less opened a first class fundertaking their tishment, where with a practitation keep on their feed bester, and in a in re-sati-factory condition in every localism of

GENERAL SHERIDAN.

The Atlanta Constitution save that "undoubtedly sheridan was born somewhere, and as his mother says one place and he another, it seems he was born in both places; if so be he can easily be elected. For if there is anything the American people admire it is a genuine freak. A Republican triend suggests that his mother's evidence is not admissible, she being an interested party. But wherever born, or whether born or made, he must have that political cal and personal regeneration which &. is required of a chief magistrate by the majority of the people. On: contemporary might be benefitted by a little regeneration on its awa

FARMING.

Farming is a business, and it is not as some suppose so simple that any one can pick up in a short time. It is one of complexity and perplexity, its conditions endless, so on the Western North Carolina Rail those much in fact that the most patient

pay him best who gives close and p constant attention to its conditions. foe

It is, not generally known that there exists on the proposed line of the Durham. Oxford and Bige Wing railroad one of the richest Wing railroad one of the richest and veins of copper ore in this country premises at anthe order, on try. C. R. Savage, of Pennsy vania. Thursday 15th day of March. 1885. try. C. R. Savage, of Pennsylvania, has recently purchased what is known as the "Old Royster mines" situated in Northern Granville, near Blue Wing. He has made an assay of the ore which ran 48 per cent copper. This is amusually rich as the best ore known only runs 50 per cent. Mr. Savage, who represents large capitalists, has formed a stuck company with a capital of the same of March. 1888. This hord is well furnished and all the furnished and all the same time if desired, on most resonable terms. The most all without reserve and title per feet the ore known only runs 50 per cent.
