QUARANTINE LINE LOCATED

Begins in Cherokee and Follows South Boundary Line of Buncombe

The department of agriculture has been notified of the adoption of two important orders by Mr. James Wilson, the United States secretary of agriculture affecting the quarantine of cattle in North Carolina.

Mr. J. C. L. Harris, the attorney of the state board of agriculture, was first notified of the action of Secretary Wilson. Mr. Harris has made several trips to Washington in behalf of the state department for a change in the cattle quarantine.

Below are copies of the order issued by the United States department relating to the quarantine of cattle in North Carolina:

U. S. Department of Agriculture, Office of the Secretary, Washington, D. C., Jan. 3, 1898.

It is hereby ordered that cattle originating outside, north and west of the quarantine line as defined in Bureau of Animal Industry Order No. 3 (December 15, 1897), or amendments thereto, and which are to be transported by rail through the quarantined district, may be unloaded for rest, feed and water, into non-infected pens set apart for such cattle at Union Stockyards, North Worth, Tex., and at Salisbury, N. C., providing the cattle are free from Southern cattle ticks and have not been unloaded at any other place within the quarantined district.

Beginning at the southwest corner of the county of Cherokee, thence east along the southern boundary lines of the counties of Cherokee, Clay, Macon, Jackson and Transylvania to the southeast corner of the county of Transylvania; thence northwesterly along the eastern boundary line of Transylvania county to the southwest corner of the county of Buncombe; thence easterly along the southern boundary line of Buncombe county to the summit of the Blue Ridge mountains; thence in a north-easterly direction, following the said mountains to their intersection with the northern boundary line of the state of North Carolina.

So much of the quarantine line for the state of Virginia described in the order of December 16th, 1897, (B. A. I. Order No. 13), beginning at the southwestern corner of Virginia (Lee county) and extending east along the southern boundary line of Virginia to the summit of the Blue Ridge Mountains, is hereby suspended during the enforcement of the above line for the state of North Carolina.

And whereas said quarantine line as above set forth is satisfactory to this department, and legislation has been enacted by the state of North Carolina to enforce said quarantine line, therefore, in accordance with the regulations of December 15th, 1897, (B. A. I. Order No. 8), the above quarantine line is adopted for the state of North Carolina by this department for the period beginning on January 15th, 1898, and ending November 15th, 1898, in lieu of the quarantine line described in said order of December 16th, 1897, for said area, unless otherwise ordered.

JAMES WILSON, Secretary.

INTELLIGENT WESTERN CAROLINA YOUTH

It is worth one's while to make note of rare cases of state loyalty—if only an incident—that the influence of such loyalty may make its impress on others. For this reason alone duty suggests that I make mention of an affair, small in itself, yet far reaching in its scope and influence.

A few days ago at Washington, D. C., a school madam was plying her pupils with various questions on innumerable subjects. Finally, she asked a few questions about the heathen. To put a finale on the matter she asked where the heathen was found chiefly? One pupil after another named the different parts of the world where they were supposed to abound. The answers were satisfactory so far as they went. So the teacher thought she would put on the finishing touches by remarking that the heathen were to be found in Asia, Africa and the Islands of the Sea, but they were also to be found in East Tennessee and Western North Carolina.

A young pupil from Western North Carolina was on his feet in an instant. The school madam yielded the floor to hear what the youth had to say. He is a modest, bashful boy, about fifteen years of age. But he was stirred to his inmost soul. His state and section had been attacked, and he must resent it.

Tremblingly, yet clearly, he denied the truth of the remark that his people were heathen. Said he: "If you will examine the records of my state and East Tennessee, you will learn that they are not heathen."

COMBINED BIRTHDAY PARTY

Lowery are brother and sister. The former twenty-six years of age and the latter seventy-one. Their birthdays come on the same day of the month, to-wit, the sixth day of January. Capt. Rice, at whose home the celebration was given, is a son-in-law of Mrs. Lowery; a similar one was given last year at the home of A. D. Cooper. In this city, who is a son-in-law of Mr. McKee, both of which were greatly enjoyed by many friends and relatives.

NOT ALWAYS UNDERSTOOD

A fact often overlooked, or not always understood, is that women suffer as much from distressing kidney and bladder troubles as the men. The womb is situated back of and very close to the bladder, and for that reason any distress, disease or inconvenience manifested in the kidney, back bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort.

The error is easily made and may be as easily avoided by setting urine aside for twenty-four hours; a sediment or settling is evidence that your kidneys and bladder need doctoring. If you have pain or dull aching in the back, pass water too frequently, or scanty supply, with smarting or burning—these are also convincing proofs of kidney trouble. If you have doctored without benefit, try Dr. Kilmer's Swamp-Root, the great kidney remedy. The mild and extraordinary effect will surprise you. It stands the highest for its wonderful cures. If you take a medicine you should take the best. At druggists, fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention the Gazette and send your address to Dr. Kilmer & Co., Elmhurst, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

REPUBLICAN CLUB

Talk on Freedom and Discussion of the Question of Dick's Successor

The republican club met at its headquarters last night. In the absence of President Carter, Vice-President H. Lamer Gudgeon presided. The principal feature of the meeting was an address by A. C. Roberts on the subject of "Freedom." The speaker dwelt eloquently for some time upon his theme. He declared that all men should be free, especially from the present civil service law.

Mr. Lawson of Marshall, L. H. Coot of Columbus, O., and William Henderson of Leicester also spoke. The secretary was instructed to send congratulations to Mayor-elect Rule of Knoxville. At the conclusion of this business a motion was made to hang the reporter on the stove pipe and then go into executive session. It is said that the only business transacted in executive session was a discussion of the civil service, and the hope that something will happen at Washington so that all republicans can get offices.

After the meeting there was discussion among some of the members as to who was worthy of Judge Dick's old shoes—Pritchard, Ewart, Lusk or Moody. Son-in-law Douglas was not considered in it. Moody came over from Waynesville yesterday, ostensibly on official business, but there is no question but that he is hankering after the soft seat now occupied by Judge Dick. In fact, he went so far as to intimate that he would accept the place if tendered him.

The republican club is in a quandary as to whom to give their indorsement. It is thought that as far as the Asheville club is concerned Ewart or Lusk has the inside track. Every one of the aspirants from the west now holds office and the matter narrows itself down to a question of policy among the republicans. Judge Douglas, of Greensboro, who also is a prominent candidate, is not only associate justice of the supreme court, but a son-in-law of Judge Dick, and for these reasons it is thought ought not to be appointed. The consensus of opinion is that either Pritchard or Ewart will be the appointee, with chances in favor of Ewart. Pritchard manifesting an indifference regarding the matter, and being satisfied to "hold fast to what I give you." Pritchard, senator; Ewart, Judge; Lusk, bank receiver, and Douglas, son-in-law and associate justice, the friends of Jim Moody, however, think that he ought to have some show in the scramble.

THE BOND ISSUE

The effect of the decision of the Supreme court repudiating the issue of Stanly county bonds is now being felt in this state says the Morning Post.

The northern press has begun to air the matter and business men in the state are receiving letters of inquiry from northern correspondents.

A well known Raleigh attorney, who is counsel for a leading insurance company, has received instructions not to negotiate further loans in this state.

The company in question derives a large sum of money from policy holders and it has been its policy to keep the amount in circulation in the state.

The decision in the Stanly county bond matter, repudiating the \$100,000 bond issue, has led the officers of the company to believe that investments in North Carolina are unsafe.

An ex-congressman of this state who is in the city, was speaking yesterday of a similar incident that came within his knowledge. In this instance a northern firm refused as a result of the court's decision to accept North Carolina securities, which rank in class A.

—Pelham's Pharmacy.

A dispatch from Spartanburg on Sunday said "There was quite a scare on College Hill yesterday when it was reported that a case of smallpox had broken out in a negro house near by. Several physicians examined it and pronounced it chickenpox, and all fears were allayed. The opinion seems to be gaining ground here that we have never had any smallpox, but that it is nothing more than chickenpox. This opinion is having its effect upon the confidence of the people for they are paying very little attention to it."

Cascarets stimulate the liver, kidneys and bowels. Never drink or eat anything but grape, 10c, at Pelham's Pharmacy.

ZEB VANCE CLUB

A Number of Committees Appointed Last Night—Resolutions Adopted

A largely attended meeting of Zeb Vance democratic club was held last evening, President Luther presiding.

A greater portion of the session was devoted to business and a number of committees were appointed. Mr. Cheek of Weaverville made an interesting talk and Mr. George Young, of Swannanoa, replied to a call extended him for a speech, with brief remarks. D. M. Luther spoke briefly. Twenty-eight members were received, making a total enrollment of 648.

The following committees were appointed: Public Speaking—E. C. Starnes, Dick Weaver, Mark Erwin. Finance—M. W. Robertson, J. R. Oates, George W. Tulson. Membership by Precincts—(1) J. T. Ward, (2) J. J. White, (3) H. B. Carter, (4) E. F. Rives, (5) T. C. Starnes, (6) Thomas Duckett, (7) D. G. Noland, (8) J. W. Chappell, (9) C. C. Adams.

The latter committee was appointed on motion of D. L. Reynolds to secure employment for needy members of the club. The duty of the membership committee is to canvass the various precincts for the purpose of having all democrats enrolled.

Mr. Luther read a letter from Hon. W. T. Crawford, congratulating the club on his good work. The following resolution offered by Mr. C. C. Adams was unanimously adopted: Resolved that the Zeb Vance democratic club do hereby endorse the organization of a board of trade in the city of Asheville as both needful and a necessity.

Resolved that we, regardless of politics, do ask both the board of trade and the people of Asheville to have capitalists from the north to visit our city and inspect our manufacturing sites. And be it resolved that we must have something for the working class of people of Asheville to do as they are the bone and sinew of our city and need work. Resolved that we do hereby ask the board of trade to take such steps as will induce manufacturers to come to this, the Land of the Sky, where we have all the labor, health, power, and plenty of it, going to waste.

AN INSURANCE SUIT

Referee H. B. Carter Preparing His Report in the McCarty Case

Judge H. B. Carter, referee in the case of C. C. McCarty vs. The Scottish Union and National Insurance company and the Imperial Insurance company, is engaged in the preparations of his report and will file it in a few days with the clerk of the superior court.

This reference to Judge Carter grew out of a suit brought to recover two insurance policies held by the plaintiff on his house, which was destroyed by fire in February, 1894. One policy is for \$1,000 and the other \$500. The companies resist payment, mainly on the grounds that the house was vacant at the time of the fire, and on the further grounds that the plaintiff did not disclose to the companies all the incumbrances on the property. The report will be a lengthy one, giving all the testimony which is conflicting and embodying many interesting questions of law and fact.

CENTRAL LABOR UNION

A Largely Attended and Enthusiastic Meeting Last Night

The meeting of Central Labor union last night was the largest and most enthusiastic session held in six months. S. I. Bean, the newly elected president, presided.

The principal business of the evening was the appointment of various committees, which were as follows: Executive—W. C. Gass, R. Besterton, Joseph Reynolds. Statistics and Legislation—W. C. Frank, T. F. Johnson, J. E. Woolen. Grievances and Labor—T. C. Lumley, T. A. Gallagher, A. D. Stoner. Ways and Means—O. R. Jarrett, P. H. Hughes, Cam Featherston.

The union will probably give an entertainment at an early date. The next meeting will be held on the 1st Monday night in February.

A Tumor Formed

Finally It Broke Inwardly and Discharged

Trouble Began With Dyspepsia and Impure Blood

Thorough Course of Hood's Sarsaparilla Completely Cures

There is danger in impure blood. Disease and suffering are surely coming to those who neglect this threatening symptom. Read this:

"Gilliam, Missouri. 'C. L. Hood & Co., Lowell, Mass.: 'Gentlemen—My troubles began with nervous headaches, which would last me for two or three days. The doctors pronounced my trouble dyspepsia, but they could not do anything for me, and advised a change of location. At the age of 55 a tumor formed on my spine, which was very painful.

It did not rise or discharge. The doctor thought best to cut it out, but I objected. It finally broke and discharged a great deal. The doctors said they could do nothing for it. Then the tumor began to rise inwardly and discharge. I read much about cures by Hood's Sarsaparilla and thought I would try it. Before I had finished taking one bottle I was much relieved. I continued the use of Hood's Sarsaparilla, and after taking 12 bottles I was entirely cured. I am now well, have a good appetite and feel that I owe my life to Hood's Sarsaparilla." W. D. FORD.

WHOLESALE STEALING

Yesterday morning Policemen Jordan and White went with a search warrant to the home of Will Johnson on Valley street, to look for a watch that had been stolen from Schoffner, the North Main street jeweler, and some laundry taken from Powell and Snider's store. Johnson was not to be found, but a search was instituted, resulting in the discovery of a whole room full of goods, among which were four or five complete suits of clothes, five pairs of shoes, three or four pairs of pants, two hats, two bolts of cloth, and numerous ties and other "gentlemen's furnishings," then came in the grocery department, three or four bags of flour and six hams. The gold watch and laundry were among the other articles.

Johnson's wife, not wishing to be incriminated, told of her husband's whereabouts, and proceeded with the officers, who found him at Joe Adams' across the river. He was placed in jail to await a hearing before Justice Worsley this morning at ten o'clock.

The stolen goods were brought to the city hall. Most of the clothing belonged to the Racket store.

Mrs. Stark, Pleasant Ridge, O., says: "After two doctors gave up my boy to die, I saved him from cramp by using One Minute Cough Cure cures quickly. That's what you want!—C. A. Raynor.

What is Scott's Emulsion?

It is a strengthening food and tonic, remarkable in its flesh-forming properties. It contains Cod-Liver Oil emulsified or partially digested, combined with the well-known and highly prized Hypophosphites of Lime and Soda, so that their potency is materially increased.

What Will It Do?

It will arrest loss of flesh and restore to a normal condition the infant, the child and the adult. It will enrich the blood of the anemic; will stop the cough, heal the irritation of the throat and lungs, and cure incipient consumption. We make this statement because the experience of twenty-five years has proven it in tens of thousands of cases. Be sure you get SCOTT'S Emulsion, 50c. and \$1.00, all druggists.
