## ANOTHER BATTLE

### Rebels Driven From Pateros Turn and Fight.

### Supposed to Have Planned Attack Under Flag of Truce.

### Guns of a Former Spanish Boat Turned Against the Insurgents.

### Pateros Had Been Surrendered But the Place Had not Been Occupied by Americans.

Manila, Feb. 14.—The insurgents at Pateros, ten miles south of Manila, surrendered Wednesday, but the place was not occupied by our troops. Since the surrender the Filipinos have flown flags of truce indicating submission, but this afternoon they fired upon a detachment of California troops. The Californians replied with a hot fire, driving the rebels out of the town. The rebels moved to the south where they made a stand and an engagement followed, continuing until dark. The Californians were reinforced by a part of the First Washington, First Idaho and Utah artillery.

The former Spanish gunboat Laguna de Bay started this afternoon to shell the enemy's rear. It is supposed the insurgents, who evacuated the town upon its surrender, had been secretly gathering at Pateros under cover of the flag of truce with the object of making the attack.

## STURBORN RESISTANCE OF REBELS NEAR ILOILO

Manila, Wednesday, Feb. 14.—8.30 a. m.—The village of Paro, a mile north of Iloilo, was captured Sunday afternoon by a battalion of the Eighteenth Infantry. It was learned that the rebels were assembling there, and to prevent the possibility of their making an attack on the city troops were sent to drive them out. Serious resistance was not expected, but the rebels made a stubborn defense, with the result that the American losses were heavier than in the capture of Iloilo. Lieutenant Bowles and four men were wounded. The insurgents held their position for an hour.

The enemy in Panay appears to be losing heart, and it is suspected that they have heard of native defeat around Manila.

## CAPTURE OF ANOTHER INSURGENT STRONGHOLD

Manila, (Wednesday), Feb. 15, 9 A. M.—The steamer Butnan brought news of

## OPPORTUNITY

### FOR THE PEOPLE OF ASHEVILLE.

I have made up my mind to go to Porto Rico. I will close out my entire stock at 25 percent less than cost. Clothing, gent's furnishing goods, hats and underwear, merchant tailor's cloth and cloth for ladies' tailor made suits, also store pictures. Entire stock must go. I. W. GLASER, 34 South Main street, Asheville.

the capture of Jaro (not Paro), the insurgent stronghold, by a battalion of the Eighteenth Infantry, under Major Keller, and a detachment of the Sixth artillery, with two Hotchkiss guns and a Gatling gun, under Lieutenant Ostlin.

The battalion left Iloilo to make a reconnaissance, but was attacked by the enemy, and so proceeded to take the town.

The enemy on retiring took their dead and wounded with them. Their force numbered about 1,000.

The reconnaissance developed the fact that the town of Molo has been deserted by the enemy, who are going into the hills by three roads.

Business has been resumed at Iloilo and the port has opened.

Deutery firing on the California regiment near Calococan continued last night. Four Americans were wounded.

## OFFER OF NATIVE ALLIES.

Manila, Feb. 14.—The New York Journal correspondent cables that the natives of Pampanga province, near Malolos, have offered to join the Americans. They claim to have 3,000 organized troops. These natives, it is said, fought with the Spanish against Aguinaldo.

An escaped Spaniard says Aguinaldo is still celebrating the victories he claims to have won over the Americans in the recent battles.

## DESPATCH FROM DEWEY.

Washington, Feb. 14.—The navy department received the following:

"Manila, Feb. 14.—The Petrel has just arrived from Iloilo. That place was taken by our forces Saturday and is now occupied. No prisoners; no casualties on our side. Insurgent loss not known, but believed to be slight. They attempted to burn the town, but the foreign property was generally saved by our forces. Signed Dewey."

## CABINET DISCUSSES CAPTURE OF ILOILO

Washington, Feb. 14.—The gratifying news of the taking of Iloilo was the topic of discussion at today's cabinet meeting. It was the general opinion that there was no necessity of pursuing an aggressive campaign on the island of Panay, but no instructions on the matter will be sent to General Otis.

## M'ENERY RESOLUTION PASSED SENATE

### Bacon's Amendment Defeated by Vice President's Vote.

Washington, Feb. 14.—The senate today passed, by a vote of 26 to 23, the McEnery resolution, declaring it to be the policy of the United States government to establish a suitable government in the Philippines to prepare the inhabitants for local government, and eventually to dispose of the islands as will best promote the interests of the United States and the inhabitants of the islands, disclaiming the intention of the United States to exercise permanent sovereignty. The resolution was defeated by one vote, that of the vice president, the roll of senators standing 29 to 29.

## SPRUNG A SENSATION

### Resolution Introduced to Impeach Judge Brown.

### In an Endeavor to Show that Norwood was not Alone Culpable.

### It Raised a Storm and the Charges Against Judge Brown were Denounced

### Counter Resolution that White, Who Presented the Charges, be Expelled From the House.

Special to the Gazette.

Raleigh, Feb. 14.—A sensation was caused in the house this morning by a Davis, republican, introducing the house judiciary committee to investigate and report if Judge George H. Brown, Jr., should be impeached. The resolution was referred to the judiciary committee. It reads:

"That it is a matter of public notoriety that George H. Brown, Jr., judge of the first judicial district, has been publicly drunk at different times and places, and that even as late as January 16 he, while holding court in Raleigh, appeared at a reception given by certain members of the Capitol club in a drunken condition to the scandal and surprise of many members of this body."

Bills were introduced in the house by Mauney, to prevent turning loose water from Spanish dams without notice; also to change the name of Valley Town township, Cherokee county, to Andrews; by Walter Moore, for the committee on rules, to change the rules, so that the speaker may vote on roll calls and any member of the rules committee may call for the previous question; by Davis, to amend the Haywood county road law. This bill subjects a tax of 1 cent on a hundred dollars; 30 cents on polls, provides for an overseer on each road section with no compensation, and makes failure to work roads a misdemeanor. The superintendent receives pay for the time actually employed and is not allowed to take a road section force out of his district except two days in the year to construct new roads; by Craig, to incorporate the Asheville Tobacco company, J. A. Orr and C. Z. Porter, incorporators, capital, \$5,000; also to incorporate the "Slayden-Fakes company," incorporators, W. J. Slayden, R. B. Fakes and C. S. Davis; capital \$100,000; dividend shares \$100; by Leatherwood, to incorporate the Ohio River, Franklin and Tidewater Railway company, capital stock, \$1,000,000. Ex-Senator Kopeckas is the promoter of this; also to incorporate the Black Diamond company; also to establish a dispensary at Bryson City.

Bills were passed changing the corporate limits of Waynesville; to give the democrats control of the insane institutions at Morganton, Raleigh and Goldsboro, by creating a new board of directors of nine for each institution, no two directors to be from the same county; to elect B. F. Montague, I. M. Proc-

tor, C. B. Edwards, Hugh Morrison, W. N. Jones, J. A. Briggs and C. N. Allen directors of the institution for white blind and negro deaf mutes and blind at Raleigh. These are democrats. To prescribe short farm crop lien and chattel mortgage and fix clerks' fees at 10 cents; register of deeds, 20 cents; applies to McDowell, Burke, Watauga, Caldwell, Rutherford, Ashe and Allegheny counties only in the west. The other counties are eastern. To provide for pay and mileage of the new directors of the penitentiary; to establish graded schools at Morganton.

A bill was introduced in the senate by Travis, to regulate the manner of bringing action as to the best right of control of the penitentiary; passed, as did a resolution to pay the new pen-

## SHIPWRECK IN ICY SEAS

### Suffering of the Crew of the William Lawrence—Another Steamer Lost

Savannah, Ga., Feb. 14.—Five members of the wrecked steamship William Lawrence, of the Merchants and Miners' transportation line are at the infirmary here suffering from frostbitten feet and hands. The Lawrence is a wreck on the coast near Port Royal and is going to pieces.

The men in the infirmary and others rescued tell a pitiful tale of shipwreck. The vessel went ashore Saturday off Hilton Head, and the storm pounded her on the beach. There were twenty-seven on board, and they set to work at the pumps. Finally the vessel was abandoned and four life boats launched. Two boats after a desperate struggle with the storm, succeeded in reaching the shore, but the other two boats with fourteen people in them, have not been heard from. Tugs are out searching for them.

## STATE OF TEXAS SUNK.

Norfolk, Va., Feb. 14.—The Merchants and Miners' steamship State of Texas, which sailed from Baltimore for Savannah, Wednesday, is sunk in Chesapeake bay. The passengers and crew arrived here tonight, having been rescued by a tug.

## NICARAGUA CANAL BILL PROPOSED IN HOUSE

### As an Amendment to the Sundry Civil Appropriation Bill.

Washington, Feb. 14.—The Nicaragua canal bill was proposed by Hepburn this afternoon as an amendment to the sundry civil bill, under consideration in the house. Cannon made a point of order against it, that it was inadmissible. In consequence of the discussion there was a lively passage of arms between Hepburn and Cannon. The latter pleaded with the members to stand by the rules, to which Hepburn retreated that the gentleman in the very bill under discussion had violated the rule he now invoked no less than thirteen times in the first nineteen pages, and Cannon had to confess the substantial accuracy of the charge. Without reaching a determination of the question the house adjourned. It is expected that the bill will be made a part of the pending measure.

WANTED. Will pay cash for stock of general merchandise that will invoice from \$10,000 to \$20,000, when sufficient inducement is made. Address "X" care Gazette, 315 St.

## CREDIT.

A VERY important factor in modern trade is the system of Credit. While we pay cash for all we buy, thereby getting the benefit of all discounts, still we are glad to extend credit to prompt paying customers. To all such we will give our very lowest prices and a quality of goods that cannot be excelled.

## QUESTION OF COURTS

### Discussion in Democratic Caucus Last Night.

### Sentiment Strongly Favorable to the Criminal Courts.

### Major Wilson will be Vindicated Probably Today.

### Committee Argued that His So-called Interest Did not Authorize His Removal.

Raleigh, Feb. 14.—The caucus tonight considered the question of courts without definite result. Glenn, of the committee, reported that Governor Russell had agreed to appoint judges and solicitors appointed by the caucus if more superior courts were completed. Glenn and Senator Justice favored superior courts. Osborne made a speech rather leaning to criminal courts, while Senator Cooke vigorously and repeatedly advocated criminal courts. The sentiment is strongly favorable to criminal courts. A member said: "Whatever is done Judge Henry B. Stevens and Dossey Battle will be judges. The people elected them and they won't be sidetracked."

This sentiment opposes an obstacle to a superior court for Buncombe because both Stevens and Moore live in Buncombe and two superior judges cannot reside in the same county.

Members are afraid to trust the governor's promise to appoint judges and solicitors. McLean, of Harnett, talked of impeachment of Russell, and was loudly applauded.

## THE REMOVAL OF THE WILSONS.

The committee considering the removal of the Wilsons are not formally agreed but have agreed that Major Wilson's so-called interest (using interest in its legal sense) was not sufficient to disqualify him as commissioner and authorize his removal. One of the committee hesitates on the legal question. He thinks the legislature should have passed an act allowing the Wilsons to sue for salary and providing that the courts should decide the question thus relieving the democratic legislature from the responsibility of either a vindication of the Wilsons or of sustaining a republican governor. The report will vindicate Major Wilson tomorrow.

## LOCOMOTIVE WRECKED

Charleston, S. C., Feb. 14.—A locomotive on the South Carolina and Georgia road was wrecked 10 miles from Charleston today and 2 men were killed and seven injured. The dead are M. B. Jackson, Mineman, Atlanta; Fred Forbes, Ypsanti, Mich. W. R. Etheridge, Macon, Ga. was dangerously injured.
