We have just received the largest assort-

on May 2, under the supplemental ection law for cities and towns. A ommittee has been appointed to ask retary of war to muster out the First regiment at Raleigh. It is arranged to vote June 12, in Raleigh township, for \$50,000 for school purposes and in the city of Raleigh \$100,000 for street improvements.

The Carolina Yacht club will take the initiative this year in preparing for the usual gay summer season, says the Wilmington Messenger, at Wrightsville. The club this season contemplates making quite a number of improvements at the club building for the comfort and pleasure of its members. The social feature will be up to its usual high standard.

The confederate veterans of North Carolina are getting ready to move on Charleston, where the great reunion of the United Conefederate veterans will take place April 10, 11, 12 and 13. Colonel W. J. Woodward, of Wilmington, chief quartermaster of the North Carollina division, U. V. C., has been sending out circulars to veterans throughout the state.

The Revolution mill, for the manufacture of cotton flannel, writes a Greensboro correspondent, to the Manufacturers' Record, will erect 125 houses to start with to be followed by others. This operation will employ 800 people. The Proximity cotton mills will erect another mill instead of enlarging, as previously stated, which will require a total of 900 employes. Their plans are situated on a beautiful 1,900 acreage, with ample water and railroad facilities half a mile from the city.

There is a deadlock in the printing of the laws enacted by the last general assembly, says the News and Observer, as Edwards & Broughton will not proceed with the work to any extent until the suit brought against them and the joint printing committee is decided in he courts. Some of the more important bills, however, are being published in pamphlet form for distribution. The insanity laws, the revenue act and the Num machinery act will be in the hands of the various county authorities in week's time. For several years some of the mills 10:431 f this section have been shipping goods to China, and the trade with this country has been steadily increasing. A 12:10a shipment of more than ordinary interest, however, was made last week by 3:10: 4:05the Henrietta mills. It consisted of 250 bales of manufactured goods to Aden, Arabia. The shipment was billed at the mills through to that port. The goods were shipped in two through freight 2-250 cars to New York and there transferred A . KP to a vessel for transportation to Aden, 1:15 the ancient fortified port on the other 1:25 side of the globe.-Chart the Observer. 3:52

ation commission bill allowing railroad commissioners at Edenton to discuss the and steamboat companies to issue free advisability of the removal of the fish passes to confederate veterans to attend hatchery. The juniper water at the present location of the hatchery injures the fish, and it is proposed to put

the hatchery on the other side of Albemarle sound on one of the branches of the Chowan river.

Peach and plum trees are in full bloom in the eastern part of the state. It is stated that many of the trees that were thought to have been killed by the cold weather are all right, and that there will be plenty of fruit this year

There is an interesting wrangle over Scotland Neck postmastership. Collin Anthony was appointed his appointment was recalled, and rom Shields was appointed. Major Spier Whitaker spent several days on a vist there last week there is a general rumor that he may be the postmaster for that place. It seems that Tom Shelds' appointment by the president has never been confirmed by the senate, and his commission is now to be recalled and Major Whitaker appointed in his stead. There is still another surmise that perhaps the major will be given Bernard's place as district attorney. Some think that perhaps the authorities at Washington were net pleased with Bernard' failure to make prosecutions at Wilmington over the election troubles, and that he may be displaced by Whitaker.
