FIGHTING CONTINUES

Between American Troops and Insurgents at Manila.

Malabon Shelled by the Monadnock and the Cruiser Charleston.

American Possessions Now Include the Towns of Haiti and Cavita.

Gen Otis Establishes his Headquarters at Caloocan and Takes Every Precaution Against a Possible Attack.

Manila, Feb. 11.—The monitor Monadnock and cruiser Charleston shelled the town of Malabon all this forenoon, and at 4 o'clock this afternoon desultory firing continues between our troops and the insurgents on the left. Private McClure, of the First Idaho, was killed in today's skirmish and six others wounded, including Captain Hamer, of the First Idaho, and Lieutenant Gardenhier, of the First Montana.

The American loss in yesterday's capture of Caloocan was three killed and thirty-two wounded. Only two officers were wounded. Kansas and Montana volunteers, in their magnificent charge through the wooded ravine, suffered the principal losses.

Brigadier General Otis established his headquarters at Caloocan immediately after its capture. Entrenchments were thrown up, lines extended east and west and outpost picketed to meet a possible attack from the enemy who had retired toward Malabon.

The American possessions on the east now include Haiti and Canita, fifteen miles from Manila, and north to the shore of Lake Laguna and Debay. These towns which have about 1,500 inhabitants each, surrendered to Colonel Stotzenberg, of the First Nebraska, on Thursday without a shot being fired.

LONG'S LETTER TO THE SENATE

Giving Facts and Records on Which Advancement of Sampson and Schley and Other Officers Were Made.

Washington, Feb. 11.—Long's answer to the resolution of the senate of January 23, asking for the facts and records on which the advancement of Sampson and Schley and other officers was made, is an interesting communication. The letter is made up almost entirely of the statement based on official records of the campaign, with particular reference to Schley's withdrawal from Santiago after the Spanish fleet had entered the harbor.

It was shown that despite Schley's statement that he was obliged to go to Key West for coal, he had enough coal left to maintain the blockade until the supplies arrived.

It is pointed out that no signals were sent by Schley to the vessels engaged in the fight with Cervera's squadron except that the enemy was escaping, "cease firing" and congratulations. Sampson's directions were carried out.

Long refers to "Schley's reprehensible conduct," and says in explanation of Sampson's greater promotion that Schley's "unsteadiness in purpose and in push and his failure to obey orders" did not meet with the approval of the president or navy department. Accompanying Long's letters are copies of telegrams, letters and reports and charts of the battle.

OCCUPATION OF PHILIPPINES

McEnery's Resolution to be Voted on Tuesday.

Washington, Feb. 11.—In the senate today after the debate on the taking up of the anti-expansion resolutions, an agreement was reached to take a vote Tuesday next on the McEnery resolution, declaring the occupation of the Philippines only temporary—and pending the establishment of a stable government.

In the course of the discussion Mason and others strongly attacked the policy now being pursued against the Filipinos.

Several bills were passed today, including the legislative appropriation bill.

Washington, Feb. 11.—Admiral Dewey cabled the navy department today that he would have plenty of light draught gunboats for active service in the Philippines as soon as the three captured Spanish vessels, now at Hong Kong, had been put in good condition. CONDITION IN FRANCE

Beaurepaire said to be Acting in Interest of Prince Napoleon

Chorns of Condemnation and Detestation Throughout Europe

For the Action Taken at the Bidding of the Truculent Ministry

In the Dreyfus Case—It is Possible now that the Criminal Court May Pronounce Judgment.

Paris, Feb. 11.—France finds no defenders outside of her own borders in the crime which her legislature committed yesterday at the bidding of the truculent ministry.

The chorus of condemnation and detestation throughout Britain and Europe is not broken by a single note of excuse.

Onlooking nations await expectantly the next move of the conspirators against the government which confesses itself too weak and cowardly to defend the fundamental principles of law and justice.

It is becoming significant that no hint has yet been disclosed of the real object of the plot against the republic. It is hinted, however, that Beaurepaire is acting solely in the interest of Prince Victor Napoleon, but it should be said in behalf of the noisy weaklings who compose the majority of the French chamber that it is cowardice and not knavery that led them to commit yesterday's crime.

It is now urged that the senate will prevent a complete disgrace of France. In time before the bill reaches a vote in the senate it is possible that the criminal court may pronounce judgment in the Dreyfus case.

NEWS FROM WASHINGTON

Ewart's Case not Considered Yesterday Afternoon—Major Moody Mustered Out.

Special to the Gazette.
Washington, Feb. 11.—Ewart's case was not considered this afternoon. The friends of the judge are more hopeful.

Major James Moody, of Waynesville, is among the number of mustered out officers.

This is the coldest weather recorded, with one exception, since the establishment, in 1871, of the weather bureau. This extreme cold was accompanied by a frigid, driving wind. Congress has contributed \$10,000 for removing the snow from the sidewalks and streets.

There is little reason to doubt that the First North Carolina regiment boys will soon be at their homes.

Senator Pritchard today said to your correspondent: "I have decided to take this matter up in a few days to ascertain if a majority of the men of the First really desire to return to their homes, and if I find that such be the case, I shall urge the department to muster the men out at once."

Senator Pritchard's amendment providing for the appropriation of a sum to be used in the work of ascertaining the number and location of confederate graves has been adopted. The amount required in the amendment, however, was reduced from \$10,000 to \$5,000.

Deputy Collector Grant, who has been here in the interest of John Hart, who is making an effort to secure the postmastership of Spartanburg, will leave here tomorrow for home. W. A. H.

PROVISION FOR WINYAH BAY

Washington, Feb. 11.—The sundry civil bill contains an appropriation for Winyah bay of only \$58,500 instead of the original \$450,000 under the continuing contract.

When asked about that today Congressman Elliott said that he had inquired about the matter from the appropriation committee and found that the chief of engineers had reported that there was now on hand to the credit of Winyah Bay \$115,000 and that there would probably be on hand on the 1st of July next \$391,500, which together with the \$58,500 appropriated by this bill, would leave \$450,000 to be spent during the next year.

AWAITING ADVICES FROM SAMOA

London, Feb. 11.—In the house of commons today the parliamentary secretary for the foreign office, the Right Honorable William St. John Broderick, replying to a question on the subject, said her majesty's government was awaiting the arrival of consular despatches from Samoa before expressing an opinion regarding the recognition of Mataafa as king of Samoa.

PROSECUTION OF CEVERA

Madrid, Feb. 11. The supreme military court which has under consideration the loss of the Spanish squadron at Santiago de Cuba on July 3 last, has decided to prosecute in connection with the disaster Admiral Cervera and Commandant Emilio Diaz de Moreu, former captain of the destroyed cruiser Cristobal Colon.

GARCIA'S FUNERAL

Marred by a Row between Gen. Brooke and the Cuban Assembly.

The Assembly Compels Gen. Rodriguez to Withdraw His Men From the Procession.

Populace Excited and Shout "Out With the Yankees," Etc.

Funeral an Extraordinary Demonstration Despite Withdrawals—20,000 Persons in the Procession.

Havana, Feb. 11.—The funeral procession of General Garcia today was marred by a row between General Brooke and the Cuban assembly.

The assembly claimed the right to march in the procession after General Brooke but ahead of his staff and escort. Brooke, after some wrangling, refused to allow this, whereupon the assembly compelled General Rodriguez to withdraw his men from the procession. The populace became excited and began shouting "Cuba Libre," "Out with the Yankees," "Viva Aguineldo" and the like. The assembly considered their pride wounded and refused to take part in the ceremonies.

Justice Lunaza, who had intended to deliver the oration over the body at the cemetery, also withdrew from the ceremony.

Tonight the assembly held a meeting and a manifesto explaining its attitude is expected tomorrow.

Despite the withdrawals, however, the funeral was the occasion of an extraordinary demonstration in memory of the dead general. Municipal officers and many patriotic societies joined in the procession, which comprised 20,000 persons.

General Gomez arrived here today and was given a big reception.

WILSON MURDER CASE.

Mrs. Eva Wilson, who is confined to the Mitchell county jail at Bakersville, accused of the murder of Mrs. Frances Loven, by poisoning, has, through her attorneys, Valentine & Norwood, and J. S. Black, made application to Judge Bowman and will be brought before his honor on a writ of habeas corpus next Tuesday. It is asserted that there is not enough evidence against Mrs. Wilson to even excite suspicion. The almost universal opinion is that she is innocent, and that if she should be held, the grand jury will refuse to find a true bill against her. It is several months, however, till court, and in the meanwhile unless Mrs. Wilson is discharged, her aged mother, who is entirely dependent on her, will be destitute.
