THE TEMPERANCE PEOPLE ARE DISSATISFIED.

Will Resort to the Courts-A Mandamus Suit Instituted Yesterday.

The CITIZEN has heretofore announced the fact that the board of county commissioners for this county, at their regular monthly meeting, held last Monday, had before them for consideration retitions asking that an election be held in the city of Asheville the first Monday in June on the question of lithe order, has proven a source of great surprise and dissatis faction to them, claiming as they do that they had a sufficient number of nam-s on their petitions to meet the requirements of the law, and that the action of the Board in refusing to call the election was unwarrented in law, and in violation

of their rights. From what we learn by conversation with gentlemen who are ac quainted with the facts, it seems that the principal grievance of the prohibitionists consists in the decountry. In some places they are clination of the commissioners to almost impassable and it would be consider the petitions presented on Tuesday morning as an addition to the original petition filed Monday.

The original petition presented Monday contained in all 472 names, which prima facie was sufficient, but Grier C. Orr, R. E. New Goods are coming in daily, and our stock is now almost complete in every line of goods we handle. We opened to-day a line of Men's Patent Leather Shoes in Congress and Bals. at \$2.98 per pair, worth \$4, stylish and well made. Our stock of Children's School Shoes is probably larhave proclaimed a holy war against ger than that of any other store in the city not confined exclusively to Shoes, all grades and prices. Our \$1 \$18,000 the house on K street, near Franklin Park, recently occupied by School Shoe is splendid value. Barred Muslin at 64c. worth 9, a piece of cream and one of pink at 124c. cheap at 18c.; a beautiful line of Satines in short lengths, 2 to 10 yards in a piece at the astonishingly low price of 10c. per yard, worth 18c. We have our Says Mrs. Frank P. Blair, apropos high terms of the character of Prof. of her \$2,000 a year pension: "When third supply of Standard Novels at my husband died his estate, which 12c. per volume, regular 25c. books. ever saw under \$2.50; a glass fruit stand, very large for \$1, only 4 left, New Orleans Picayune: It does but more ordered, extremely cheap. Beautiful Glass Pitchers for 72c. The same has been sold in Asheville for \$2. A large line of Glassware at less than auction prices. Our curtain

goods, Table Damask, Napkins and Doylies cannot be beaten in price or quality. To Housekeepers we say, do not fix up your homes for the Spring man Congress. In the majority of cases they were too busy in making and Summer until you learn our homes more comfortable than the prices on all kinds of using things, for dining room, kitchen, bed room and parlor. We guarantee prices to be lower than anywhere else in the city. Our goods are bought in immerse quantities by a concern able to put 40,000 dollars in Straw Hats alone at ians, and have massacred all the men, one purchase. These are sent out to the different, 'Racket Stores' connected with No. 466 Broadway, AND TO NO OTHERS. We put them into the hands of the consumer in many cases (as we shall a part of these Straw Hats as soon as they come) at prices lower than other merchants pay for them. There is no mystery about it; it is perfectly simple-the power of ample capital to buy from the auctions in large lots, and the Agencies established in large towns to distribute the goods among the people at a close profit. Nothing sold at cost no credit, spot cash, no bad accounts, made for many of the slood Purifiers on the market. Others would have you goods bought for dollars down and sold the same way. Any other merbotanical kingdom than the White face chant in Asheville will tell you that Cancassian. W. E. Pelham offers to the this is the only correct way to buy and sell goods if he will lay aside his prejudice. Come and see the goods

and learn the prices. Do you good and save you money. Very respectfully, &c., GEO. T. JONES & CO.
