Several New Insurance Companies Licensed - A New Wagon Factory for Raleigh Which Will Have an Output of 1 000 Spokes Daily.

Raleigh, Feb. 17 .- The Southern Express company will appear before the railroad commission to-day, and also the telephone company will be given a hearing. Major Wilson will be there, and that will mean

The heavy wind of Tuesday night did quite a great deal of damage here to trees, fences and even to houses. One rsidence hlaid the chilimniey blown down, and it fallting on the house crushed through into one ome of the rooms, doing much damage. The N. C. car shops suffered quite a good deal of damage.

The secretary of state yesterday licensed two insurance companies to do business in the state. "The Pacific Fire Insurance -complany of New York," and the "Klansas Mutual Life Insurance company" of Topeka, Kansias

Dr. Abbobt this morning comes back at Commissioner Pearson, anl says he (Abbott) as one of the commissioners, has perfect right up issue subpoenas. He cites section 27 of the railroad commission act, and rule 10 of the rules of provide, in both of which says that subpoenas for witnesses or to persons or corporations to appear be-

Philadelphian Buys 28,000 Acres, 1 Railroad and Industries. The Philadelphia Southern Progress tells t the purchase of 28,000 acres of land in the Carolinas together with a railroad, a mall town and several industrial estab-

ishments by Mr. Risley, of Philadelphia. We clip the following: D. L. Risley, the real estate operator of

LAND IN THE CAROLINAS

Philadelphia, has been at work quietly for nore than a year past upon what promises A. and M. College to Have an Exhibit to be a great enterprise, and one entirely new to the community in which it is to be located. Several Philadelphiasins will play a prominent part in the new concern, although the capital is furnished by Mr. Risley. Mr. Risley's plans, when fully developed, will involve the outlay of at least

\$1,000,000. The first steps were taken this week,

when the eighteen thousand acres of land of the South Carolina Land and Lumber of the couth Carorna Land and Dumber company, mear Charleston, and the Berk-ley railroad, extending from Monck's Cor-ners to Chicora, S. C., passed into the hands of Mr. Risley. The lumber compa-ny's transfer included a small town, saw mills and machine shops; while the rail-road company turned over ten miles of shandard gauge track and some \$100,000 worth of rolling stock.

The railroad will be extended at once from Chicora to Eutawville, a distance of sixteen mNes. The officers for the coming year will be D. L. Risley, president; Edward Moore, general manager, and J. L. Jaato, passenger agent, all of Philadelphia. The road will be an important feeder of the Atlantic Coast Line.

The operation of the mailroad, however, is to be but part of the scheme. One housand acres of the land acquired will be built tip as a city, and several manu-facturing plants erected to aid in its cre-ation. The new industries will be of a

character to work up the products of the loom, of which there are but few in the south, though many are needed. The saw mills already on the property will be en-gaged in cutting up the forests of hard word which abound on the remainder of the property. As soon as these are cleared away the land will be divided in small arms; buildings will be erected, and then the fams will be offered for sale or lease. 'At present there is work for several hundred men. Mr. Ris'ey believes that within two years he will have 2,000 people lo ated there. His record will certainly corrobo-

D. L. Risley's second big deal of the new mission or any one or more of year is the purchase of \$10,000 acres of lan¹ hundred years ago. In religion, Latherans, silon, can be issued by any one at Gold Hill, N. C., where he is to locate German Reformed, Prosbyterians, Baptists

The news regarding the blowing up of the Maine has daused as much excitement here as it must do all over the country. Many believe that It was blown up by Spaniardis instead of by an explosion of its own magazine. Nothing of course can be known positively for some days.

'A factory for the manufal ture of wagon spokes has been completed here. The out-out is 1,000 spokes daily, and twenty men are employed. The enterprise is owned and operated by two Englishmen, Messrs. Gil dand Briterly, who have been here for some time in the foundry business. The entire output of this new branch to their business is shipped direct to Liverpool. The timber is secured here in Wake county. At present only oak is used, but persimmon, maple and other mative woods will be used duter on.

Collector Dunkan has been informed of a capture of 1,500 gailon illikit distillery out in Wake county.

ent Robert Hancock is here from New Berne on business. It is generally believed that he will be removed from the presidency of the Atlantic and North Careina railroad.

'March came in yesterday a little ahead of time. There was scancely anything hort of torture to any who were forced to the on the streets, for the dust blew in clouds and if ome did not carry a real good, substantial weight they were liable to lose their balance whenever they struck a c.osstog.

North Carolina than any other man, gives the output of the mine at \$4,000,000, and icclares that there is not a twenty-five-acre tract in 'Mr. Risley's latest acquisi-tion that has not a gold, silver or copper yein in it. In 'Mr. Newman's general description of the property he says:

"The greater portion of this newly-acquired property of Mr. Risley's is now in timber, pine, oak and hickory, but there are a good many nice farms in the area tom's of them having nice new frame hous es and comfortable barns and other out-houses on them, suitable for a man and family to move into and commence at once to make crops, and Nve as if the family was of the manner born. Some of the 'arms have crops of wheat and oats sown, and the farmers are now plowing for the vear's crop of cotton and corn. On many of the tracts there are nice orchards of ap-ple, peach, pear, cherry, plums and other fruit, as well as numerous vineyards. In

this Pledmont section of North Carolina the Concord and Oatawba and several other grapes are indigenuos and were first found here. The Muscadine and several other wild grapes grow so large and are so good that it would take an expert to tell
