

Why not be well?

If you are suffering with any disease of the Kidneys, Bladder or Urinary Organs, Dr. David Kennedy's Favorite Remedy will make you well again. It has cured cases that bordered on the miraculous.

It quickly cures men and women of inability to hold urine, and they are not compelled to get up often and make water at night. It removes the scalding sensation in passing it, and, when taken according to directions, it invariably cures pains in the small of the back.

Favorite Remedy not only cures Stone in the Bladder and Bright's Disease, but prevents them from developing. One case is that of JOHN J. NEILL, of 3011 North Eighth Street, Philadelphia, Pa. In 1889 he began to suffer indescribable miseries from Stone in the Bladder. An eminent physician said a surgical operation was necessary. If unsuccessful it meant death, and Mr. Neill put off the evil day as long as possible.

While in this frame of mind he heard of Dr. David Kennedy's Favorite Remedy, and bought it. Before he had finished the third bottle the gravel was completely dissolved and his sufferings were at an end.

Favorite Remedy is a perfect Blood and Nerve medicine. It restores the liver to a healthy condition, cures the worst cases of Constipation, and all diseases peculiar to females. It cures Scrofula, Salt Rheum, Rheumatism. Your druggist will sell you a regular full-sized bottle for \$1.00.

Sample Bottle Free.

Those sufferers who wish to try Favorite Remedy before buying should send their full postoffice address to the Dr. DAVID KENNEDY CORPORATION, Rondout, N. Y., and mention this paper. A free sample bottle will be sent them prepaid, together with full directions for using. This is a genuine offer, and all our readers can depend upon it.

An External Tonic Applied to the Skin Beautifies it as by Magic.

THE DISCOVERY OF THE AGE

A WOMAN WAS THE INVENTOR.

Thousands have tried from time immemorial to discover some efficacious remedy for wrinkles and other imperfections of the complexion, but none had yet succeeded until the Misses Bell, the now famous Complexion Specialists, of 78 Fifth Avenue, New York City, offered the public their wonderful Complexion Tonic. The reason so many failed to make this discovery before is plain, because they have not followed the right principle. Balms, Creams, Lotions, etc., never have a tonic effect upon the skin, hence the failures.

The Misses Bell's Complexion Tonic has a most exhilarating effect upon the cuticle, absorbing and carrying off all impurities which the blood by its natural action is constantly forcing to the surface of the skin. It is to the skin what a vitalizing tonic is to the blood and nerves, a kind of new life that immediately exhilarates and strengthens wherever applied. Its tonic effect is felt almost immediately, and it speedily banishes forever from the skin, freckles, pimples, blackheads, moth patches, wrinkles, liver spots, roughness, oiliness, eruptions, and discolorations of any kind.

In order that all may be benefited by their Great Discovery, the Misses Bell, during the present month, give to all callers at their parlors one trial bottle of their Complexion Tonic absolutely free; and in order that those who cannot call or who live away from New York may be benefited, they will send one bottle to any address, all charges prepaid, on the receipt of 25 cents (stamps or silver) to cover cost of packing and delivering. The price of this wonderful tonic is \$1.00 per bottle, and this liberal offer should be embraced by all.

The Misses Bell have just published their new book, "Secrets of Beauty." This valuable work is free to all desiring it. The book treats exhaustively of the importance of a good complexion; tells how a woman may acquire beauty and keep it. Special chapters on the care of the hair; how to have luxuriant growth; harmless methods of making the hair preserve its natural beauty and color, even to advanced age. Also instructions how to banish superfluous hair from the face, neck and arms without injury to the skin. This book will be mailed to any address on request.

FREE Trial Bottles of Wonderful Complexion Tonic free at parlors, or 25 cents (cost of packing and mailing) to those at a distance.

Correspondence cordially solicited. Address:

A LITTLE PESSIMIST.

The sad little princess sat by the sea. "Alan," she sighed, "and slandering!" And she rested her head upon her knee, And her eyes gazed dreamily far away.

"All of my fairy tales end the same— They lived, and they loved, and then they died— The wicked enchanter's always to blame. Oh, for something quite new!" she cried. "I'm sick of my dolls with their china eyes. I'm sick of recipes of giants and things. I'm tired to death of castles and pies. I hate my crown and my golden rings."

And then her nurse felt of the royal head, Looked at her tongue in a knowing way. "Your highness had better come home to bed. You've eaten too many plum tarts today." —Isabel de Witter Kaplan in Ladies' Home Journal.

THE NEW DRUG CLERK.

A Prescription That He Filled and the Effect It Had.

My faith in the efficacy of medicines has had a fearful shock—a stunning blow—from which it will be long in recovering. In one of the apartment houses here in town there is a drug store. Its proprietor is a young man, recently graduated from whatever it is druggists are graduated from, and he keeps the shop with the assistance of a very young man, a brash young man.

One evening not long ago an irascible man came in with a prescription. He wanted it put up at once, and he was one of those men who want whatever they do want very much indeed. The assistant was alone in the shop, and when he began to explain that delay would be unavoidable the quick tempered man made ready to leave in a rage. The assistant couldn't let the chance slip. He took the prescription, stepped behind the screen, dashed out the back door and ran to the next drug store. He made a copy of the prescription, and returned to the next corner where he was somebody's death. Back ran the assistant. He simply couldn't lose the customer now. He looked at the prescription. Only two words were on it intelligible to him—"Aqua Pura." He made them out. Quickly he held the bottle under a cold water faucet, filled it, added a few drops of two or three harmless drugs, pasted a label on and a moment later presented the bottle to the waiting customer. Ninety cents a what he charged for it. To himself he argued that the doctor, seeing no improvement in the patient, would change the medicine in a day or two. In the meantime aqua pura could not do any harm. He hadn't run the risk of poisoning anybody, and possibly the second prescription would be presented. April 8th, 1899, in another 90 cents cheered him up considerably. Three days later the irascible man came in again.

"Say," he said to the proprietor, "that medicine you put up for my wife the other day was great stuff—acted like a charm. She wants another bottle of it to keep on hand."

Then the assistant said a few words in private to the proprietor and showed him

A Modern Photograph Gallery.

Many people desire satisfactory photographs of themselves and their families and would have them taken oftener if they did not dread the taking. Here it is pleasant all the way through, a skillful operator, in a well equipped studio, every thing ready, gets your picture almost before you are aware of it.

He does it quickly and pleasantly, knows exactly what to do and does it without any wearisome fussiness.

Most of us have a few relatives, although we do not visit them very assiduously. Send our customers like their first proofs we show them, in fact, they rarely do otherwise, and as a rule all re-sittings are at our request. We realize that the better pictures we make the more business we will get, and are therefore very particular to have them good.

If a picture doesn't suit, we make another. No arguing, no trying to get you to take it. We won't do poor work at any price. We have only one grade of pictures, and that the best that we can make, and the difference in prices are regulated by size and style of mount.

Every part of the work is well done, from beginning to finish. We make the same pains and use the same kind of material in developing and finishing work for amateur photographers. Free instruction in picture making with kodaks. Kodaks loaned free of charge.

THE POULTERER.

Leghorns and Brahmas do not thrive well together.

It rarely pays to try to cure a bad case of crop or of egg bound. Kill and burn the hen.

If the fowls have bowel disease, change the food for a day or two and also change the grit.

Having, small rangers, clean of limb and having, wide combs, are the fowls for the farmer.

Even in winter the material in the nests must be changed occasionally to insure cleanliness.

In winter the laying hens must have bulky food. Give them all the cut clover hay they will eat.

Poultry that is dry picked is not only nicer in appearance, but will keep sweet for a longer time.

Feathers on the legs, large combs and warts and heavy crests do not add anything to the egg production.

Put an old cock, not over 3 years, with the laying pullets and a fully matured, well developed young one with the old hens.

The constant handling of eggs during incubation is often the cause of their falling to hatch. The grease on the hands closes the pores. Never handle them any more than is strictly necessary.—St. Louis Republic.

"Give me a liver regulator and I can regulate the world," said a genius. The druggist handed him a bottle of Devitt's Little Early Mornings, the famous little pills.—Paragon Pharmacy.

NOTICE OF SALE.

By virtue of the power contained in a certain mortgage executed by J. B. Cain to the Battery Park Bank to secure the payment of certain notes described in said mortgage, which said mortgage is recorded in book 41, page 66 of the record of mortgages in the register's office of Buncombe county, and in book 12, page 43 of records of mortgages in the register's office of Henderson county, reference to which is hereby made, default having been made in the payment of said notes, The Battery Park Bank will sell on Saturday, April 8th, 1899, in front of the court house door in Asheville, N. C., by public auction for cash, the following described property, to-wit: All the property, personal, real and mixed, which the said J. B. Cain purchased from A. Rankin, receiver of the Buncombe Brick and Tile Company on the 2nd day of May, 1895, by deed registered in the office of the register of deeds of Buncombe county, North Carolina, in book 33, at page 53 of said record, and as described as follows: All machinery, tools, utensils, fixtures and equipments appertaining to or used in connection with the operation of the plant formerly belonging to The Buncombe Brick and Tile Company in the manufacture of brick, together with the lease or term for years of the land on which the said plant is situated, at Fletcher's, N. C., in the county of Henderson, said State of North Carolina, said property being more particularly described as follows: A fine young orchard of about one hundred bearing apple trees. The entire tract is well adapted to produce, grass, clover, rye, oats, corn, cabbage, potatoes and other root crops in abundance. About 50 acres are cleared, 25 acres of which is creek bottom, very fine meadow land, balance finely timbered. One half acre of native forest. CATARRH

With the following Symptoms.

Enlargement of the soft bones of the nose, thickening and ulceration of the lining membrane, with its constant discharge of unhealthy mucus and pus; breath tainted, hawking, expectorating, nosebleeding, headaches, partial deafness, noises in the head, deafness and impaired vision,

CAUSED BY

Poisoned Condition of the Blood

CURED BY

Botanic Blood Balm

(B. B. B.)

THE GREAT BLOOD REMEDY.

Catarrah is due to an impure condition of the blood and to one of the innumerable offshoots of blood poison. It may have come from a long way back in the family history, but the general opinion among medical men, is that catarrah is the offshoot of poisoned blood, producing bad breath and the above named symptoms. The fact is admitted by all that it is only curable by constitutional treatment. Botanic Blood Balm (B. B. B.) has scored some brilliant victories in the cure of this loathsome malady, and why? Because B. B. B. when taken as directed mixes with the poisons in the blood which produce catarrah, so as to cause the poison to be expelled from the blood through the sweat glands and excretory organs. R. R. Sauter, Athens, Ga., writes us not long ago: "I was surprised to observe how agreeable his breath had become since using only three bottles of B. B. B. He was also able to hear better. Mrs. Lulu Banks, of Alabama, writes us that a friend of hers since using six bottles of B. B. B. had the mucus discharge which she had through the nose and nose had stopped and that she was able to breathe freely and talk without offending any one with her bad breath. A remarkable case is that of Mrs. Elizabeth Knott, of Atlanta, which we print in full.

Discharge Copious and offensive

Entirely Cured by B. B. B.

"For four years I have been afflicted with a very troublesome nasal catarrh. So terrible has its nature been that when I blew my nose small pieces of bone would frequently come out of my mouth and nose. The discharge was copious and at times very offensive. My blood became so impure that my general health was greatly impaired, with poor appetite, and bad digestion. Numerous medicines were used, but relief until I began the use of Botanic Blood Balm—B. B. B.—and three bottles acted almost like magic. Since its use, after a year ago, not a symptom has returned and I feel in every way quite restored in health. I am now a citizen of Atlanta, and refer to almost any one living on Butler Street."

MRS. ELIZABETH KNOTT, Atlanta, Ga.

The Deaf Hear.

That sounds miraculous, and yet one may become temporarily deaf on account of catarrhal blood-poisoning settling in the ear and then find quick relief by using B. B. B., Botanic Blood Balm. John W. Weeks, Decatur, Ga., writes:

"Six months ago I had a pain in my ear, and in a few days it discharged matter. Then I grew deaf and could not hear at all. I began the use of Botanic Blood Balm—B. B. B.—and the running of my ear soon ceased, and I now hear while my health is much improved, and I feel full of gratitude to God and the proprietors of so good a remedy."

As a blood purifier B. B. B.—Botanic Blood Balm—has no equal. One bottle of it contains more curative virtue than a gallon of the many so called blood purifiers. Buy the original and be on the safe side. Beware of substitutes and insist on having the reliable B. B. B. Then you are sure of a cure.

Botanic Blood Balm (B. B. B.) is a scientific vegetable compound used by Dr. Gilliam in his private practice for blood diseases, such as old sores, scrofula, boils, blood poisons, etc. It cured so many people that it was put on the market and is for sale by all druggists at \$1 per large bottle. It has always enjoyed a large sale because it

Cures! Cures! Cures!

even after everything else had been tried in vain. Book of cures sent free of charge.
