In justice to all similarry afflicted with our selves as well as to Drs. Hargan & Gatchell, I voluntarily make the following statement:

My wife has suffered for several years with severe lung trouble continuing to grow worse antil last November when she was unable to sit ap, but a part of each day.

To appetite, night sweats, severe cough and loss of fiesh. The best physicians of Poulincy. Vermont, advised an immediate departure South. We reached Asheville November 17th, and commenced taking treatment of Drs. Hargan and Gatchell, inhaling Compound Oxygen and Balsam Vapor. My wife has improved rapidly from the first. Het appetite is good, sleeps well, coughs but little, raises less, night sweats ceased; so pain anywhere, takes long walks and climbs the mountains with little fatigue and has gained a first in weight. We feel certain another month's resament will affect a perimanent cure. As for myself I am delighted to state that I improved eapidly from the first treatment and am nearly well.

I have suffered for 28 years almost beyond. ASHEVILLE, N. C., January 1888.

I had abandoued all bope of relief. The Drs. treatment has been gent and almost painless still has effected a cure for me.
