In justice to all similarly afflicted with ourselves as well as to Drs. Hargan & Gatchell, I voluntarily make the following statement:

My wife has suffered for several years with severe lung trouble, continuing to grow worse until last November when she was unable to sit up, but a part of each day.

No appetite, night sweats, severe cough and loss of fiesh. The best physicians of Pouliney, Vermout, advised an immediate departure South. We reached Asheville November 17th, and commenced taking treatment of Drs. Hargan and Gatchell, inhaling Compound Oxygen and Balsam Yapor. My wife has improved rapidly from the first. Her appetite is good, sleeps well, cought but little, raises less, night sweats ceased; so pain anywhere, takes long walks and climbs the mountains with little fatigue and has gained a Bs. in weight. We feel certain another month's isseatment will affect a permanent cure. As for myself I am delighted to state that I improved aspidly from the first treatment and am nearly well.

I have suffered for 38 years almost beyo dendurance with the worst form of Files.

I had abandoned all hope of relief. The Drs. treatment has been gent, and almost painless still has effected a cure for me.
