"IN ATLANTIC CITY"

The Attraction This Evening at the Grand Opera House.

Great interest is manifested in the forthcoming production "In Atlantic City," a refined musical comedy which will be the next attraction at the Grand opera house to-night. Manager Plummer guarantees this attraction one of the best musical entertainments that he will present to his patrons this season. It is a delightful musical comedy, funny in the extreme. Roar after roar of laughter greets its interpretation, and at the same time more than satisfies the eye with the beautiful pictures of fair women in elegant costumes, and the ear with thoroughly good music, sung by artists with world-wide reputation. Over 125 new and original and elegant costumes are worn, which are designed and made by one of the most famous costumers in this country.

The company is headed by Mr. Frank M. Wells, a delineator of German comedy, who has no peer in this line of work. He has made the whole world laugh, and in the play above named (written by himself) exceeds any of his previous efforts.

SOMETHING TO KNOW.

It may be worth something to know that the very best medicine for restoring the tired nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at T. C. Smith's Drug Store, and Pelham's Pharmacy.
