Raleigh, March 28.—The presidency of the Atlantic and North Carolina railroad is again on the carpet. It is now pretty gen erally believed that T. D. Hewitt of Cartret county will be soon appointed to the position. Supervisor Hancock, the attorney for the road, will resign and W. E Clarke will be appointed.

Tomorrow is the day Chairman Caldwell set for the exceptions against the firewood rate. It is generally believed that at the same time some action will be taken as regards the passenger rate question. Commissioner Abbott says that Chairman Caldwell's idea of making the council of state a railroad commission was favored by Robert M. Douglass as far back as 1890. This takes the glory out of Caldwell's sails.

### **NEW MEDICAL DISCOVERY TESTED**

Result of the Test in Various Forms of Dyspepsia.

Chronic indigestion or dyspepsia, while a very common trouble, has for some time been looked upon by able physicians as a serious thing, and that no time should be sost in treating it properly at the start, because recent researches have shown that the most serious, fatal and incurable diseases have their origin in simple dyspepala or indigestion.

Diabetes is simply one form of indigestion, the sugar and starchy food not being essimilated by the digestive organs. In Bright's disease the albumen is not properassimilated.

While consumption and dyspepsia are twin diseases, and it is beyond question that dyspensia makes a fertile soil for the seeds of consumption. But the trouble has been to find a rem-

edy that could be depended upon to cure dyspepsia, as it is notoriously obstinate and difficult to cure. This has been the question which has

puzzled the physicians and dyspeptics alike, until the question was solved three years ago by the appearance of a new dyspepsia cure in the medical world known as Stuart's Dyspepsia Tablets, which it was claimed was a certain, reliable cure for every form of stomach trouble.

Physicians, however, would not accept such a statement without first giving the new remedy many tests and carefully obperving results.

For three years the remedy has been thoroughly tested in every section of the country and with supprising and satisfactory results.

Stuart's Dyspepsia Tablets can be honestly claimed to be a specific, a radical lesting cure for indigestion in the various forms of acid dyspepsia or sour stomach, cas or wind on stomach, too much bile, unsimilar symptoms resulting from disordered digestion. Stuart's Dyspepsia Tablets were not placed before the public undil this three years' trial left no doubt as to their value and they have recently been placed in the trade and can be found on sale at all druggists at the nominal price of 50 cents per package.

No extravagant claims are made for the remedy. It will not cure rheumatism. nonia, typhoid fever nor anything but just what it is claimed to cure and that is every form of stomach trouble. No dieting is necessary, good wholesome

sored that Stuart's Dyspepsia Tablets will digest it.

Druggists claim for it that it is a pleas-

ure to recommend it to dyspeptics, because gives such universal satisfaction. Little book on stomach diseases sent free by addressing Stuart Co., Marshall, Mich.
