Prices. .

New York, Jan. 30.—The action of the stock market today showed as much activity as at any time since the commencement of the bull campaign. The market was excessively irregular on the opening and evidently more than one factor was at work seeking to influence prices.

London quotations were not wholly satisfactory but standard houses here were among the best buyers and commission houses also had good orders which presumably had accumulated over Sunday.

These features offset the attacks of those who evidently expected the weakness of the last half hour Saturday to continue this morning. During the afternoon the latter element proved successful and prices suffered a considerable decline. Later dealings were on covering so that the level of prices was practically unchanged, the closing being firm.

We have for some time advanced the belief that top prices were in sight and today we are firm believers in that ad-

Sales were made at a declining range from 1-8 to 1-2 cent per bushel, compared with Saturday's filling during the early hours but on a slight decline support was forthcoming size, 50c. and \$1. but after a little slump prices quickly DeWitt's Witch Hazel Salve. Beware J. S. LEAHY, Trav. Pass. Agent, rebounded and the favorable influences of worthless imitations. Paragon pharat work are sufficient to warrant hope in this as well as other cereals.

Prices throughout were well sustained and on larger transactions would have shown material advance.

Hog products should come in for a more prominent advance during the next month and a conservative house urgently recommends purchases in this market.

COTTON-Although there was no material change in the cotton situation. The feeling among traders was as before the Sunday holiday. Early prices were at a slight advance but later declined fractionally on small realizing.

Liverpool was moticeably among the buyers today, and as we predicted some time ago this is certain to exert a most stimulating influence which will encourage the market and prices will surely reach a higher level; small reactions are bound to come in order to create a healthier feeling. On any slight concessions we advise purchases,

MISS JERRY.

We have made mention in several of our issues of the entertainment to be given at the Grand tonight under the auspices of the Y. M. C. A., and take it upon ourselves to guarantee to those who attend one of the best performances they have ever had the pleasure of witnessing.

Mr. Black will give "Miss Jerry" on this date, which is a love story, illustrated with photographic pictures of real scenes and real people. This is his best pictorial play, and the following is one of the press notices from the Nashville American:

"The possibilities of this ingenious entertainment are great, and the audience last night, which had the double pleasure of hearing and seeing "Miss Jerry," and the story of her affairs, was pleased beyond expression."

Seats are now on sale at the Heinish & Reagan drug store.

CAUSED BY

Poisoned Condition of the Blood CURED BY

Botanic Blood Balm (B. B. B.)

THE GREAT BLOOD REMEDY.

Catarrh, is due to an impure condition of the blood and is one of the innumerous offsprings of blood poison. It may have come from a long way back in the family history, but the general opinion among medical men, is that cattarrh is the offshoot of poisoned blood, producing had breath and the above named symptons. The fact is admitted by all that it is only curable by constitutional treatment. Bottanic Blood Balm (B. B. B.) has scored some brilliant victories in the cure of this loathsome malady, and why? Because B. B. B. when taken as directed mixes with the poisons in the blood which produe catarrh, so as to cause the poison to be expelled from the blood through the sweat glands and excretory organs. R. R. Saulter, Athens, Ga., wrote us not long ago that he was surprised to observe how agreeable his breath had become since using only three bottles of B B. B. He was also able to hear better. Mrs. Lulu Banks, of Alabama, wrote us that a friend of hers since using six bottles of B. B. B. that the mucus discharges. which she had through the mouth and nose had stopped and that she was ableto breathe freely and talk without offending any one with her bad breath. A. remarkable case is that of Mrs. Elizabeth Knott, of Atlanta, which we print:

Discharge Copious and Offensive Entirely Cured by B. B B.

"For four years I have been afflicted: with a very troublesome nasal catarrh. So terrible has its nature been that when I blew my nose small pieces of bone would frequently come out of my. mouth and nose. The discharge was copious, and at times very My blood became so impure that my general health was greatly impaired, with poor appetite, and bad digestion Numerous medicines were used without relief, until I began the use of Botanic Blood Balm-B. B. B.-and three bottles acted almost like magic. Since its. use, over a year ago, not a symptom has returned and I feel in every way quite restored in health I am an old citizen of Atlanta, and refer to almost any one living on Butler street."
