## BUSBEE POSTOFFICE ROBBED

Eighteen Dollars Worth of Stamps

The postoffice at Busbee was broken into night before last and robbed of its contents, which consisted of a small amount of money and \$18.00 worth of stamps. The thief made his entrance by cutting through a window in the rear of the store room, in which the office was located. There is no clue to the offender. Postmaster J. C Murray was in the city yesterday and said that he had received notice from the postoffice department at Washington that the office at Busbee had been discontinued.

### STRANGE INSECTS.

Rock Hill Herald: An army of insects, perfectly black and as small as chigoes, has appeared in this section and no one knows whence they came or what their mission may be. They appear in low. marshy places and are indifferent to water and mire. Millions of them are to be seen in any low place, especially in the blackjacks. Mr. J. W. Betts had an envelope full on exhibition a few days ago and wall who saw them aver that the insect is a L stranger in this section. Although small, they look somewhat like fleas. So far they do not appear to have done any Li harm and seem to have no special mission.

### NEWTON SELLS HER BONDS.

The board of town commissioners, through their autorney, L. L. Witherspoon. have succeeded in seiling the Newton town bonds recently issued. The bonds were sold to parties in Chicago at par and Treasurer Seagle has received New York exchange for the amount. This is the second town in the state to effect a sale of bonds since the rigid decisions of our supreme court on the legality of their issue and the recent era of repudiation set in, but these stood the closest investigation.

The Concord correspondent of the Charlotte Observer says it is very probable that Bethphage, Gilwood and Poplar Tent Presby erian churches will combine and extend a call to the Rev. Mr. Monroe of Lenoir, who will preach at Bethphage today.

Still the interest in public schools all over the state goes on increasing. Almost daily the state superintendent of public instruction receives notice of one or more townships in some county raising a few hundred dollars by private subscription to keep their public schools going this winter. Jackson county has reported four townships as having subscribed \$450. 'Also one township in Haywood county gives \$210. These amounts are to be duplicated by the
