Mr. Dorsett also went over Mr. Dickerson's account during the month of June, the books showing that his account and that of J. E. Dickerson & Co., had been constantly overdrawn. The accounts for the month of July had already been gone over with.

Mr. Dorsett was asked to give the aggregate amount of checks drawn by J. E. Dickerson & Co., in favor of J. E. Dickerson from April, 1896, to July 30, 1897.

An objection was entered by Senator

BOARD OF ALDERMAN.

Considerable Business was Transacted at Last Night's Meeting.

At the meeting of the board of aldermen last night Charles A. Webb, chairman of the city democratic executive committee, submitted an order for the approval of the board, calling for a new registration of the voters of the city. It was accepted and passed as an order.

City Attorney D. M. Luther reported on a receipt to be given Mrs. Burgess, that he thought it unwise to give any. Everything must be given to an administrator of the Burgess estate.

The city attorney gave as his opinion of the ordinance submitted by Alderman Wood last Friday night, that it was unconstitutional. He was ordered to draft a constitutional ordinance covering the same ground as nearly as possible, and submit it to the next meeting.

The residents on Buxton street asked to have a sewer laid on Robert and Buxton streets. They promised to put in a sewer at their own expense and be reimbursed by the taxes on their property as they fell due. It was promised to make a recommendation to the succeeding board that this be done.

Major H. C. Hunt complained of being blocked on Aiken street by telephone poles, and of the bad condition of the sidewalks and the street. The board ordered the Bell company to move its poles into a line with the street, and ordered the street department to repair the walk, etc.

The residents in the vicinity of South Main street, between Aiken and Southside avenue, complained that the bill boards on South Main are a nuisance. The chief of police was ordered to investigate and report.

The water superintendent reported that Hans Rees' Sons have consented to put in a four-inch meter and have sent for one.

The citizens of Victoria wish to tap the city water main at McDowell street with a four-inch main. This was referred to the water committee.

An arc light at Walnut and South Main streets was petitioned for. No action.

Mrs. Cornelia C. Pleasants, at 119 French Broad avenue, wants the city to build a stone wall at the front of her yard to keep the bank from caving in. No action.

It was ordered to pay T. W. Calloway, injured in the dynamite explosion at the quarry, \$2.50 per week for four weeks.

J. J. Brown was granted a building permit for an eight-room frame building, with stone foundation and water and sewer connections on Loco street.

Mrs. A. J. Jay was granted a building permit for a five-room frame building on Oakdale street.

The election by Hook and Ladder company No. 1 of W. M. Brown as a member was confirmed.

en, asked to have half of the license refunded. No action.

The following bills were allowed: T. W. Calloway, \$2.50; W. C. Stradley, \$2.10; Dr. Glenn, \$7; Palace market, \$5.48; J. M. Lorick, \$1.50; Cyrus Thompson, \$11; Carnamers, \$20; B. J. Spivey, \$3.36; carriage hire, \$1; sanitary pay roll, \$74.76; water pay roll, \$23.05; street pay roll, \$29.16.

The board then went into executive session to devise ways and means.

SIGMA ALPHA RECEPTION.

Many Guests Entertained by the Mysteries of Gypsy Land.

The Sigma Alpha society of the Asheville College for Young Women held a very pleasant reception yesterday from 4 to 10 p. m.

The feature of the reception was the representation of gypsy land. The young ladies were costumed to represent gypsies, and their costumes were varied and unique. Inside the door of the college a tent was represented, in charge of two gypsies, whose hands you must cross with silver to gain admittance to Gypsy Land. Passing through the tent, the guests found themselves in Gypsy Land. The rooms were all tastefully decorated in green. The gypsy queen and fortune teller, Endora, sat in her booth at one end of the room, and was the center of attraction for many of the guests during the entire reception. The gypsy kettle, from which the coffee was served, was also a source of wonderment. Two gypsies had charge of the refreshment booth, and dispensed excellent home made candy and delicious lemonade. All the candy on hand was disposed of early in the evening. Refreshments were passed to the guests by four other gypsies. Miss Lida Wilson, Miss Edna Babb and Miss Bessie Johnson furnished music on mandolin, guitar and piano during the afternoon and evening.

In the evening a short program was rendered which was much appreciated. Miss Harriett Boone delivered a recitation, Miss Rhea Featherston executed a violin solo, and about thirty Sigma Alpha girls joined in singing the society song. This song was particularly admired. It is a home production and was presented to the society.

The society colors, white, green and gold, were in evidence everywhere. The refreshment booth was decorated with the colors of Company A and Company B of the Bingham school.

The attendance was very large and the society was well pleased with the success of the undertaking. The guests were even more pleased with the entertainment they received.

SUPERIOR COURT.

The only case of any importance tried in the superior court yesterday morning was that of E. J. Morgan et al. vs. Silas Morgan. This is an action involving the title to a large tract of land on Hominy creek in this county. The trial will be resumed this morning.

THE FRIENDLY COUGH.

"Stopping" a cough kills a sentinel who warns us of danger.

IGNORANCE

friend. Cough is associated with sleepless nights and wasting disease; yet cough is friendly. It warns us of trouble. Cough stands guard at the breath pipe. It is a sentinel always awake. Stopping a cough too quickly is wrong and does harm. Quick cough medicines are dangerous. When cough appears it is the condition that must be cured and the cough stops. Lulling the sensitiveness of the nerves lets the discharges of a cold into the lungs.

Per-u-na cures the condition and the cough ceases. Per-u-na operates directly to heal the congested membranes and assist nature. Dr. Hartman's treatment of throat and lung diseases has made him famous. His unvarying success is due to his great prescription, Per-u-na, which may be secured of any druggist. Write to the Per-u-na Medicine Co., Columbus, O., for Dr. Hartman's book called Chronic Catarrh. It is mailed free, and contains a full explanation of cough and all diseases of the mucous membrane. The battle is half won when these things are understood, and Dr. Hartman's book is clear and practical.

Mr. W. T. Powell, Clarrington, O., editor and publisher "Independent," writes the following letter:
Dr. S. B. Hartman, Columbus, O.

I was taken sick last February with bronchitis and catarrhal fever. My head was in a terrible condition—could neither see nor hear scarcely—and my lungs were badly affected, being so tight and sore I could hardly breathe. I coughed almost constantly. For two months I tried our local physicians. All the cough medicines I could get hold of, and many other remedies which were recommended to me. Finally I concluded to try Per-u-na. I had not taken half a bottle until I began to improve. My lungs were relieved of their soreness and tightness and my cough stopped entirely. I used three bottles of it and was entirely cured, and feel better than I have for years.—W. T. POWELL.

There is probably no remedy so safe for la grippe or so certain to cure it as Per-u-na. Neither is there anything mysterious about the way it goes to work. Per-u-na contains no narcotic or nerve of any kind. It is entirely vegetable. It cures cough by curing the membranes. The same process cures catarrh permanently. Catarrh may exist in any organ of the body. Thousands of letters are on file from people Per-u-na has cured. A book full of them sent free.

Special Letter

DR. PRESTON WILL REMAIN.

Consumption Specialist has Decided to Continue in Asheville.

Will not Take Contemplated Vacation in May.

When Dr. Preston first came to Asheville and published to the world that he could destroy the germ of consumption in 21 days, every body believed his claims preposterous, and thought them too good to be true, but he has demonstrated the fact, time and again, and now, there are few intelligent people in Asheville, (that are liberal minded enough to investigate his treatment) that would say aught against it, but on the other hand, they recommend it, of the number he has treated for consumption, all but three, were in the third stage, with a cavity in one, or both lungs, and they are improving rapidly. They are living witnesses, walking and talking, and advising all those afflicted with consumption, to do as they did, take his treatment and be cured and saved from a lingering death. The doctor can cure you in any stage, if Bright's disease has not set in, which disease is common in third stage cases. Dr. Preston wishes to announce that he will not leave on his vacation in May, but has decided to make Asheville his permanent home.

GOLF TOURNAMENT.

The Preliminaries Were Closely Contested, and the Scores Very Good.

The preliminaries of the ladies' golf tournament were played yesterday afternoon. Miss Newbold and Miss Campbell qualified for the semi-finals to be played this afternoon.

The game was intensely interesting and very closely contested throughout. Miss Campbell and Mrs. Alexander played a closer game than any of the others, Miss Campbell winning 2 up. Their medal score was Miss Campbell, 66, and Mrs. Alexander, 67, which is very good playing for eighteen holes. Miss Campbell was warmly congratulated for winning from so formidable a contestant.

At the conclusion of the Misses Campbell served a much appreciated tea. One of the largest crowds that has been on the grounds for a long time watched the game, and especially the match between Miss Campbell and Mrs. Alexander.

The semi-finals will be played this afternoon, commencing at 2:30. It will be eighteen holes match play, and a most interesting game is looked for.

New markers for the holes were put in yesterday and are a decided improvement. They are the best to be found on any links.
