TROUBLE AT HAND.

Gravity of Situation Intensified in the Philippines.

Right to Land Disputed at Iloilo and an Outbreak Imminent at Manila.

Aguinaldo Disappears Suspecting a Plot to Curtail his Liberty.

Fear Entertained on Behalf of Otis at Manila—Re-inforcement of Six Regiments Ready to Embark.

Washington, Jan. 2.—At no time since the conclusion of hostilities has the government been so concerned as now over the situation in the Philippines. Aguinaldo has disappeared, perhaps to prepare his followers in the interior to resist any attempt of the Americans to make them disband; the insurgents at Iloilo have declined to permit Miller's detachment to land, and there is danger of a conflict with the Filipinos both at Iloilo and Manila.

The military authorities are fearful of an outbreak that cannot be terminated

regiments will leave New York before January 15, and the Third and Twenty-second get away from "Prisco" by January 15.

DEWEY WANTS LIGHT SHIPS

For Use in Philippine Rivers—Needed if Insurgents Fight.

Washington, Jan. 2.—The situation at Manila has brought the naval authorities to a realization that Admiral Dewey needs light draft vessels for use in the rivers and shallow harbors, where the insurgents have fortifications.

About a month ago Dewey asked that some be sent, and steps were taken to-day to comply with the request. The gunboat Helens, now in the Mediterranean was ordered to Manila without delay, and other vessels, including some of the converted yachts, will be sent. It is probable that the Yorktown will be ordered from the Pacific coast.

SOLDIER STABBED BY A NEGRO

Buzler Barbee Perhaps fatally Wounded—Remnant of Troops Embarking.

Savannah, Jan. 2.—The Transport Mobile and Roumanian are being loaded with troops for Havana, including the Fourth and Ninth Illinois and Second South Carolina.

When these go tomorrow, Savannah will have only a sprinkling of troops left, but the government has decided to bring the troops now scattered

NAVY IS SLIGHTED

No Officer Invited At the Surrender of Havana.

Sampson Could Not Be Present and Navy Had No Representative at Ceremony.

Belief in Naval Circles That the Slight was Intentional.

Talk of Making a Formal Protest to President McKinley or to the War Department on the Subject.

Washington, Jan. 2.—There is considerable feeling in naval circles over the fact that no naval officer was invited to be present at the ceremonies at the palace in Havana yesterday, when Cuba was formally surrendered.

Some of the officers believe it is matter requiring official notice in the form of a protest to the president or war department, and that the slight was intentional.

At the evacuation commission was the joint body and Admiral Sampson was unable to be present, it is pointed out that someone should have been asked to take his place.

QUET REIGNS IN HAVANA.

Two Tragedies Occurred But Neither Cause by Political Situation.

Havana, Jan. 2.—Since the occupation of the city by the Americans yesterday there have been no political disorders of any kind.

To-day a Cuban was wounded by a shot fired by an unknown person, but the shooting is believed to have been the outcome of a personal quarrel.

A Chinaman stabbed his mistress in Lagunas street just as General Brooke was passing in a carriage. Brooke ordered two American soldiers to capture the assassin, but the Chinaman killed himself with a knife.

That these were the only crimes to-day in a city of over 300,000 population is considered remarkable.

IS WAKE ISLAND GERMAN?

Berlin, Jan. 2.—The report that an American man-of-war has been ordered to seize Wake island, in the Anson archipelago, to the east of the Caroline group, has caused a sensation here. The German colonial and nationalistic press points out that Wake island hitherto has been reckoned a part of the Marshall archipelago, which is German.

WILL GRIPPLE SANTIAGO CITY

Brooke's Order Withdrawing Custom Receipts From Local Improvement Fund.

Santiago, Jan. 2.—Orders were received here from Havana, which, if carried out, will deal a death blow to the prosperity of the city.

General Brooke has sent an officer from Havana, to take charge of the customs receipts of the province, and forward them to Havana.

There is a strong comment against the governor of the island for depriving General Wood of the means of carrying out projected improvements.

The Cubans are especially bitter, declaring that it is Brooke's intention to render it impossible for Cubans to take control of the island. The policy followed by General Wood, which had for an object the lessening of the taxation and the spending of the revenues for the benefit of the city and province, was producing beneficial results, and the withdrawal of this source of income, will necessitate the paying of public expenses from the local taxes, which are entirely inadequate for any further purpose, such as improving the city.

DAY SPEAKS AT CANTON

Says Formal Alliance With Great Britain Is Not to be Desired.

Canton, Ohio, Jan. 2.—Judge Day was given a formal welcome home from Paris by the bar association at a dinner this evening.

Secretary's Day's speech was the feature, and consisted mainly of praise of president McKinley. He said that the most gratifying circumstance in our foreign relations during the war was the cordial and hearty friendship of the English nation, but he did not think that a formal alliance would benefit either nation.

In conclusion, he emphasized the present greatness of America and her duty to new possessions.

ANOTHER MINE DISASTER

Ignorant Engineer Causes Death of Men in Shaft Elevator.

Jamestown, Cal., Jan. 2.—Through the ignorance of a new engineer, four men were killed and one severely hurt in a jumper mine near here early this morning.

The men were being lowered to 600 and 700 feet levels. It stopped at the 600-foot level, and when the signal was given to lower, the engineer first hoisted the cage then let it drop 100 feet to the bottom, resulting in the killing of the miners.

QUAY'S ELECTION

The Senator Still Hold Grip on Legislators.

Belief That the Pennsylvania War-Horse Has Whipped all Votes Into Line.

But Anti-Quay Men Still Possess Considerable Confidence.

How the Former Opponents of Matt Quay Will Not Vote for Him But Will Cause Their Followers To Do So.

Harrisburg, Pa., Jan. 2.—Senator Quay seems to have rounded up the legislators of Pennsylvania once more and unless the unexpected happens, he will receive tomorrow the caucus nomination, which amounts to the election for another term.

While David Martin is keeping both sides guessing, he is said to have agreed to unite with Senator Magee, of Pottsville, in supporting the caucus nominee, covering their tracks by voting against Quay in caucus, while their followers support him.

The anti-Quay men, however, showed remarkable confidence at midnight, claiming that they would postpone the caucus, which would probably cost Quay the nomination.

SENDER OF THE POISON

Description of Man Who Bought Silver Tooth Pick Holder.

New York, Jan. 2.—It came out to-day that the silver toothpick holder sent to Harry Cornish with a bottle of poison, had been purchased on December 23 by a man described as being of medium height and having red whiskers.

He bought it at a store in Newark, New Jersey. The police are now looking for the man, though none of his description are among the list of suspects.

PAID IMMENSE FRANCHISE FEE

Continental Tobacco Company Gives Up \$37,500 For Incorporation in Michigan.

Lansing, Michigan, Jan. 2.—The articles of incorporation of the Continental Tobacco company of New Jersey have been filed with the secretary of state. The trust paid the franchise fee of \$37,500, the largest ever paid in the state.

We wish to take this opportunity of expressing to the people our sincere thanks for their very liberal patronage and kind expressions. We also wish to thank those who were lenient with us in regard to engraving, as the demands this year were very unusual.

BRIDGE OVER PASIG RIVER

ESCOLTA MAIN BUSINESS STREET-MANILA

VIEWS OF MANILA.

The quiet streets of Manila may soon resound with the boom of cannon and the crackle of rifles, for from reports against the Stars and Stripes is imminent. Otis has only 20,000 men, against Aguinaldo's force of 30,000, but reinforcements will be rapidly sent to the American general. They may not arrive in time, but even a such an even, the 20,000 Americans will probably teach Aguinaldo that there is a difference between fighting Spaniards and fighting Americans.

until Aguinaldo's army has been defeated and the rebel chieftain compelled to submit.

While no authority can be given for the assertion that the administration contemplated curtailing the liberty of Aguinaldo in order to prevent him making mischief, it is the impression that his flight was due to some such suspicion.

The situation at Manila appears even graver than at Iloilo. General Otis has about 20,000 men, against 30,000 insurgents.

In order to help General Otis out, six regiments destined for Manila were today ordered to get ready to move on immediate notice, and the last of them will have sailed in two weeks. So the infantry will leave San Francisco not later than Jan. 7th.
