VOICES FROM NORTH CAROLINA.

J. S. Carr, Durham, N. C. (President of Blackwell's Durham Tobacco Company):

"I am satisfied that Tate Spring Water is one of the finest mineral waters in this country for dyspepsia, disordered stomach, impaired digestion, etc."

Judge Henry R. Bryan, Newberne, N. C.: "It does me more good than any water I have ever used."

Mrs. M. A. Jackson, wife of General Stonewall Jackson, Charlotte, N. C.: "I can truly testify as to the efficacy of your remarkable water."

GOV. BOB TAYLOR TALKS.

R. L. Taylor, governor of Tennessee, Nashville: "I regard Tate Spring as the best on the continent."

ONLY RELIEF FOR THE ARKANSAS DOCTOR.

G. M. D. Cantrell, M. D., Little Rock, Ark.: "I have great faith in Tate Spring water. It was the only agent I found that gave me relief of chronic malaria."

EXCELS ALL OTHERS SAYS THE TENNESSEE DOCTOR.

W. A. Bickford, M. D., Memphis, Tenn.:

"My experience at Tate Spring last summer convinced me that for dyspepsia, indigestion and constipation Tate water excels all others known to me, and I have visited most of them in the United States."

PITTSBURG'S GREAT BANKER

Thomas A. Mellon (of Mellon Bros., bankers), Pittsburgh, Pa.: "I believe there is no water in the country equal to Tate's for the cure of neuralgia, as well as dyspepsia and liver troubles."

INFALLIBLE CURE FOR DYSPEPSIA.

David Kirk, president of McCalmont Oil Company, Pittsburgh, Pa.: "I believe Tate Spring water is an infallible cure for dyspepsia."

WEIGHED 141, NOW WEIGHS 210.

James Carter, water commissioner, Lockport, N. Y.: "I suffered for over two years with kidney and liver troubles. Four doc-

tors predicted my dissolution. Tate Spring water gave me my first relief. Then I was sick and weighed 141 pounds. Now I am a well man and weigh 210 pounds."

EX-GOVERNOR AND CONGRESSMAN COMMENT IT.

Ex-Governor R. L. Ligon, Montgomery, Ala.:

"I consider Tate Spring water the best mineral water in the United States for dyspepsia, indigestion and liver complaints."

Hon. A. H. Pettibone, M. C., from First congressional district of Tennessee, Greenville, Tenn.:

"I was called suddenly to Ohio to see, as was expected, a sister die. She was given up as utterly incurable. Torpidity of the liver and confirmed dyspepsia was the cause. The two barrels of Tate water you have sent her have cured her."

EFFICIENT TONIC.

T. M. Miller, Vicksburg, Miss., Feb. 17, 1899: "I commend the Tate Spring water as the most efficient and agreeable tonic of which I have any knowledge."

EQUAL TO CONGRESS WATER.

R. T. Hargrove, Rome, Ga.:

"When used before breakfast or upon an empty stomach, two goblets full act upon the secretories equal to a bottle of the best congress water."

CURED AFTER SPENDING THOUSANDS.

George W. Root, Jamestown, N. Y.:

Feb. 8, 1894: "Having spent thousands of dollars and traveled all over Europe and America visiting the various springs and sanitariums in order that I might receive relief for the ailments of the liver and stomach, at your suggestion I used the water after returning home. I am permanently cured."

James C. Kellogg, New York city, No. 325 W. 57th street:

"I consider Tate water to be invaluable in all diseases connected with a failure of nutrition, in dyspepsia, biliousness, anaemia and many nervous disorders brought on by a reflex action."

IT SAVED HIS LIFE.

E. L. Geer, Washington, Pa.:

"It saved my life beyond a doubt."

THE NEWSPAPER MEN DRINK TATE.

R. A. Hemphill, Atlanta Constitution, Atlanta, Ga.:

"I greatly appreciate Tate water and highly recommend it."

BETTER THAN CARLSBAD OR KISSGENG.

A. Strauburger, Montgomery, Ala.:

"Neither Carlsbad nor Kissengen benefitted me as much as the visit to my Eldorado, Tate Spring, in 1897."

CURED PAIN IN BACK.

H. E. Blakelee, Olean, N. Y.:

"All locomotive engineers who have pain in the back when standing erect should use Tate water. It permanently cured me of that infirmity."

THE GREATEST WAGON AND CARRIAGE BUILDER IN THE WORLD.

J. M. Studebaker, South Bend, Ind.:

"I believe there is no spring in America that contains the healing qualities that Tate Spring does."

NAVAL DEMONSTRATION.

Washington, March 10—Next Tuesday the inhabitants of the little port of Puerto Cortez, on the gulf coast of Honduras, will see anchored in their harbor, for the first time probably, the entire North Atlantic squadron of the United States. Admiral Sampson will go here directly from Havana, and possibly the appearance of the ships may stimulate the Honduran government to action in the case of the murder of Mr. Pears, a native of Pittsburgh, Pa., who was shot by a sentinel on account of his ignorance of the Spanish language. The commander of the Machias has been looking into the case, but it is supposed that the Honduran government has neglected our request to investigate it.

Muskrats.

Rare old Captain John Smith in his quaint "History of New England and the Summer Isles," published in London in 1624, gives probably the first written account of the muskrat. He says that "the muskassens is a beast of the form and nature of our (English) water rat," and he adds, "some of them smell exceedingly strong musk." These animals may be caught in almost any sort of a trap baited with sweet apples or parsnips. Muskrats have very strong teeth and can use them on wood effectively, so it is wise to protect all corners and cracks in your wooden traps with pieces of tin or sheet iron. They have good noses, and can smell an apple a long distance off. Place your traps in the shallow water at the edge of the mill pond or stream inhabited by these rats and they will doubtless find it without difficulty. Young muskrats are very gentle and playful, and may be handled without fear. They do not grow fierce with age if reared in captivity and accustomed to gentle treatment.—Harper's Round Table.

SPREADS LIKE WILDFIRE.

You can't keep a good thing down. News of "the best" travels fast. When things are "the best" they become "the best selling." Abraham Hare, a leading druggist of Belleville, O., writes: "Electric Bitters are the best selling bitters I have ever handled in my 20 years experience." You know why? Most diseases begin in disorders of the stomach, liver, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. What Becomes of Pins.

An old gentleman in the north of London has been making a series of interesting experiments with a view to finding a solution to the question often asked "What becomes of the countless myriads of pins, etc., that are annually lost?" As he expected, he finds that it is the integrating effects of the air which resolve even these intractable little instruments into their elements. He put some hundreds of brass and steel pins, needles, hairpins, etc., in a quiet corner of his garden, where they would be subject to all the destructive agencies of dampness, earth, wind, etc., although secure from the predatory hands and disturbing feet of inquisitive intruders.

The results are curious. Ordinary hairpins were the first (taking 184 days on an average) to oxidize into a brownish rust-ferrous oxide—which was scattered by the wind as it was formed, and not a trace of a single one could be detected at the end of seven months. Common bright pins took as long as 18 months before their combustion was complete, but brass ones had been entirely turned into green verdigris long before that.

Polished steel needles of a small size lasted a very long time (over two years and a half), but a black lead pencil proved itself to be practically indestructible, both cedar and plumbago being almost as good as when new, even though harder things had quite rotted.—London Standard.

Happy is the man or woman who can eat a meal without suffering afterward.

If you cannot do it, take Kodol Dyspepsia Cure. It digests what you eat, and cures all forms of dyspepsia and indigestion.—Paragon Pharmacy.

HOW TO FIND OUT.

Fill a bottle or common glass with your water and let it stand twenty-four hours: a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too free desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidney, liver, bladder and every part of the urinary passages. It corrects inability to hold water and soaking water in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up at night, and the extraordinary effect of Swamp Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. At druggists fifty cents or one dollar. You may have a sample bottle and a book that tells more about it, both sent absolutely free by mail, if you send your address to Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure and mention that you read this generous offer in the Asheville Daily Gazette.

GLEANINGS.

Arabic coins have a sentence from the Koran, and generally the caliph's name, but never an image.

The Unter den Linden in Berlin is the best illuminated street in the world. There are in it three rows of electric lights.

It is said that the gambling rooms at Ostend made a profit of nearly \$150,000 last season. An Englishman lost \$50,000 at one of the tables and a Russian \$43,000.

In China there is no regular standard of distance. A Chinese mile may be from a quarter of an English mile to a mile and three-quarters, according to the province. You can find almost anything in a second-hand store, but the half century old gravestone which stands in the front window of a Lewiston (Me.) second-hand store is about the oddest yet.

"What am I in for?" is what the inebriates say when they wake up in cells at the city hall police station in Lewiston, Me. "For instance," says the officer in charge, and the inevitable reply is, "For heaven's sake, what is that?"

An Expert.

The other day a young man applied for a position in a local drug store and the following conversation took place: "Ever work in a drug store before?" "Yes, sir."

"Where?" "New York."

"How long?" "Five years."

"What were you doing?" "Turning pleplant into Turkish rhabarb."

MILLIONS GIVEN AWAY.

It is certainly gratifying to the public to know of one concerned in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine, and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on T. C. Smith, W. C. Carmichael and Pelham, druggists, and get a trial bottle free. Regular size 50 c. and \$1. Every bottle guaranteed, or price refunded.

Ladies desiring a contented and happy old age should use Simmons Squaw Vine Wine or Tablets, commencing at 40 years old and continue during "change of life."
