## CONSUMPTION CAN BE CURED.

T. A. Slocum, M. C., the Great Chemist and Scientist, Will Send Free, to the Afflicted, Three Bottles of His Newly Discovered Remedies to Cure Consumption and All Lung Troubles.

Don't delay until it is too late. Consumption, uninterrupted, means speedy and certain death. Address T. A. Slocum, M. C., 98 Pine street, New York, and when writing the Doctor, give express and postoffice address, and please mention reading this a title in the Gazette.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than the offer of T. A. Slocum, M. C., of New York City. Confident that he has discovered a reliable cure for consumption and all bronchial, throat and lung diseases, general decline and weakness, loss of flesh and all conditions of wasting, and to make its great merits known, he will send, free, three bottles to any reader of the Gazette, who may be suffering from the disease. Already this "new scientific course of medicine" has permanently cured thousands of apparently hopeless cases. The Doctor considers it his religious duty—a duty which he owes to humanity—to donate his infallible cure. He has proved the dreaded consumption to be a curable disease beyond any doubt, and has on file in his American and European laboratories testimonials of experience from those benefited and cured, in all parts of the world.
