It is estimated that about three hundred negroes have left Buncombe county for California within the past two months. A lumber dealer told us yesterday that there was less building going on in the city at present than for a long while past.

Police officer Smith, while arresting an obstreperous violator of the city ordinances, had his right hand severely injured yesterday. The Asheville cigar factory is crowded with orders, mostly for fine goods. Some of these orders call for 6 cents at \$70 per thousand.

Rev. Mr. Pearson is in the city, but does not intend to preach until the beginning of his regular services on the first Sunday in May. Owing to this being a very busy season with the farmers there were not so many of our country friends in the city yesterday as usual.

It is hoped the South-side stam-winder will not take advantage of the absence of our friend, Capt. Atkinson, and go to "throwing dirt." The Meyer-Thorne Company left on the eight o'clock train for Morristown this morning. They begin an engagement at that place to-morrow night.

Most of the criminal cases to be tried at this term of the inferior court are for petit larceny, twenty-three of the defendants being now in the county jail. From the Brevard Voice we learn: "Two young men, one the son of Mr. J. M. Wilson, the other a son of Mr. F. M. Hathcock, left their homes in this county last week, going in the direction of Tennessee. Mr. Wilson followed as far as Knoxville but returned without the boys. Quite an interesting trial was had before Justices Neill and Shipman on Saturday last. The parties to the suit were J. M. Whitmore vs. John Whitmore, and the bone of contention was a much prized heirloom in the shape of a clothes chest. Three townships were represented in the cause, which was decided in favor of J. M. Whitmore.

Bitter Cold in the North. A guest at the Battery Park hotel, yesterday received a telegram from friends in New York, saying "Don't come home; bitter cold, thermometer 8°."

Contrast this with the delightful weather we are having here; when a walk or a ride in our health giving, life-inspiring climate serves but to brace the system, strengthen and vivify any weakness, and send the life blood leaping and dancing from finger-tips to toe.

A Pensioner Orders his Name Dropped From the Pension Rolls. A. D. Carpenter, Esq., United States Pension Agent, Knoxville, Tenn. Sir: Please have my name stricken from the United States pension roll, as I am perfectly cured, and need the assistance of the Government no longer. Respectfully, August Burkhardt. The Columbia correspondent of the Charleston News and Courier writes on the 19th concerning Rev. Sam Jones: "Sam Jones addressed a very large congregation at the Washington Street Methodist Church this morning. His discourse was no more a lecture than it was a sermon, and was fully as vulgar and offensive as his lecture at the Opera House last night. Much of it was devoted to ridiculing what he declared to be the peculiarities of various denominations, and he was so insulting as to disgust a number of his hearers. People must have pretty strong stomachs to digest the sort of spiritual food which this alleged preacher has offered to Columbia."

Mr. Jones must have used some very strong language to have evoked such severe criticism. A Well Deserved Compliment. The many friends of S. M. C. Tate will read the following from the Raleigh News-Observer with genuine pleasure: "It will be gratifying to all who had occasion to know and to appreciate the excellent and valuable work done by Col. S. M. C. Tate, while here in charge of the broken State National Bank, to hear that the Comptroller of the Currency was so much pleased with Col. Tate's excellent work here and the dispatch, ability and accuracy with which he managed the affairs of the bank that he has added to the territory under his supervision as bank examiner the three States of South Carolina, Georgia and Florida. Col. Tate's territory formerly embraced West Virginia, Virginia and North Carolina. The Comptroller wrote Col. Tate a letter of a most complimentary character, commending him for his faithful and efficient services in the past, and especially with regard to his successful labors in this city. This is indeed a high honor and one which is an unmistakable evidence of the confidence in which Col. Tate is held. He fully demonstrated his ability while here and made many friends, who will rejoice at this acknowledgment of his faithful work."

Another New Stock. Pelham yesterday received by express, his second stock of garden and field seeds this season. These seeds are grown by David Landreth & Sons at their Bloomfield farm, in Westchester County, Penn., and are the best seeds on the market. Mr. Pelham told us that he had sold more seeds this season than ever before, and he might yet be compelled to order still another supply.

Burn It. The city authorities at their meeting last night invited bids for to announce the burning of this city. To remove it only means simply to deposit near the city, and the future effect of this move is nothing of present offensiveness. The safest and we believe the most economical way to get rid of such stuff will be the erection of a furnace for the prompt and thorough burning of it. Will our authorities not consider this matter?

Annual Debate. The debate of the Philosophic Literary Society of Weaverville College will take place at the College on the evening of the 27th of April, 1888, beginning at 7:30 o'clock, P. M. Baird. Second Declaimer: J. F. Reeves. First Orator: T. F. Reeves. Second Orator: G. M. Pickens.
