# BREVARD.

Brevard, N. C., an. 15 .- J. F. Hays, manager of the Toxaway company was in town this week and interested some of our citizens in a proposition to build a direct, well-graded road from this place to Sapphire. It is to be built by a stock company and will be a model road in every particular. As such a road would make easily accessible one of the most attractive spots in all the mountains, which has already become very popular with the northern tourists, it is a matter of general pubhic interest.

Wedding bells continue to ring in this community. The latest was the marriage yesterday of Mrs. Lankford, widow of B. C. Lankford, to 'Squire E. B. Clayton. Dr. Dan Atkins, the Methodist presiding elder, officiated.

Another late event was the presentation of Mrs. J. L. Wicker of fine twins to be the joy in the household of the Rev. Mr. Wicker.

The elegant residence of Mr. A. E Boardman will be closed for several months. Mr. Boardman is engaged in business in Georgia and his wife will make an extensive tour of Europe where she will later be met by Mr. Boardman.

and removed his bank property to his other but as the report lacked confirmation, it bank in Hendersonville. The large safe, however, was purchased by J. S. Patton, of this place, who expects to engage in a brokerage business, and, if current reports speak truly, one of our most substantial business men will take up the project and give us modern banking facilities. Brevard can and will support a bank.

1

R. R. Deaver has purchased the interest of J. S. Patton in the stock of goods owned by Deaver & Patton, and is adding a large new stock of dry goods and groceries.

J. Wiley Shook has been "triggering" in a mysterious way with the "faithful in town for some days and it is thought he expects to get a newspaper outfit from them, but whether it is to operate here or seek larger pastures is a matter of conjecture.

## MARSHALL.

Marshall, N. C., Jan. 15 .- James Bell, who for the past twelve months has been holding a government position in Washington City, is visiting his friends in Madison county.

Our kind and courteous townsman, Henry Brown, the present mayor of Marshall has decided to resign his office and move to the country. Mr. Brown has made one of the best mayors that our town has ever had, and his many friends wish him much success as "a farmer." Rev. Dr. Thos. Lawrence, of Asheville, is spending a day or so in our mountain town. We understand that the doctor is contemplating the erection of a college in our county. He has our best wishes and earnest support. J. M. Ramsey has resigned his office as sheriff of Madison county and the commissioners have called a meeting for the purpose of electing his successor next Wednesday. Mr. Ramsey is a good citizen and a clever-hearted man but his many friends think he acted wisely in resigning. We learn with pleasure the news that Col. J. H. Rumbough has just bought the hotel and furniture at Hot Springs, N. C., which heretofore belonged to the Southern Improvement company. The colonel was for many years a resident of this county and we will gladly welcome him back to his old home. An unknown man was found dead this morning above the mouth of Sandy Mush in Buncombe county, lying by the side of the railroad track. We regret very much to learn this sad news, but are pleased to note that the dead man was found just across the line in Buncombe county, otherwise the Asheville papers would have printed in their headlines, in capital let-

Mr. Camp succeeded in stopping Sadler long enough for the latter to tell him that he (Sadler) shot Wells because he mashed his little finger. (Wells had a habit of and judge. There is no better blood in tightly.)

The men who had been hunting with Wells heard of the shooting and seeing Sadler running, they commanded him to halt, whereupon he began firing at them and they returned the fire very freely, and shot him in three places-twice with a rifle and once with a shot gun. He was arrested and Deputy Sheriff John J. Logan was sent for to bring him to jail.

The feeling was high against the negro and had he not been spirited away to the jail here, instead of carrying him to the Grover calaboose for a few hours, it is highly probable that his lifeless form would have been dangling in the air before daylight Sunday morning. John Ratchford, the negro who was with

Sadler when the crime was committed, was captured and put in jail Tuesday. Hih story confirms the belief that it was a cold blooded murder.

# FALSE REPORT OF JAIL BREAKING.

The report which has been rife in the city for several days, of a wholesale jail breaking at Burnsville and the liberation of a large number of criminals, proves to be a fake. The Gazette was informed of Dr. Cole to-day closed his business here | the alleged breaking day before yesterday, was not mentioned. Mr. L. H. Smith of Yancey, a former deputy sheriff of this county, reached Asheville yesterday and was asked by a Gazette reporter if there was any truth in the rumor, and he prompt ly answered "No."

Mr. Smith says that the only foundation for the report is that a few days ago the jailor had allowed the four or five prisoners more liberty than was safe to extend, and that an effort was made to escape, but without effect. Every man was secured in his cell and not a one escaped. There was no one in the jail under sentence of death. Hensley, said Mr. Smith, is the man referred to as having got away, but, as heretofore announced in the Gazette, his sentence was commuted to imprisonment in the penitentiary, where he was taken several weeks ago.

STANLY BONDS. Capt. Charles Price will shortly institute

proceedings in behalf of the holders of the Stanly county bonds. The exact nature of the proceedings has not yet been decided upon but it can be relied on that whatever course is taken a red hot fight will be made in behalf of the purchasers of the bonds.

The family has been prolific of judges, congressmen, senators and other prom incut characters in the life of the repub lic. The family is connected by marriage with the foremost Dutch families of New York. Judge Van Wyck is an able lawyer, an excellent justice, and the best commendation he has is that 90 per cent. of his decisions have been published in the law reports. The judge was elected to the bench of the city court in 1889. His career on the bench of New York has been one of spotless ness and efficiency, and Tammany thowed a sign of being up to date in selecting such a good man for its candidate. Van Wyck has been for many years one of the most influential democrats in the city of New York. He was

"I feel that I ought to write a few words in praise of Hood's Sarsaparilla, which has done great things for me. I was in a delicate condition and was sick at my stomach and constipated. I tried remedies highly recommended for female weaknesses, but the medicines brought on other troubles. I was so weak I could not attend to my household duties. and I then determined to try Hood's Sarsaparilla. After I had taken this medicine a short time I began to gain strength. I

Since taking Hood's Sarsaparilla and Hood's Pills I feel rested in the morning. I am less nervous and am sure I have richer and purer blood. I have always been bothered with scrofula, but now I am rid of it. Before my last child was born I took Hood's Sarsaparilla, and my girl baby was fat and strong, while my other child was not well and lived to be only two years old." MRS. E. F. ters, "Another bloody murder in Madison." J. E. H.

Quite a deal of excitement was created in our usually peaceful village this afternoon by the action of a young man, Hugh Bean, who, coming in on an east-bound passenger train from Asheville pretty full of "sow paw," attempted to take possession of the store of Mr. J. R. Crawford, and succeeded for a short time in so doing; but Mr. Eddie Crawford, rallying to the support of his father, an encounter ensued, in which Mr. Bean received quitt severe wounds in the face and was taken away by his friends. What a terrible thing whiskey is when injudiciously handled!

NOT ALWAYS UNDERSTOOD.

understood, is that women suffer as much from distressing kidney and bladder troubles as the men. The womb is situalted back of and very close to the bladder, and for that reason any distress, disease or inconvenience manifested in the kidney, back bladder or urinary passage is often, by mistake, attributed to remale weakness or womb trouble of some sort.

The error is easily made and may be as easily avoided by setting urine aside for twenty-four hours; a sediment or settling is evidence that your kidneys and bladder need doctoring. If you have pain or dull aching in the back, pass water too frequentily, or scanty supply, with smarting or burning-these are also convincing proofs of kidney trouble. # MOTHER VAN COTT.

# Famous Evangelist to Build a Home for Rescued Women.

Mrs. M. N. Van Cott, evangelist, pulpit orator and friend of unfortunate women, is at present engaged in founding an institution in Catskill, N.Y., to shelter the class to whom she has devoted her life. Her opinion is that by taking her proteges away from their vicious environments while they are yet young and comparatively innocent. reformation will be much easier. She thinks the air of the Catskills will, itself, have a beneficial effect. Mrs. Van Cott, better known as Mother Van Cott, is wealthy, and has already spent much money in her life work, but she is not a millionaire and she does not intend
