HENDERSONVILLE.

Hendersonville, N. C. March 2 .- We are siled to see that the Gazette is much in demand now during these "stirring times" of son county, receiving \$9,000 for it. war and rumors of war. Your paper gives us much later news than from any other daily received here, which is appreciated by numbers who are now subscribers and which will surely largely increase your subscription list in the near future. The patriotic element is alive here and when Uncle Sam calls he will be answered promptly by our southern chivalry. Our young men are "chips of the old block."

Several new buildings are now going up here and many others will follow soon. We have no boom, but a healthy, steady growth that is bringing us steadily to the Cront.

1. S. Verner, of Columbia, is here to-day to close a large land sale in Brevard between Capt. Halyburton and H. P. Clarke, of Columbia.

W. Gregg Chisholm, of Charleston, is here looking around for land upon which to erect a summer residence.

The Central hotel is graced by the portly presence of C. E. Dexter, of New York. Owing, we suppose, to the unsettled af-

fairs of the country, travel is very light JOE ROBY. now.

MORGANTON.

Morganiton, March 2 .- Great excitement is caused here by the report that an old man and a boy were found hanged in a cave in the mountains near Table Rock, twelve miles west of here. About three weeks ago an old man and a small boy moved into the settlement near Table Rouk, and occupied a small cabin at the

doot of the mountain. On being questioned

by some of the mountain people the old man said that he had married an Indian squaw in the western part of the state, and that the boy with him was the product of that union. He had some trouble with the offer to raise a regiment of ex-Confeder-Indians, and was driven out of the Indian | ates, sound and fit for military duty west mattion, and bringing the boy with him, set- of the Blue Ridge.-News and Observer. tled here in Burke. This is practically all that is known of them.

A mountaineer named Branch found the bodies of the old man and the child in a cave near their cabin, dead, with ropes about their necks, evidently having died the effects of strangulation. Whether

Be it said to the credit of the managers of the Hendersonville and Brevard, railway that the rate charged on fertilizer is considerably lower than the maximum fi el by the ratilroad commissioners. Both the dealer and our farmer friends should appreciate this fact .- French Broad Hustler.

The A. K. & N. Ry. is fending in its enire roadbed with barbed wire. They claim that the fence will ultimately save them money. A great deal of stock has been killed on this road, and the large amount of money paid out will more than fence in the road. The crew is working from Marietta this way .- Cherokee Scout.

Patton and the instructions of Judge Ewart have led to the appointment by the grand jury of a committee to investigate the ondition of the jail, poor house and convict. camps of the county. The committee is now at work in the discharge of that duty. and will, after having thoroughly examined each of the institutions named, make a report so that the sollicitor can see what steps if any, should be taken in regard to the abuses complained of in the report of the inspector. It is probable that a report of the committee will be made to-day or tomorrow.

Among the bills found by the grand jury at this term are twelve or fifteein against persons in Big Ivy township, charged with complicity in what is known in that sevtion as the "Ouban war," which occurred last Christmas day, in which from se five to one hundred men engaged. Some of the parties have been arrested and others are being searched for. The trial of these cases will attract much attention and a large number of witnesses are in attendance.

HOUSEHOLD GODS.

The ancient Greeks believed that the Penates were the gods who attended to the welfare and prosperity of the family. They were worshipped as household gods in every home. WINSTON.

Winston, March 2 .- The trial of John W Harrison for the killing of Paul Stockton a street car motorman, has begun in the superior court.

The large acquaintance of the prisoner and of the man whom he is charged with killing makes this one of the most interesting capital cases that has ever been tried here. The prosecution is represented by Sollicitor Mott, District Attorney Holbom and J. W. McNeill.

All of the jurymen except one are from the county, one colored man was chosen. Frank L. Reynolds, clerk of the revenue office here for more than four years, has been suspended from duty by Collector Harkins.

District Attorney Holton has confirmed the report that Major Joe 'Alexander, late private secretary to Governor Russell, is coming to Winston to practice law with hlim.

MRS BOYD'S FUNERAL.

Weaverville, March 2 .- At 2 o'clock to day Mrs. Mary Elizabeth Boyd was laid to rest in the cemetery here. Mrs. Boyd was stricken with paralysis some two weeks ago and yesterday morning at 10:15 o'clock surrounded by her family, passed peacefully away. Eeau liful and impressive services conducted by Rev. Mr. Fox, were held at the residence on College street. The profusion of floral designs and the rare beauty of the flowers sent by loving friends were fit emblems of the beneficent Christian life that had ended. The dec ased was th wife of Rev. H. M. Boyd and sister of Mrs. J. H. MoDowell, and her surviving children are Mrs. Ben Burnett, of Asheville, 'Mrs. J. N. Gill and Mr. Percy Boyd, of this place, and Mr. Kennith Boyd, a tutor at Trinity college.

Its incorporators are well known business men of ample means. The propprietors are well known business men of ample means. HIGH POINT.

High Point, March 2 .- R. C. Charles has been elected cashler of the Commercial National bank, to fill the vacancy caused by the resignation of Dr. W. D. Bradshaw. Mr. Charles is the present postmaster mere, but his commission expires on the 15th day of February.

Our revenue officers are on the alert. They surprised a party of illicit distillers just over the edge in Clay county last Tuesday and succeeded in capturing four prisoners, destroying seventeen tubs of been and a still of modern make. The orisoners, who were brought to Murphy and lodged in jail, were Tom Glenn, Fred Watsor. Virgill Ledford and a young man named Johnson .- Cherokee Scout.

A certain class throughout all this mountain country will greatly rejoice at the inbelligence that the item in the sundry civil bill in congress appropriating \$75.000 to bay revenue spies or informers, was struck out, says the Cherokee Scout. The business of an informer was to pilot the revenue officers to a still, and for the information and services rendered he received \$10. Now, bereafter the revenue officers must get their information as best they can.

Grand Jury Investigation of County Institutions.

Yesterday's proceedings in the criminal court were not attended with any special interest. A large number of cases, however were disposed of and the jail greatly relieved. The grand jury returned twelve biils, of which nine were true bills. When court took a recess until this morning, the jury in the case of the state vs. William Gibson was still out, having not reached a verdict. This was rather an interesting case. The defendant is charged with larceny. The bill of indictment charges that on the day of ----- W. A. Houston gave him \$5.00 in money with which to buy medicine, and instead of doing so he purchased liquor and a railroad ticket with the money. The evidence tended to show that the 'efendant was about to skip, when the prosecutor ascertained the facts. He was arrested at the depot, hiding behind the box cars, awaiting the starting of the train. He was arrested by the public authorities and locked up in the jail. The following prisoners, heretofore con-

victed, will be taken to the county works today, distributed equally between the two convict camps: Ed Robinson, six months; Frank Smith, four months; Cal Smith, five months; David Runion, twelve months: John Payne, twelve months; John Stroup, four months; Will Johnston, two years and

George Harper, four months. The jail delivery is nat yet complete, there being many in jail to be tried. The judge is giving jail cases preference in order to save cost of feeding. The grand jury is a busy body and dispatching the work sent before them as rapidly as possiGET YOUR GARDEN SEED FREE.
