And the Rome (N. Y.) Sentinel esponds:

Skin entirely gone. Flesh a mass of disease. Leg diminished one third in size. Condition hopeless. Cured by the Cutteura Remedies. hopeless. Cured by the Cuticura Remedies.

For three years I was almost crippled with an awful sore leg from my knee down to my ankle; the skin was entirely gone, and the flesh was one mass of disease. Some physicians pronounced it incurable. It had diminished about one third the size of the other, and I was in a hopeless condition. After trying all kinds of remedies and spending hundreds of dollars, from which I got no relief whatever, I was persuaded to try your Cuticura Remedies, and the result was as follows: After three days I noticed a decided change for the better, and at the end of two months I was completely cured. My flash was purified, and the bone (which had been exposed for over a year) got sound. The flesh began to grow, and to day, and for nearly two years past, my leg is as well as ever it was sound in every respect, and not a sign of the disease to be seen.
