ADVANCE ON FILPINOS

Made South of the Water Works at Manila

By Detachments From the Twentieth Infantry and Nebraska and Wyoming Regiments

Two Hundred and Fifty Rebels Reported to Have Been Killed.

A Village Burned by the Americans—Another Example of Native Treachery.

Manila, March 7.—Detachments from the Twentieth Infantry, First Nebraska and the First Wyoming, with four guns of the Utah artillery, advanced this morning on the Filipinos south of the waterworks.

The Twentieth Infantry and the Nebraskans flanked the enemy's right, while the Wyoming troops attacked in front. The enemy was in strong force but after two hours' fighting they deserted the trenches and retreated to the Pasig river.

Captain O'Brien and two privates were wounded. Several of the regulars were prostrated by the heat.

The natives resumed a desultory firing in the afternoon on Wheaton's and Hale's brigades, but they were soon driven from their positions. Hale subsequently sent out a strong reconnoitering party which found the bodies of many rebels. Hale estimates that 250 of the enemy were killed.

Later the Americans again attacked the rebels and drove them across the Pasig river, but they returned soon, as our men retired from the chase. While the Nebraskans were returning the rebels fired from an ambush and killed Privates Young and Walker.

The engagement was again reopened and during the fighting Major Bell was slightly wounded.

The village of Laguig has been burned by the Americans. Another example of the native treachery was given today. Two flags of truce were displayed in front of Owenshine's brigade. Lieutenant Koebler and several men started to advance but when they discovered the flag bearers were armed and that armed natives were in ambush, they started to return. They no sooner turned than the enemy opened fire. Fortunately none of our men were hurt.

VIOLENT SPEECHES BY CUBAN ASSEMBLY

Against American Government Because it Will not Guarantee a Loan.

Havana, March 7.—The Cuban assembly again met secretly today and a number of the members indulged in violent speeches against the American government. They were greatly incensed at the statements made that the United States will not guarantee any loan the assembly may issue.

It was decided to ask Gomez to secure the support of the Washington government for the floating of the loan. The municipal government has decided to discharge all employees and replace them by Cubans from the army. The discharged employees will make a vigorous protest.

ORGANIZATION OF REGULAR ARMY

Plans Approved by President McKinley and will be Carried into Effect at Once.

Washington, March 7.—The plans of the war department for the organization of the regular army of 65,000 were approved by President McKinley today, and will be carried into effect at once. The new army will absorb 63,095 men, leaving 1,905 recruits on hand to fill the vacancies.

Each battery of artillery will contain 120 men; making each regiment of fourteen batteries 1,680 men; each cavalry troop 100 men, 1,200 to the regiment, and each infantry company 112 men, 1,344 to the regiment.

There will be ten cavalry regiments, 35 infantry and 7 artillery, making a total fighting strength of 57,360.

The commissioned staff and bands will number 1,375, and the other enlistments (signal corps, hospital corps, etc.), 4,360.

Enlistments are now being made at an unprecedented rate, many volunteers now being mustered out in the southern camps are now being enlisted as regulars. They will receive credit for their volunteer enlistments, thus enabling them to receive continuous service pay.

Nearly all the new recruits have asked to be assigned to regiments going to the Philippines.

SENATORIAL DEADLOCK ENDED

M. L. Hayward, a Wealthy and Retired Lawyer, Gets the Nomination in Nebraska.

Lincoln, Neb., March 7.—The senatorial deadlock was ended tonight in a caucus when M. L. Hayward was nominated. His election in the joint convention tomorrow will follow, as the republicans have a majority of eighteen. Hayward is a wealthy and retired lawyer.

ENGLAND AND FRANCE TO AGREE IN AFRICA

Settlement of the Fasboda Affair is Near at Hand.

Paris, March 7.—An inspired communication to the press announces negotiations with Great Britain for a settlement of the Fasboda affair, which will probably result in a settlement in a fortnight. The arrangement will grant France an outlet for her Congo and Ubanghi possessions through the Nile valley.

ALL VOLUNTEERS TO RETURN HOME.

Washington, March 7.—The president will order all volunteers to be brought from Cuba at once, and volunteers in the Philippines to return as soon as regulars can be sent to take their places.

BANK TRIAL HAS BEGUN

Jury Quickly Selected in the Case of Wm. E. Breese.

The Demurrer to Strike out Embezzlement Charges Overruled.

Samuel T. Dorsett First Witness Examined by the Prosecution.

He Will be Questioned by Defense Today—Dickerson Asks to See Deposit Slips.

The trial of William E. Breese was begun in the Federal circuit court yesterday morning. The government was represented by District Attorney Holton, Judge Bynum, and Assistant District Attorney Spencer Blackburn. For the defense there were Senator J. C. Pritchard, Moore & Moore, J. S. Adams and Tucker & Murphy. The crowd of spectators more than filled the court room.

As soon as the witnesses had been called, Mr. Adams arose and announced that the defense was ready, although there were a few motions counsel wished to make. He then read a demurrer to the bill of indictment, which asked that the twenty-two counts which related to alleged embezzlement be stricken out, because they did not describe with sufficient particularity the money embezzled. The character and demurrer should be given. Money, funds and credit were named in each of the counts referred to, and he said that this was a paradox to a certain extent, because the funds were the opposite of credit. The court allowed twenty minutes for argument on the demurrer.

Judge Purnell in announcing his decision, said that the federal court had decided that the particularity required in bills of indictment under the old common law had been abolished, and he felt compelled to over-rule the demurrer.

The record showed that the case to be tried was properly constituted in the district court, and he asked that it be transferred to circuit court, as both courts had been declared open and the case could be tried in one as well as in the other. He said that neither side would be injured by such a transfer and that a great many inconveniences would be obviated. Another reason was that Judge Goff would be here next week and that he could sit with Judge Purnell on the case.

The government objected to the transfer. Judge Purnell said that he would like to have Judge Goff sit with him, but as he could see no reason for transferring the case, he would refuse the request.

Defendants excepted.

GETTING THE JURY.

The master of selecting a jury was then taken up. The following were called: J. B. Smathers, F. P. Roberts, C. M.

WANT VAN WYCK FOR PRESIDENT

Proposed Candidate on a Platform That Will not Say a Word for Silver.

New York, March 7.—Representative Catchings, of Mississippi, arrived today and talked with a number of his democratic friends. His visit is one of many which prominent southern democrats have made here recently and gives rise to interesting political gossip. These democrats have made it their business to call on Augustus Van Wyck, whom Croker ran for governor last fall, and to assure him that if his friends can control the next convention, he will be nominated for president.

Democratic visitors from the south say that Gorman is himself a candidate but merely for the purpose of defeating the aspirations of Bryan, who is said to have not treated Gorman kindly in the last campaign. But they also say that Van Wyck has a greater strength than Gorman in the south. Van Wyck is a southerner and served in the confederate army.

Another feature of the democratic controversy brought out by these visits is that Bailey, of Texas, has never been considered a Bryan man. Bryan, it is said, is coming east soon to boom Dearmond for the democratic leader of the next house against Bankhead, Bailey's candidate, and upon the result of this fight many things in the next democratic convention will rest.

Bryan is said to be losing ground in the west, and as the political doctrine of Bryan's enemies in the east and south is anti expansion and anti trust, with not a word as to silver, Van Wyck will go into the convention with a mighty following.

BILL ARP'S GOLDEN WEDDING.

Celebrated Last Night at His Suburban Home at Cartersville, Ga.

Cartersville, Ga., March 7.—Bill Arp and his wife (Mr and Mrs. Charles H. Smith), are celebrating their golden wedding here tonight amid gay revelry at "Shadows," the suburban home of the well known southern humorist. The old couple are receiving congratulatory letters from prominent people. Wm J. Bryan has written on behalf of himself and wife, and Frank L. Stanton, the southern poet, has also sent congratulations.

A FRUIT TRUST ORGANIZED

To be Known as the Southern Banana Exchange.

New Orleans, March 7.—Six leading fruit importing firms of New Orleans and Mobile organized a trust today under the title of the Southern Banana exchange. They include all except two of the importers on the gulf coast. Members of the exchange say it is organized to reduce expenses, and to do away with middlemen and arrange for a better distribution of fruit in the interior.

CLOSING SESSION

The State Legislature To Adjourn at Noon Today.

A Short and Uneventful Session Held Yesterday.

The Graduated Income Tax on Railroads Killed.

The Machinery Act Goes Through—The Soldiers Home Gets \$5,000

Special to the Gazette.

Raleigh, March 7.—The house, strange to say, did not hold a long session this morning. It passed bills to incorporate the State Council Junior Order United American Mechanics; to provide for marking the graves of confederate soldiers; to appropriate \$52,000 for the maintenance of the deaf, dumb and blind institution, and \$15,000 for buildings; \$40,000 for maintenance and \$7,500 for buildings at the deaf mutes' school at Morganton; \$90,000 for the maintenance of the hospital for the insane at Morganton and \$4,000 for buildings; to allow state treasurer to lend the state normal school \$2,500; to protect trout in Linville river in Burke and Mitchell counties by preventing the dumping of sawdust in the river.

The resolution of Holland that R. H. Jones, member of the agricultural board, who assaulted Gaston Powell, member from Wake, in the rotunda yesterday, be arraigned before the house for contempt caused some discussion. It was argued by McLean, of Harnett, that this was not a contempt of the house, as it was not in the chamber. Speaker Connor believed it was since it was an attack on a member while on duty. Finally because of lack of time the resolution was tabled. The usual bill to pay the chief journal and reading clerks \$75 extra for services was introduced by Mr. Julian. There was such a fire on it, however, that he withdrew it. Prof. W. M. Davies, of Asheville, also had up a little bill to give him \$50 for voluntary services rendered in the house engrossing office before he became an assistant enrolling clerk. This was promptly defeated.

The house passed the bill appropriating \$5,000 for a statue to Vance. Mr. Ray, of Macon, said that he had introduced the bill to provide for the purchase of Vance's picture (which by the way, he said, was fully paid up) and he admired Vance but thought that the next generation should erect the monument. Mr. Winston said the propitious time was now. Mr. Moore did not think the amount sufficient. Mr. Craig said that there should be monuments in the capitol square to Mangum and Badger and other great men. The only monument to Vance, he said, was in Asheville, and it was erected largely by Mr. Pack, a generous northern man.

Mr. Ray offered an amendment to
