PRESBYTERIAN RE-UNION

The Movement given an Impetus by the Patriotic Spirit Existing--Northern Assembly Favors Action

Winona Park, Ind., May 23.—The movement for a southern and northern branches of the Presbyterian church was given an added strength today at the session of the Presbyterian assembly when the report of Rev. Horatio F. Olmstead, of Galveston, Tex., introduced resolutions which recited the patriotic spirit abroad both north and south, the burying of the animosities engendered by the war and declaring that this was an appropriate time for the unity of the Presbyterian church.

The resolution declared for the appointment of a committee of five to confer with a similar committee from the southern brethren and to consider and report a plan for the union. It was received with marked favor and referred to an appropriate committee.

The report of the board of missions for freedom showed a double increase of \$2,000. The burning of the main educational institution at Aniston, Ala., compelled rigid economy. The schools operated have been reduced from sixty-seven to fifty-three.

Rev. John Savage, colored, of North Carolina, made a plea that the whole subject of helping the colored man in the south be placed on a higher plane and insisted that the colored ministers in the south had won the respect and support of southern whites. He added "In God's name, white people, if we have won a place in the hearts of the southern whites, won't you, of the north, lay aside your prejudices and do your duty by God and the church by supporting this suffering cause?"

Many other colored ministers and elders spoke. They were all cordially received. The report was as a whole.

NEGRO LYNCHED

Had Killed a White Boy by Throwing him off a Train

Paducah, Ky., May 23.—Joe Mitchell, of this city, a colored brakeman on the Illinois Central road, was lynched at Reeves, Tenn., early this morning. He was a prisoner confined in the caboose of a freight train awaiting transportation to the jail in Union City, Tenn., when a crowd of 500 men, blacks and whites, took him from the guards to the woods nearby, strung him up, and emptied shotguns and revolvers into his swinging body. Forty-five bullet holes were counted today.

Mitchell threw Henry Garner, a white boy, off the train. The youth fell alongside the rails and his leg went under the wheels. Garner died an hour later, but not before he had told the story. Mitchell's arrest and lynching followed.

The Asheville Guards, the company organized shortly after the departure of the A. L. I. by J. A. Wagner, Jr., and others assembled in the armory yesterday and left for the station at 1.45. There they were joined later by Sergeant Herbert Reynolds, who returned from Waynesville with ten men, and by Sergeant H. M. Moody, who came up from Marshall with thirty men.

A large number of friends were down to bid them good-bye, and as they departed a good many of the gentler sex wiped tears away from their eyes.

Rebel Drummer Owen was there to beat his last roll for them. The officers exercised good control over their men and had received excellent accommodations in the way of cars from the Southern. No. 12 on which they went, was about an hour late, so it was after four o'clock when the train pulled out.

WRECK AT SAVANNAH.

One North Carolina Soldier Killed--Another Badly Injured.

Jacksonville, Fla., May 23.—The First regiment arrived here safely, where we will remain for some time, in camp. The third battalion had a wreck ten miles south of Savannah in which William M. Barbee, of Durham, was killed, and G. M. Cullough, of the same place, was seriously injured.

Barbee's body was sent to Durham with an escort of six men. The Asheville boys are all safe.

The accident occurred about 4 o'clock in the morning, and was the result of the failure of the flagman of train No. 3 to place a green light at the rear to indicate that another section was to follow. The result was that a freight train waiting on a siding attempted to gain the main track and crashed into section 4.

Barbee was twenty-nine years of age and unmarried. His father and mother reside in Durham. His mother is not in good health and only last night the young man said he feared something would happen to him that would hasten his mother's end.

A GREAT SLAUGHTER SALE

AT

SUMNER & CO.'S

When business seems to be getting dull it has always been our policy to go into the market and buy things at slaughter prices. Now we might do this and reap big advantages from it by selling the stuff at the usual price, but we don't do this. We rip the goods off the same way we buy them; if bought at half price they go at half price. Our trip to New York was full of surprises, we saw it so dull there we could cross the street without the aid of a policeman and we found goods selling for almost nothing, we invested and now we don't want you to be throwing your stuff away, read our prices and let the goods talk for themselves. Almost a car load of Organdies, Lawns and Swiss will be placed on our counters by Tuesday, and the price, well there will be no price, come and take them and leave just enough to pay the freight.

THE MARKETS BY TELEGRAPH

How War Thus Far has Affected Trading.

Quotations of the New York Money Market—Chicago Grain and Live Stock—Country Produce.

New York, May 23.—Notwithstanding an absence of any feature sufficient to justify its cotton advanced quite sharply today. The Liverpool, cables were tame, that market being unchanged and the opening here was at Saturday's closing figures. August sold on the first call at 6.41, and for the first hour the greatest stagnation prevailed. Then the local bulls took advantage of an absence of selling orders and bid prices up. This frightened the bears into buying freely and the advancing tendency continued throughout the day. August rallied to 6.51 and closed at 6.50 with the tone of the market steady. The next crop showed no less strength and the reduction in the short interest continued and any further advance we favor selling.
