Asheville, N. C., January 1888.

In justice to all similarly afflicted with ourselves as well as to Drs. Hargan & Gatchell, I voluntarily make the following statement:

My wife has suffered for several years with severe lung trouble continuing to grow worse until last November when she was unable to sit up, but a part of each day.

No appetite, night sweats, severe cough and loss of flesh. The best physicians of Poulinery, Vermont, advised an immediate departure South. We reached Asheville November 17th, and commenced taking treatment of Drs. Hargan and Gatchell, inhaling Compound Oxygen and Balsam Vapor. My wife has improved rapidly from the first. Her appetite is good, sleeps well, coughs but little, raises less, night sweats ceased no pain anywhere, takes long walks and clims the mountains with little fatigue and has gained's Bs. in weight. We feel certain another months treatment will affect a permanent cure. As for treatment will affect a permanent cure. As for myself I am delighted to state that I improved rapility from the first treatment and am nearly

well.

I have suffered for 38 years almost beyo dendurance with the worst form of Piles.

I had abandoned all bope of relief. The Drs. creatment has been gent e and almost painless till has effected a cure for me.

Yours respectfully,

A. J. EMITH.
