His Pa-in-Law Dies, Leaving An Unsigned Will.

Lascelles Will Get His Hundred Thousand—His Whereabouts Now Unknown, But He'll Turn Up.

Sydney Lascelles, known in society and to the police as "Lord Beresford," is again in luck.

Mr. Pelkey is reputed to have left \$100,000. He was known to have prepared a will disinheriting his daughter.

Sydney Lascelles was born in England in 1858. In 1890 he had to flee from England because of his crooked dealings.

Lascelles followed on the next steamer and in due time appeared at the Lillenthal mansion on the Hudson.

In the spring of 1891 "Lord Beresford" began to turn to financial account the acquaintances he had formed with the business men of Georgia.

On Sept. 21, 1892, he was arrested at Albany, N. Y., and returned to Georgia, where he began serving the sentence for forgery.

By bogus checks and worthless notes he secured about \$10,000 from them.

Guard against Yellow Jack by keeping the system perfectly clean and free from germ breeding matter.

FROZEN. He had just returned from the top of the Chilkoot Pass and was apparently glad of it.

"How was the weather when you left?" inquired a friend. "Cold?" "Yes, but not so cold as it will be along in January, after the mosquitoes get out of the air, and let the wind have a chance. Then it gets good and cold."

Puny Children

Who would prescribe only tonics and bitters for a weak, puny child? Its muscles and nerves are so thoroughly exhausted that they cannot be whipped into activity.

Scott's Emulsion

of Cod-Liver Oil is all of this, and you still have a tonic in the hypophosphites of lime and soda to act with the food.

He said he had seen four men die of colic from eating whisky that was frozen so hard that it wouldn't thaw inside of them.

The little child of J. R. Hays, living near Colquitt, Ga., overturned a pot of boiling water, scalding itself so severely that the skin came off its breast and limbs.

AS A FASTER. Miss Ellen Coppage, of Columbus, O., Will Try to Break All Records.

"I intend to break all fasting records, even that of Suici. I will prove to the world that women have more endurance than men."

This declaration was made at the Broadway Central hotel, New York, by Miss Helen Coppage, of Columbus, O., who sent to the newspapers a declaration of her intention.

After serving four years of his sentence Lascelles applied to Gov. Atkinson for a pardon and it was granted. The governor delayed it until the criminal's wife (nee Miss Lillenthal) had secured a divorce from him in New York.

THE PRINCETON INN FIASCO. Now that the fuss concerning selling liquor at the Princeton Inn has blown over, the truth of the matter comes to light.

POOR OLD FOOL. There is something touchingly pathetic in the interview with little Dora, the peasant child wife of old Clay, whose money and palatial home and musical and literary instructors could not make a fine lady of her and win her from Clell, her brother, whom she loves.

THE HAYTIAN INCIDENT. The announcement that Germany has concluded to send warships to Hayti and that the claims of Herr Emil Leuders against the black republic will be investigated and the matter amicably adjusted, is pleasing news to this country.

It often happens that the doctor is out of town when most needed. The 2-year-old daughter of J. Y. Schenck, of Caddo, Ind. Ter., was threatened with croup, he writes.

At last Mr. Hanna will admit that the people are not raising up and yelling for him.—Cincinnati Enquirer.

We haven't noticed that any gold bug is likely to be nominated by the Tennessee democratic gubernatorial convention next year.—Bristol Courier.

A San Francisco woman died a natural death the other day. In this instance, a confession to save Durrant will not be necessary.—Bristol Courier.

The foot ball season is now over, but the official list of dead, wounded and missing has not yet been sent to the secretary of war.—Memphis Commercial-Appeal.

Citizens of Georgia have more kin than those of any other state. At a recent trial down there the court asked a panel of twenty-four men if any of them were related to either of the litigants, and nineteen men rose to their feet.—Clarksville Times.

Secretary Gage is said to have an amiable difference of opinion with Mr. McKinley on the question of finance. It would be gratifying to know that Secretary Sherman had an acrimonious difference with the president on the Cuban question.—Cincinnati Enquirer.

After announcing that the Evening Telegram would suspend the next day, the New York Herald made another announcement to the effect that it would continue. The eccentric conduct of Mr. Bennett is causing much comment in New York.—Knoxville Sentinel.

THE MANNER in which the United States has stood by and refused to recognize the independence of the Cuban people is the one blot upon American diplomacy and sets pace and precedent to a series of similar acts, which from this time forward will characterize our foreign relations with the smaller countries contiguous to ours.

We do not admit the truth of this proposition; but waiting that point, we wish to say that the News does not understand the situation here. In the laying of sewer pipes along our suburban roads nothing more deadly would be turned up than earth and gravel, and if there were anything unhealthy in the former, then the spade and the plow would have to be abandoned and suburban gardening discontinued.

SCROFULA

It is Foul Blood's Advertisement

But it is Soon Cured by Hood's Sarsaparilla.

Yes, Scrofula, if anything, may be called the advertisement of foul blood. It is the scourge of the world—offensive, painful, debilitating, stubborn and well nigh unendurable.

Outward applications do not cure, they only drive the difficulty to new quarters. Emollients may palliate, they cannot abolish the evil. There is but one sure way out, and that is to eliminate the taint from the blood.

There is one remedy that can effect this, and it is the only one that, so far as we know, has almost invariably succeeded—even where the system has been poisoned by long years of taint, and the ravages to be repaired are tremendous. That remedy is Hood's Sarsaparilla. Read this:

"My daughter was afflicted with impure blood. There were running sores all over her body and they caused her much suffering. We tried medicines that were recommended as blood purifiers, but could not see that they did any good. A friend told me about Hood's Sarsaparilla and I began giving the girl this medicine. The result was that she was perfectly cured after taking a few bottles. She has had no symptoms of scrofula since that time." MARTHA M. SMITH, South Middleboro, Mass.

MAIL ROBBER ARRESTED. Pittsburg, Pa., Dec. 2.—C. W. Merritt, of Mansfield, O., was arrested this morning for robbing the mails. Merritt was employed as a railway postal clerk on the Fort Wayne railroad, between Crestline and Pittsburg. For a long time the postal officials have been troubled with complaints of money being stolen from letters. Two decoy letters, with money, were found in his pockets when arrested.

Yet they never feel it their duty to send in a ten-dollar bill and have their name properly announced to the public.
