## WRONGLY REMOVED

Committee Report  
Wilson's Should be  
Reinstated.

House May Oppose Vindi-  
cation for S. Otho  
Wilson.

White's Resolution of Im-  
peachment of Judge  
Brown Expunged

Validation of Madison County Bonds  
Discussed in Committee—Scott-  
land County Bill.

Special to the Gazette.

Raleigh, Feb. 15.—Senator Osborne  
today submitted to the joint session  
of the senate and house the report of  
the joint committee on the matter of the  
removal of Major J. Ward Wilson and  
S. Otho Wilson. The report states that  
the committee did not sit in review of  
the case but to consider whether some  
of the railroad commission were dis-  
qualified. The committee finds that a  
mortgage of \$6,000 by Major Wilson  
to Colonel Andrews did not disqualify  
the major, as Andrews was amply pro-  
tected by the mortgage collateral, and  
it was not in violation of the railway  
commission act, as it does not put Ma-  
jor Wilson in the power of Andrews,  
who is vice president of the Southern,  
nor is the ownership of the Round Knob  
hotel a disqualification.

The report finds that Major Wilson's  
family did not ride on free passes;  
that while the major did so he did not  
Headenon county to take effect in  
did his deadhead express or telegraph.

The report exonerates S. Otho Wilson  
also; it finds that the leasing of the  
Round Knob was not a disqualifying  
interest. It recommends that the Wil-  
sons be reinstated and paid back salary.

Senator Justice moved the adop-  
tion of the resolution. Senator Ward  
moved postponement until Tuesday and  
the printing of 500 copies of the report.  
This was carried.

There may be opposition in the house  
to a vindication of S. Otho Wilson.

Senator Justice introduced a bill  
abolishing the office of treasurer of  
Henderson county to take effect in  
1900.

Bills passed to create additional com-  
missioners for Washington and Pam-  
lico counties; to incorporate the North

Carolina Society of Cincinnati; for the  
relief of the treasurer of Henderson  
county; to require the supreme court  
to decide all assignments of error; to  
elect directors of the deaf and dumb  
school at Morganton tomorrow; to in-  
corporate the North Carolina and

Northern railway; to exchange supreme  
court reports with Hawaii. The bill to  
amend section 590 of the code relative  
to testimony against dead persons in  
law suits was tabled.

In the house White, of Davie, asked  
that his resolution of impeachment

## NOT TO ATTACK INSURGENTS

Otis Calls in the Regiments;  
Rebels Massing near  
Pateros.

Manila, Thursday Feb. 16.—In ac-  
cordance with the policy of General  
Otis not to extend his lines about Man-  
ila any further at present, the front al-  
ready being nearly twenty-five miles  
long, portions of the California and  
Washington regiments and Haw-  
thorne's mountain battery, which were  
about to make a concentrated attack  
on the insurgents below Pateros, were  
withdrawn yesterday afternoon to  
their former positions along the river.

A thousand or twelve hundred rebels  
are reported to be massing in that vi-  
cinity. Some are coming from the north.

Lieutenant Harting, of the South  
Dakota infantry, was drowned while  
attempting to land a gun from the gun-  
boat Laguna de Bay.

## FRUIT STEAMSHIP GUES ASHORE

Accident in Buzzard's Bay—Passen-  
gers and all but One of  
Crew Saved.

Boston, Mass., Feb. 15.—The Boston  
Fruit company's steamer Admiral Dewey  
went ashore at the entrance to Bus-  
zard's bay this morning, and this even-  
ing it was reported that there was no  
hope of getting her off. The passen-  
gers were saved, as were all of the crew  
except the quartermaster, who was swept  
overboard and drowned.

## CRUISER CHICAGO SAFE

Is now at New Orleans—Barrow Es-  
cape of the Sterling.

Washington, Feb. 15.—Captain Coope,  
of the cruiser Chicago, telegraphed the  
navy department today that his ship  
had arrived safely at New Orleans.

Considerable uneasiness had been felt

for the ship owing to the storm.

The collier Sterling had a very nar-  
row escape, drifting helplessly in Dela-  
ware bay. She finally arrived at Dela-  
ware Breakwater with a hole in her  
bow.

## ANOTHER STORM IN MISSISSIPPI

Business at a Standstill in Jackson  
and Much Suffering.

Jackson, Miss., Feb. 15.—This section  
was visited by another snowstorm to-  
day, followed by heavy rain. The  
coal famine continues and there is much  
suffering among the poor. Business is  
practically dead.

## FLORIDA ORANGE CROP SAVED

Jacksonville, Fla., Feb. 15.—Conflict-  
ing reports are received concerning the  
effect of the storm on crops. The veg-  
etable crop is practically destroyed, but  
much of the orange crop has been  
saved. Pineapples and other tender  
fruit have been badly injured.

## CANAL BILL LAID ASIDE

Abandonment of Nic-  
aragua Enterprise

By U. S.?

House Refuses to Attach  
Hepburn's Measure to  
Sundry Civil Bill.

After Sharp Fight by Advo-  
cates of Government  
Ownership.

Despondent View of the Situation by  
Friends of the Canal Project—A  
Question of Expediency.

## WASHINGON, Feb. 15.—If the ASSER-

of the friends of the Nicaragua

canal project in the house are well

founded, the action of that body today

in committee of the whole by refusing

by a vote of 152 to 118 to add the Hep-

burn bill as an amendment to the sun-  
dry civil bill means the abandon-  
ment of the enterprise by the United States.

The vote by tellers was even more  
against the project, resulting 127 to  
100.

This conclusion was reached after a  
battle royal between the leading advo-  
cates of the measure and those opposed  
to it being a rider on the appropriation  
bill. There was no apparent division  
of sentiment among those who spoke as  
to the desirability of constructing the  
canal, and nearly all favored govern-  
ment ownership and control. The only  
division was as to the expediency of  
putting it on the pending bill in def-  
ence of the same.

Strong appeals of Dickey, of Mis-  
souri, and Moody, of Massachusetts, for  
the integrity of the rules doubles had  
much to do in bringing about the de-  
cision.

Bailey, leader of the democrats, did  
not clearly define his attitude toward  
the canal, but stated his preference for  
Hepburn's proposition over Morgan's.

He expressed an opinion that the house  
would, before the close of the session,  
be compelled to consider one of the  
two, and he advised that an opportu-  
nity be afforded to take it out on the  
Hepburn bill. Fleming, of Georgia, an-  
tagonized the pending proposition as ob-  
noxious under the rules. While Gros-  
venor, of Ohio, insisted that failure to  
act on the proposition meant the aban-  
donment of the enterprise by the United  
States.

SENATE PRECEDENT UPHELD.

Washington, Feb. 15.—The senate  
spent considerable time discuss-  
ing whether it would be a bad prece-  
dents to allow a bill to pass without be-  
ing read in full. Carter had reported to

the house a bill establishing a criminal  
code for Alaska, and, as the measure  
was very long, Hoar suggested reading  
in full be dispensed with. So much ob-  
jection was raised, however, that the  
attempt to consider the bill was aban-  
doned.

A bill was passed directing that a

gold medal be given to Helen Gould,

and McEnery explained that his resolu-

tion passed yesterday was not in the

interest of the sugar planters of Louisi-

ana.
